ADVENTURES OF THE TWINS

By Olive Roberts Barton

THE TEAPOT-HANDLE PARROT.

He was sitting there thinking this way. One of the oddest people in Doofunny Land was the green felt parrot—most green, but also yellow, blue and red.

POSSE FIND NO TRACE OF MISSING SHERIFF—
AFTER HOURS OF SEARCHING THEY GIVE UP THE TRAIL
AND GO RABBIT HUNTING OVER IN HANK HIBBARD'S
WOODS ALONG ROCK CREEK

Land looks so fat and healthy. Here comes the stocking cat now looking like a pillow.

Nancy and Nick came along, too, just then and met the stocking cat right under the limb where the teapot parrot sat.

"Mew! Mew!" cried the cat, sitting down and wrapping his braided tail around him. "I have such a pain I can't move."

"That's too bad, Thomas," said Nick sympathetically. "What's wrong? Eaten too many tin-mice?"

"No, that's the funny part of it!" mewed Thomas. "I haven't had a thing to eat. I've had this pain off and on ever since the day I was made. The girl who made me took an old stocking and cut off the top half. She sewed the top across and tied the corners for my ears, then she stuffed me with cotton and sewed me across underneath. Then she took a needle and yarn-thread and made my face and whiskers; feet, and my tail."

"But no sooner had she finished than I felt this sharp pain inside."

"Let me look at you," said Nancy, and picking the cat up she felt him all over. Suddenly her fingers touched something. "Ouch!" she cried. "Why, you have a great long needle in you. Here it is! No wonder you've had a pain."

"Oh, thank you," exclaimed the cat.

I feel a million times better. What a relief!

No sooner had he gone than the parrot called down cautiously: "Wait a minute, will you? Is that true, what the cat said? Is that the way they stuff people with cotton?"

"Yes," answered Nancy. "Why?"

"You've got a needle. Could you get some cotton and stuff me? You see I'm only half a parrot!"

After that the parrot flew every where and became very friendly.

"That was all talk!" said the Doofunnies. "The parrot is a really fine bird. What made us think there was anything wrong with him?"

You Should Be the Same

A LARGE number of women's ailments are not surgical ones. Serious displacements or radical changes have not yet taken place.

A tiny part in a fine clock may become loose and cause the clock to gain or lose. If not attended to in time, the part may fall from its place and cause serious trouble. So it is with women's ailments, they start from simple causes; but if allowed to continue, produce serious conditions.

When the warning symptoms are first noted, take Lydia E. Pinkham's Vegetable Compound to relieve the present troublesome ailment, and to prevent the development of serious trouble.

River Desert, Quebec—"I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it too as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby and I think it is your medicine that helped me in this way."—Mrs. L. V. Budas, River Desert, Quebec.

Woodbridge, Ontario—"I took Lydia E. Pinkham's Vegetable Compound for female troubles. I would have headaches, backaches, pains between my shoulders and under my shoulder-blades and bad feelings in the lower parts on each side, in the groin. I was sometimes unable to do my work and felt very badly. My mother-in-law told me about the Vegetable Compound and I got some right away. It has done me more good than any other medicine I ever took. You are quite welcome to use this letter as a testimonial if you think it will help some poor sufferer."—Mrs. EUGEN SIMMONS, Woodbridge, Ontario.

BRIDGE CASE COST IS \$8,000 TO \$10,000

A single shipment of Chinese eggs recently received in the United States was estimated to be worth \$5,000,000.

Fredericton, April 10.—In reply to an inquiry by C. D. Richards, M. L. A., in the House tonight in committee of supply, Premier Vellot said the cost thus far in connection with the litigation over the C. P. R. bridge at St. John had been between \$5,000 and \$10,000. A delegation would be heard tomorrow and the Government would then consider whether to appeal to the Privy Council.

Hon. Dr. Roberts said he believed the Government would be wise to appeal and have the question of New Brunswick jurisdiction over the St. John River settled for all time. He said the introduction of hydro and industrial development might greatly increase river traffic.

J. Flewelling, M. L. A., said the time to protect was before the bridge was built.

Hon. C. W. Robinson pointed out that he, as acting Premier, had warned the Canadian Pacific before the bridge was built that the province reserved all rights in the matter.

The item of \$1,000 on this account then passed. It was pointed out that the appeal to the Privy Council, if decided on, would not add greatly to the cost already incurred in the effort to determine the status of the province in this matter.

**You Can Eat
Anything You Like
And Not Have
HEARTBURN**

In all cases of heartburn there is a gnawing and burning pain in the stomach attended by a disturbed appetite, as when too much food is taken into the stomach it is liable to ferment and become extremely sour, vomiting occurs, and what is thrown up is generally sour and bitter. When you are in this condition you will find that Milburn's Laxa-Liver Pills will give you relief right away.

Mr. Joseph H. MacDonald, Christmas Island, N. S., writes: "Two years ago I suffered all the time from heartburn. I took one vial of Milburn's Laxa-Liver Pills and have never been troubled since."

It is very nice to be able to eat anything you like and not have heartburn any more.

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**You'll Get Rid of
Blackheads Sure**

There is one simple, safe, and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this, get two ounces of peroxide powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dirt and dust and secretions that form in the pores of the skin. The peroxide powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.
