57TH YEAR. NO. 22759

CANADIANS WILL TAKE PART IN BIG ORANGE PARADE IN BELFAST

20,000 Expected To Participate in Irish Demonstration.

CARSON TO SPEAK

Ulster Leader Will Propose a Resolution to British Government.

Belfast, July 10.—It is announced that delegates from Canada are to take part in the big parade of Orangemen which is to be the feature of the celebration of the anniversary of the Battle of the Boyne on Monday.

Notwithstanding the sensitive condition of public feeling, confidence that order will not be disturbed is expressed by officials here.

Elaborate preparations are being made for the celebration. Demonstrations have been forbidden in the city itself, but arrangements have been made for a great mass meeting at a park four miles distant, to which all processions will lead. It is expected that 20,000 persons will march in the principal parade.

In addition to the Canadian delegates there will be representatives of Orange societies in Australia, New Zealand, South Africa and the United States.

Sir Edward Carson, the Ulsterist leader, will be the chief speaker, and will propose a resolution appealing to the government "to deal resolutely with the cruel and treacherous warfare being carried on in Ireland," and pledging Ulster men to "save their duty as loyal British citizens."

Among the resolutions will be one expressing the determination of Orangemen to defend their civil and religious liberties for which their ancestors fought at the Boyne River.

Several detachments of soldiers in full equipment were detained at suburban stations yesterday and marched into the city. They will be at a meeting yesterday afternoon, the vote being 25 to 23 in favor of the parade.

Monday have been forbidden in Londonderry.

JUDGE WILL BE SENT TO ARCTIC REGIONS TO TRY AN ESKIMO

Prisoner Is Charged With the Murder of Brother Native.

A LONG JOURNEY

Sergt. Douglas To Take Man Back by Water Route.

Ottawa, July 10.—As a stop-over on their long journey back to the land of endless ice and snow, Sergt. Douglas and his prisoner, a young Eskimo, are at the Hotel de Ville in Paris.

The Eskimo is charged with having murdered a brother native, a young man named "Johnny," who was a "foreigner," as the forced journey to Ottawa was the result of his being a British subject.

After his long journey from the northland to Winnipeg, his native garments were in a sad state of disrepair and substitutes had to be obtained. Such clothing as he preferred were not to be had, so that he comes to Ottawa in the ramshackle of a white man.

He is in the neighborhood of 20 to 25 years of age, and has been noticeably falling since he came to Ottawa.

Charged With Murder.

FIRST CLINIC FOR DISTRICT HELD AT LUCAN

Many Minor Operations Performed Under Direction of Provincial Inspector.

CHILDREN EXAMINED

Many Defects and Ailments Helped by Prompt Treatment.

An innovation in this district of interest to every rural citizen in Middlesex County is a clinic held today at Lucan under the direction of Dr. McKenzie Smith, medical inspector of Ontario, for rural school children.

The clinic is being staged in the town hall, which was fitted up as a temporary operating theatre for local specialists to perform minor operations, such as removal of adenoids and tonsils. Such clinics have been directed many times recently by Dr. McKenzie Smith, but this is the first for Western Ontario.

Dr. Smith, in his regular tour of duty visits rural schools and examines the children for physical defects. Those discovered are mainly ear, eye, nose and throat ailments, but also include such things as rickets, scurvy, and other diseases of childhood.

Medical inspection of rural school children has been carried out by Dr. Smith, who is a native of Oxford County, for five years. He has examined 40,000 children.

The idea was originated by the Women's Institutes, which have been working under government control. In addition to diseased tonsils and adenoids, which are the bane of many children, Dr. Smith has found a great deal of defective vision, and consequent need of glasses and defective teeth are the bane of many children.

By medical inspection, followed up by school action, it is expected that defective children from the district will receive the best of care and attention in the hands of specialists in the London and vicinity medical profession.

Government Support.

"What I want," said Dr. Smith, "is the county councils to help us out. Our government has not yet decided how often we should visit a school. We want nurses to follow up our work, with about 180 schools in Middlesex County, and Strathroy school we need four nurses. The educational department will grant annually per school for this work. For three years the women's institute paid every cent of the work, and the operation were performed. We will do it now."

