REV. DR. RIBOURG AT SAINT ALBAN'S

Society Can Be Saved From Chaos Only by Return to God.

Rev. Dr. Ribourg, preaching Sunday morning at St. Alban's Cathedral on "God's Mindfulness of Man," said, in part:

"The verdict of history is that where there is no vision and no consciousness of God, the people perish. Each great movement along the upward way has been linked to a new consciousness of God. The great worth of all ages have been those who have lived close to God and have incorporated God's thoughts in their lives.

"The result of that consciousness of God is that it develops righteousness in man. The vision shows the way to purity—individual, social and national. Should every man realize this nearness to God, there would be no social problems to solve for the corporate life of the community would be transformed thru transfigured individuals.

"At the time of the French revolution, the dawn of a new world, when in dwellth righteousness, was expected, but the revolution went thru its baptism of blood and ended in despotism. And why? Because the elementary thing which could have operated the change and brought about the golden age had been overlooked, namely, the moral and spiritual rebirth of the individual.

TORONTO I. L. P. WILL CO-OPERATE

While Maintaining Own Identity Will Join With Trades Unions.

Co-operation with the trades union group of the Ontario section of the Canadian Labor party was the feature of work accomplished at Saturday's convention of the Independent Labor party of Toronto, which decided to take part in a joint meeting of the two groups to be held on Saturday next, at 2.30 p.m., for the purpose of organizing a permanent local representation committee. On general matters of policy, the meeting was decidedly harmonious, but extended up to the hour of midnight. James Ballantyne was re-elected president, the not by acclamation, more than eight running for this office. The only acclamation was that of secretary, which was once again awarded to genial John Buckley of Mount Dennis. The office of third vice-president was very closely contested, the poll being taken three times. Walter Brown and Andrew Glenn running each other very close until the third vote, when Andrew Glenn gained the day. Roy Palmer was elected treasurer in place of Roy

Hughes, resigned owing to stress of work in connection with the provincial Independent Labor party. Mrs. W. F. Singer was elected first vice-president, and John Macdonald, second vice-president.

While every endeavor is being made to co-operate with the trades union group of the Ontario section, the convention decided to retain its identity as the Independent Labor party of Toronto, this representing those in the Labor movement who could not belong thru the medium of the trades union group. Membership has been thrown open to all citizens sympathetic to the ideals of the party.

ALLEGED POLICE "BEAT THEM UP"

Investigation Commences Into Alleged Charges of Brutal Treatment.

At the request of President J. Harry Flynn, of the United Veterans' League, the police department is holding an investigation into the injuries suffered by two returned men, Robert W. Hale and Frank Hale, 642 West Richmond street, when they were arrested early Saturday morning on Yonge street. Both men appeared in the police court Saturday morning and were each fined \$10 and costs for disorderly conduct. They bore marks on their faces and heads of blows, which they declare were administered by the policemen who arrested them.

After their release from the police court, the Hale brothers went to Sgt. Flynn of the U.V.L. and told their story, and at Mr. Flynn's suggestion Inspector Bond of No. 2 division was sent to the U.V.L. rooms, No. 1 Alice street, to hear the men's version of the affair.
