TRAIN ROLLS DOWN HILL BUT NO LIVES WERE LOST

Passengers Have Narrow Escape—Only One Received Any Serious Injury.

Pittsburg, Feb. 23.—A statement issued by the Pennsylvania Railroad at 11 o'clock is to the effect that 54 passengers and a train crew of about a dozen persons were injured in the wreck of the Pennsylvania special, the last 18-hour train on the Pennsylvania Railroad between New York and Chicago, which occurred at a sharp curve at Black Diamond, Pa., seven miles east of Johnstown, shortly after midnight.

No one was killed and all the passengers have been accounted for. The engine and combination smoking car remained on the rails, but the three Pullmans plunged over a six-foot embankment into the Conemaugh River.

Fortunately, the cars were not submerged. A scene of wild confusion resulted. All of the passengers were in their berths and were thrown promiscuously into the cars.

All the persons on the train were injured more or less, but with the exception of John F. Kline of Polet, it is said none of the injuries are dangerous.

The train was running 50 minutes late and was trying to make up lost time.

Cause of the Wreck. The wreck was caused by what is believed by railroaders an unpreventable accident. The brake rigging on the first Pullman following the combination coach on the train dropped down for a distance of 300 yards, but the four Pullmans following plowed over the embankment to the river bank, 100 feet below, overturning when they reached the bottom.

The "18-hour train" travels at a high rate of speed coming down the mountain. When the brake rigging fell it either stripped the heads off the bolts holding the rails to the ties or tore up the rails themselves.

A Fine Train. The injured were taken to hospitals at Altoona, Greensburg and this city. The majority of them, however, proceeded west on a special train.

The train was the finest on the Pennsylvania Railroad and many prominent passengers were aboard when the wreck occurred.

Much disorder followed the accident, and the number of foreigners were detected plundering the Pullman cars. One was arrested and the others were held away by a display of firearms. Considerable property, including valuable wearing apparel will be lost at the result, however.

All the passengers were thankful and happy that they had escaped death, and the Rev. Edward Cope of Philadelphia conducted brief services on the train. He said he thanked God for their deliverance.

CAIN THE FIRST ANARCHIST. W. P. Archibald, the Dominion parole officer, gave an instructive address on the life of Cain and the result of his yielding to a wild and disordered passion at College-street Presbyterian Church last night. Mr. Archibald said, in part: "The dignity of human nature is to be found and witnessed even in the life of Cain, the first anarchist, and the whole of human history has ever since been slowly spelling out the full meaning of what has been the outcome to the human family when men have separated themselves from the rest of their fellows and from their Father, God."

Mr. Archibald is in the city on official matters connected with the department of justice, and is quite recovered from his recent accident.