Lucan on July 10, when specialists will be present to operate on children if the people cannot afford it. Charges in Eastern Ontario rural districts, thus co-operating with us in a physical footing with those of the city."

DOCTOR SLICES HIS OWN FLESH, CALMLY GRAFTS IT ON WIFE

Chicago Surgeon Performed Unusual Operation Without Anaesthetic.

CHICAGO, July 9.—With a hand as steady as though he were performing the simplest of operations, Dr. Orlando Scott, a well-known surgeon of Chicago, today calmly rested on a portable table at his wife's bedside and sliced a strip of flesh from his own thigh and grafted it on his wife's foot and ankle.

The entire operation was performed without the single administration of an anaesthetic. Not once did Dr. Scott wince in pain as he drew a surgical knife into his flesh. As speedily as he sliced a strip of flesh from his body, he coolly transferred it to the foot of his wife, who lay beside him, while a fellow physician stood by him as an assistant.

Dr. Scott's act was performed to save his wife from disfigurement and the possibility of losing her right leg. Mrs. Scott had been injured in an automobile accident six weeks ago when accompanying her husband on an emergency call. The Scott machine crashed into another automobile. Her right leg was crushed and the flesh was stripped from it in long gashes. Later surgery set in, and it was deemed that a skin graft was necessary to avoid amputation.

A number of physicians and nurses gathered in the hospital room, where the operation was performed. During the proceedings Dr. Scott lay in such a position that his wife could not see him cut the flesh from his body. Several times as he drove the knife into his thigh, Dr. Scott turned to the witnesses of the operation, many of whom were weeping, and explained technical points of the operation.

OTTAWA ENGINEER IS REQUESTED TO SERVE ON HYDRO COMMISSION

Ottawa, July 10.—It is understood that Mr. J. H. McMillan, chief of the city engineering department, has been requested by the Provincial Government to serve on the Ontario Hydro-Electric Commission.

ECHO OF WALKOUT HEARD AT PETERBORO

Peterboro, July 9.—An echo of the strike trouble here last Saturday was heard in the police court this afternoon. Frank Weeks was committed for trial on a charge of having assaulted an employee of the Canadian General Electric Company. It was alleged that while strikebreakers were being conveyed in taxicabs to work, striking machinists pelted them with stones and rotten eggs.

GREEKS TAKE BRUSSA.

Athens, Greece, July 9.—Brussa, an important Asia Minor city, 57 miles southeast of Constantinople, has been occupied by Greek forces, according to reports reaching this city.

LORD FISHER, FORMER HEAD OF ADMIRALTY, DIES THIS MORNING

Noted Naval Authority Entered Service When 13 Years Old.

BOTTLED UP GERMAN

Vigorous Policy Earned For Him Title of "Kitchen of Navy."

London, July 10.—Admiral John Arbuthnot Fisher, first baron of fish, stone and former first lord of the admiralty, died this morning.

Lord Fisher began his naval career in 1854, and while on active service took part in the Crimean, Chinese and Egyptian wars. He became first lord of the admiralty in 1892, and first sea lord of the admiralty in 1904, which post he held for six years.

Lord Fisher emerged from retirement in October, 1914, to resume his post of first sea lord of the admiralty and direct the navy's efforts against Germany. His vigorous policy caused him to be termed "The Kitchen of the Navy." His cabinet disputes led to his resignation in May 1915, but he continued to serve the British Government in various capacities throughout the war, and was a prominent naval critic.

Lord Fisher was born on the island of Ceylon, January 22, 1841, and was the son of Capt. William Fisher, of a Highland regiment stationed in the east at that time. He entered the navy when 13 years of age, and was commissioned as a lieutenant in 1860. From this on his rise in the service was continuous. He was married in 1866 to Miss Frances Broughton, who died in 1918. He is survived by one son and three daughters.

