A Spouse for the Hippopotamus.—We understand it is a cabinet secret, that the Pasha has ordered a freeh party of hunting soldiers to proceed up the river, as far as the white Nile, to search for another young hippopotamus, a female! We may, there fore, look forward to the unrivailed fame of possessing a royal pair, "sure such a pair" as were never yet seen in any collection of natural history to say nothing of the chance of a progeny. These are national questions,—why should they be cabinet secrets?—Dickens's Household Words.

worth trying:

Mix three pints of Indian meal in a quart of sour milk; add three eggs, a tea-spoonful salaratus, and pour in pans half an inch deep, and bake quick. This is a sufficient breakfast for half a dozen.

Here is one for family bread:

Balarine, Llamas, Alpacas, Lustree, Coburgs, a Charles, one pint of laid, one pint of yeast, and a tea tupful of salt, mixed with meal enough to make a batter. Let it rise, and then put in pans to bake.

THE GREAT PAIN KILLER.

NO Medicine has been discovered that is so happily adapted to use internally as drops to be taken and yet perform such wonders when applied externally as a wash, or bath, by friction.

A York Shithlife [12 cents] is all you have to do is to try it; and as that sum can be no object to the proprietor, it is hoped that such a price can be no obstacle to any family, and will never prevent its trial.

OINTMENT. EXTRAORDINARY CURES BY

Holloway's Ointment. URE OF A DESPERATE CASE OF ERYSIPELAS

CURE OF A DESPERATE CASE OF ENTSIPELAS.

Copy of a Letter from Mr. Joseph Gildon, Jun., a Farmer, East Kent, near Spitsby, Lincolnshire, 8th April, 1846.

TO PROFESSOR HOLLOWAY.

Sin,—I have the gratification to announce to you a most wonderful cure wrought upon myself, by the use of your Ointment and Pills. I had a severe attack of Erysipelas in my right foot, which extended along my ancle, and was attended with swelling and inflammation to an alarming degree, insomuch that I was unable to move without the use of crutches. I consulted a very eminent Physician, besides other Medical men, but to no purpose. At last I tried your Ointment and Pills, when, strange to say, in less than two weeks the swelling and inflammation subsided to such a degree that I was enabled to pursue my daily avocation, to the utter surprise and amazement of those who were acquainted with my case, seeing that I was cured so quickly. I and my family are well known here, as my father holds his farm under the Rev. J. Spence, Rector of our Parish.
