SUCCESS IN RAIDS REPORTED BY BERLIN

Only Minor Activities on Russian, Rumanian and Macedonian Fronts.

Berlin, March 25.—(Via Sayville).—On the Russian, Rumanian and Macedonian fronts only artillery and raiding activities were in evidence yesterday, according to today's army headquarters report on operations in these war areas. The statement reads: "Eastern front, front of Prince Leopold: A surprise attack near Saman, which resulted in 21 Russian soldiers remaining in our hands. In several sectors, notably near Smorgon, west of Lutsk and near Brody and Brzezany, the artillery activity temporarily increased.

"Front of Archduke Joseph and army group of Field Marshal Von Mackensen: The situation during the day is unchanged.

"Macedonian front: North of Monastir our raiding detachments cleared out a nest of French riflemen which had remained before our position.

"Western front: During the bright weather there was lively artillery activity on the Flanders and Artois fronts.

"Southeast of Ypres our mine throwers carried out efficient slogging. Reconnoitering troops advancing after this found the trenches completely destroyed, and evacuated by the enemy.

"Near Beaumont and Rosel and east of the Crozat Canal hostile advances encountered our protecting troops, which after inflicting damage on the enemy, gave way, following their orders. In an engagement near Vregy, northeast of Soissons, French battalions were repulsed with heavy losses. Some damage was done to the enemy.

"Near Soupir and near Gertny, on the north bank of the Aisne, our raiding detachments in a powerful charge after efficient artillery preparation, entered the French lines and returned with 60 prisoners.

"Between the sea and the Moselle there were numerous attacks by our airmen against hostile aeroplanes and targets on the ground. In aerial engagements the British and French lost 17 aeroplanes. First Lieut. Baron von Richthofen brought down his thirtieth and Lieut. Voss his sixteenth and seventeenth adversaries."

BAD WEATHER HAMPER ITALIAN ARTILLERISTS

Austrians Fire Few More Rounds at Gorizia—Surprise Fails.

Rome, March 25, via London.—"On the Trentino front bad weather has interfered with artillery activities," says tonight's war office statement. "On the slopes of Monte Sief we repulsed a strong party. At the head of the Vidensia valley, under cover of a thick mist, the enemy attempted a surprise attack, but was immediately driven down."

"On the Julian front there was again considerable artillery activity. A few more rounds were fired on Gorizia. Some damage was done, but there were no casualties.

"On the Carso, after heavy artillery fire, enemy detachments attempted at night a raid in the Lincati sector, but were driven back with severe loss."