Being a reformer by nature, Lord Fisher's attack on the navy administration in September, 1915, in which he denounced the expenditures being made as "ruinous" might have been expected, but it caused a great sensation throughout the country. Lord Fisher declared that he saw the future sea fighter, and that the navy's expenditure was "ruinous" might have been expected, but it caused a great sensation throughout the country. Lord Fisher declared that he saw the future sea fighter, and that the navy's expenditure was "ruinous" might have been expected, but it caused a great sensation throughout the country.

Lord Fisher had been seriously ill since early in May when he underwent an operation.

CRUELTY CHARGE MAY BE LAD

Humane Society Inspector Investigates Case At Springbank Reservoir.

Following investigations conducted at the Springbank reservoir by George Tustin, inspector for the Humane Society, and Dr. William McDonald, a local veterinarian surgeon, charges of cruelty to horses on a wholesale scale may be laid against M. L. McLean, a foreman in the employ of D. O. Johnson, the contractor for the excavation work in connection with the Springbank reservoir.

Mr. Tustin, who is a member of the humane society, and Dr. McDonald, who is a member of the humane society, have been investigating the case. They have found that the horses were being treated in a most cruel manner, and that the foreman was responsible for the cruelty.

According to Mr. Tustin about 23 horses were being used in connection with the work, and eleven of these have sores on their bodies. Nine of them are in a condition to warrant action, he claims.

Acting on the charges laid by Mr. Tustin, Judge W. H. Chalmers today issued a summons warning McLean, the foreman, to appear before him on Tuesday afternoon. The summons was served this morning.

FOUR APPLICANTS FOR POLICE CHIEF

No Outsiders Yet in Running, Says Inspector Birrell.

Detectives Robert Egelton and Harry Down of the local police force, admitted today that the competition for the "double shuffle" over which they had submitted applications for the position of chief of police here is correct.

"I am in the running," said Detective Egelton, "and it is up to the police commission to decide the matter."

Inspector Robert Birrell also stated that he had submitted an application for the vacancy on Friday. Detective Sergeant Thomas Nickle, regarded as Inspector Birrell's chief contender for the post, stated today that he has not yet submitted an application, nor would he say when he will do so.

"I do not think it is necessary," he said.

The police commissioners will not meet until next week at least, when a successor to Chief of Police W. T. Williams will be selected. Detective Egelton is senior to all of the applicants, having joined the force in December, 1887.

Detective Nickle is next in seniority, having joined in 1885, while Inspector Birrell was recruited in 1890. Detective Down was recruited in 1897. No applications have been received from outsiders before the position of chief of police here is correct.

DRURY TO SPEAK ON RADIALS AT MARKHAM

Toronto, July 9.—Premier E. C. Drury will deal with the hydro-radial question in an address at a U. F. O. picnic at Markham next Wednesday. The premier has been invited to speak at the picnic, which is being held at the Markham Hotel. The picnic is being held at the Markham Hotel, and the premier is expected to speak at the picnic.

An interesting photograph of Premier Lloyd George walking with his daughter-in-law, Mrs. Richard Lloyd George, in Knott Park, near London.

RAILWAYS WILL ASK GOVT. TO AUTHORIZE 30 PER CENT INCREASE IN FREIGHT RATES

Montreal, July 10.—The Canadian Railway Association, representing all the lines in the Dominion, announced this morning that an application will be made to the railway commission at Ottawa for a 30 per cent increase in freight rates.

The application for the increase was made to the railway commission at Ottawa. The railway association, in the course of its announcement, states that the application is based entirely upon the present costs of railway operation, including cost of labor and costs of material. The increases in these costs, according to the application, have been substantial since the railway was established in 1887. The railway association states that the increase in freight rates is necessary to enable the railways to meet their operating expenses.

Another official pointed out that while gross railway earnings have been rising much more rapidly, and "net revenue," of which taxes, fixed charges and profits, if any, are paid, have been sinking rapidly out of sight.

