Washington, July 25.—Motor trucks and passenger cars for use in the army have been standardized, the war department announced today, and orders have been placed for 75,000 of all types. Four models of trucks, with carrying capacities ranging from one to five tons, have been determined upon as best for army use. Two models are commercial types, but the other two have been developed by army engineers.

ALBERTA FROSTS DID LITTLE HARM

Five Per Cent. Shrinkage is Estimated as Result of Recent Cold Weather.

Edmonton, July 25.—The crop situation in the south country is not as bad as it was feared a fortnight ago, according to Hon. A. J. McLean, minister of public works, who has just returned from a trip thru some of the dry country. Last week's rains, which were fairly general, have greatly improved conditions, and the prospects are now that there will be fair crops in many cases, where it was thought there would be little or nothing.

A five per cent. shrinkage in the grain crop of the Peace River and Grand Prairie country is the estimate of the Dunvegan railway authorities as the result of the recent frosts. Reports from the company's agents in the north indicate that west of Peace River there was practically no damage to the grain. Spirit River wheat was only slightly touched and a portion of the wheat crop at Grande Prairie and Clairmont was affected. Oats and barley all over the north are unharmed.

It is recognized that the exact extent of the damage by frost cannot be known for a week yet, but judging from the present indications the total losses will not be more than five per cent. This is based on an estimate of 4000,000 bushels, which was the expected yield from the north if the frost had kept away.

Southern Hospitality in New Southern Hotel 12

King Albert by destroying three German observation balloons, is told in a cable received here by the Belgian consul. This makes his record eighteen balloons are rail fights. On the same day a Gotha
