

longed illness of some of our kind workers ; nevertheless, we have not been entirely cast down, feeling sure that God was able and willing to provide for the requirements of his own work.

We are especially anxious that this work should be recognized as the Lord's Hospital, and we earnestly desire that all who look upon it as one of the agencies by which the Lord would comfort and heal many little sufferers, who cannot plead for themselves, will speak of it among their christian friends, and give it a place in their prayers. It is particularly requested that ministers would make its existence and principles known, that children may come, as does the support we have received, from all parts of the Dominion.