BOLSHEVSKI FORCE RETREAT OF POLES FROM STRONG POSITIONS

Brest Litovsk, Vilna and Pinsk Are Being Evacuated As a Result of Great Offensive Launched by Russian Reds—Defeated Army Retiring To New Lines.

Paris, July 10.—Polish forces are withdrawing from Brest Litovsk, Vilna and Pinsk, as a result of great Russian Bolshevik offensive, according to a dispatch from Warsaw. The Russian Reds have launched a great offensive against the Polish forces, and have defeated them in several battles. The Polish forces are being evacuated from their strong positions, and are retreating to new lines.

Evacuation of Brest Litovsk, Vilna and Pinsk would indicate a general withdrawal of the Polish line to the frontiers of that new republic. Latest dispatches from Warsaw have shown the Poles to be struggling against the Russian soviet armies.

CANADA'S NEWEST AND YOUNGEST PREMIER WHO WAS SWORN INTO OFFICE AT 10 O'CLOCK THIS MORNING

Ottawa, July 10.—Hon. Arthur Meighen was sworn in as prime minister at 10 o'clock this morning. Hon. C. C. Ballantyne was sworn in as minister of marine and fisheries and minister of naval services.

Mr. Meighen took the office of prime minister. Mr. Ballantyne resumed his portfolio of marine and fisheries and naval services. Mr. Meighen is the first to be sworn in as prime minister since the death of Sir Robert Borden.

COX IS IN FAVOR OF RATIFICATION OF PEACE PACT

Democratic Nominee Calls For But Two Reservations.

FIGHT FOR LEAGUE

Ohio Governor's Views On The Vital Issue Remain Unchanged.

Dayton, Ohio, July 10.—Governor James M. Cox, Democratic presidential nominee, is in favor of ratification of the treaty of Versailles and the league of nations, with two reservations, according to his campaign managers, and they will form the keynote appeal to the people of the United States in his forthcoming campaign. These proposed reservations of the league would provide as follows:

1. That the United States signs with the agreement and understanding that all the signatories are bound together for only one reason—to keep the peace of the world.

2. That without any suggestion that the United States ought to shirk its obligations the league participants should clearly understand that the war-making power is vested in Congress, and that the United States could not act except in harmony with the constitution in complying with any league decision.

In speaking of the league issue his campaign managers pointed out that in a recent speech Governor Cox declared that the league was imperative, and that it was his intention to fight for it "to keep faith with the boys who went overseas."

His advisers say there has been no change in his views.

Their interpretation of the governor's position was that he would stand on his campaign on such a ratification of the treaty and league as would not endanger the principle of self-determination and would not weaken the document and would not weaken the league.

SUBWAY PLANS HAVE ARRIVED

Will Be Considered by No. 1 Committee At Next Meeting.

City Clerk Baker today received from the Grand Trunk Railway plans and specifications for subway at Rectory and Waterloo streets. The plans were brought before No. 1 committee at its next regular meeting. Similar plans are being prepared by the city engineer, and may be available also by that date.

Comparison of the two sets of specifications may lead to definite action to improve level-crossing conditions.

Rectory and Waterloo streets are regarded as the two main thoroughfares as they are both paved streets. The Waterloo crossing is regarded as particularly important, as it connects St. Joseph's and Victoria hospitals, and is extensively used on that account. Proposed subway at Rectory and Waterloo is a difficult problem for the engineers. In addition to several Grand Trunk lines, the London and Port Huron, and the Detroit and Windsor lines, there is a crossing a short distance south of the G. T. R. A very lengthy subway will be built if it is a pass under all the tracks or else the shorter subway will open directly on the L. and P. tracks.

REAL ESTATE BOOM AT STONEY POINT

The Detroit Millionaires Are Locating Many Summer Homes There.

[By Staff Reporter.]

