INSPECTOR AND AIDES

President's Own Investigator Will Straighten Out Tangle at the Falls.

NIAGARA FALLS, N.Y., May 6 .-(Special.)—A thoro investigation of the local bureau of the United States immigration department is now being conducted by James Bronson Reynolds, a special agent of President Roosevelt, who, on a previous occasion, was detailed to come here and ascertain the cause of the friction among the officials at this port.

Reynolds is the man who assisted in the investigation of the Chicago beef packing situation. He is thoro in his work, and it is expected that some heads will drop into the basket after he has made his report to Secretary Strauss of the bureau of commerce and labor.

The investigation is made necessary owing to charges that have been pre-Francis, who is in charge of the port, by Inspector Ernest Stewart and Interpreter Joseph Rothman. These men have, in turn, been charged with dereliction of duty and general inef-

The charges against Francis include smuggling of whiskey from Canada in- Hamilton to the state, the cruel and inconsider-

ment at this port, and to an extent his charges thru a previous investigation have been substantiated, for Inspector Stewart is now under suspension. In

Up-to-Date Street Cars. At an informal meeting of the aldermen this evening, a resolution was passed expressing the opinion that the time had arrived when the city required an up-to-date street car system, involving an expenditure of not less than \$500,000, and, as the company claimed that it was unable to do this without concessions, the whole question of improvements to the street railway and the terms upon which electric pumps could be installed by the company at the Beach pumphouse, and the terms for the balance of the street lightness contract were referred to a lighting contract were referred to a joint committee of the board of works, finance committee, and Ald, Clark, chairman of the fire and water com-

Col. Gibson addressed the meeting He said fault had been found because the company had not stated what it wanted from the city, but the company could not say what it wanted until he aldermen said what they want ed. If they expected a new street car system it would cost the company about \$500,000, and they would expect cor cessions accordingly. He claimed that the city would lose nothing by making concessions. On a vote of 12 to 6 it was decided to appoint the joint committee to see what kind of bargain could be made with the company.
