Jury's Verdict.

After being out twenty minutes a coroner's jury to-night brought in a verdict that William E. Annis, who was killed last Saturday, came to his death as the result of pistol shot wounds inflicted by Capt. Peter C. Hains, Jr., U. S. A., aided and abetted by Thornton Jenkins Hains. There was a greater crowd than the little courtroom in the town hall at Flushing, L. L. could hold when the inquest began and hundreds of men and women awaited the verdict.

It was believed that the jury would render its verdict without leaving the room, and when the jurors went out and remained out for more than 25 minutes, the spectators, many of whom were members of the Bayside (L. I.) Yaoht Club, where the shooting took place, became restless and there were audible demands that a verdict be instantly rendered.

When a verdict was announced, Coroner Ambler had to rap with his gavet and court officers had to caution the spectators, as an attempt was made to applaud.

Mr. McIntyre asked him if he had noted the expression in Thornton Hains' eyes at the moment, but before the question could be answered, the district attorney objected, and was sustained.