Stoney Point, July 10.—Stoney Point, once a thriving town, with grist and lumber mills and important manufacturing plants, is now a summer colony in commercial prominence. If not to the busy market of industry and commerce, at least to claim a big slice of the tourist trade as a Mecca for summer resorters, Stoney Point is now offering as high as \$25 and \$40 a foot for choice building lots for country residences. One of the best lots has purchased 26 acres of land near where the old station formerly stood. The lot is situated on a beautiful peninsula, a few hundred feet of marsh land fronting on the lake recently sold for \$10,000. Already there is a large summer colony established, all available cottages being moved from Comber and other towns nearby, and removal for lake-side tenants and owners. A number of families unable to obtain cottages are living in tents.

Forests Cut Down.

Stoney Point, as a station on the Grand Trunk Railway, is a compromise between two rival towns, the Stoney Point of the old days, and Chevalier, a mile away. In time the forests were cut down, the sawmill closed up, and the station was moved down to the old site of Chevalier. Now there are a half-dozen stores of one kind and another, a bank, a church, a mile of cement sidewalk on one side of the street, straggling into altogether, with quite a number of little homes straggling along the way.

Real Estate Boom.

Immediately south of Lake St. Clair, with one of the finest and safest bathing beaches in Eastern Canada, and one of the main highways between Chevalier and Windsor, Stoney Point is now a summer colony in commercial prominence. If not to the busy market of industry and commerce, at least to claim a big slice of the tourist trade as a Mecca for summer resorters, Stoney Point is now offering as high as \$25 and \$40 a foot for choice building lots for country residences.

KILLED IN ACTION.

Ottawa, July 10.—The following casualty list was issued today:

Previously reported missing, now killed in action: Lieut. H. W. Cockshutt, next of kin, Mrs. James Cockshutt, Brantford.

30 MOTOR CARS BURNED.

Vancouver, B. C., July 10.—Thirty automobiles were destroyed and property damaged by a fire which occurred here last evening at a Granville street garage, the loss being estimated at \$75,000.

GERMANY TRYING TO GET CRIMINAL LIST REDUCED BY ALLIES

Teuton Officials Claim It Is Only Way To Sustain Government.

QUESTION DISCUSSED

Baron Birkenhead Favours Giving Germans Desired Information.

Spa, Belgium, July 10.—German contention that the Allies were accused of violations of the laws of war must be reduced if the collapse of the Berlin Government was to be avoided, were discussed by a commission which met here yesterday afternoon, according to a statement by Gustave Brierly, Cambon of France, was chairman of the commission, the members of which included representatives of Great Britain, Belgium, France, Italy and Germany.

One of the German delegates was Dr. Carl Heinrich, minister of justice. Baron Birkenhead, lord chancellor of Great Britain, opened the discussion, referring to a statement by German delegates relative to the difficulties encountered by the German supreme court at Leipzig because of a lack of detail in the charges made against accused Germans by the Allies. He suggested this evidence should be accepted according to the rules of procedure practiced in the countries from which it came, admitting that the German attorney-general and court had been given a very difficult task, assuming that a bona fide effort would be made to arrive at the truth.

Give Germans Information.

For this reason, Baron Birkenhead asserted German authorities should be entrusted with the information regarding charges made against the Germans. He suggested that the Allies should be given the evidence to be added, although he thought responsibility must rest with the Allies. He suggested that the Allies should be given the evidence to be added, although he thought responsibility must rest with the Allies.

Sir Gordon Hart, British delegate, asserted that the Allies should be given the evidence to be added, although he thought responsibility must rest with the Allies. He suggested that the Allies should be given the evidence to be added, although he thought responsibility must rest with the Allies.

Dr. Heinze, speaking in the name of the German Government, expressed the opinion that all communications should be between the law officers of the different countries, and the names of whom were given him.

BERLIN RECEIVES NEWS OF SIGNING IN QUIET MANNER

Germans Had Impression No Use To Trifle Longer.

London, July 10.—News that the German delegation at Spa had signed the agreement to accept the allied demands relative to disarmament was received quietly in Berlin yesterday afternoon, says a dispatch to the Times.

The dispatch, which the message says, states that the German delegation at Spa had signed the agreement to accept the allied demands relative to disarmament was received quietly in Berlin yesterday afternoon, says a dispatch to the Times.
