A MAGNIFICENT GIFT:-Messre. A nav. & Son of Montreal, have prethe trustees of the Presbyterian Church here with a beautiful stained rings window for their new Church. This ow, which has lately been put in the ship and reflects credit upon the donors tiful appearance as well as the tangible evidence of their generosity. such magnificient gifts made by this as well as the excellent quality of their goods. Their travelling agent, Mr. C.IC. Watt so well and favorably known here, is also deserving of credit. We understand this gift was made largely through dation.—Campbellton Pio

DRATH OF MR. THOMAS H. MCMILLAN -The news that Mr. Thomas H. McMillan, had died at Colorado Springs, last Friday evening, was heard with regret by a large circle of friends and acquaintances both in St. John and on the North Shore. Mr. McMillan went to the Colorado Springs in the fall of 1888, heing then in ill health. For some months he improved steadily and hopes last spring he had a relapse, from which be never rallied, but continued sinking until Friday. His brother. Mr. J. Fred Mr. McMillan was the oldest son of the

They have quite recently completed the job of hauling up out of the water four tugs which are now all blocked up ready for repairs. The appliances for hauling vessels out of the water are the most complete and convenient in the Province, say to accept complete and convenient in the Province, policies and at the machine shop. The steam tag "Victor," owned by Mr. Geo. K. McLeoo, of St. Jehn, is having a surface.

John Gallant, The steam power from boiler and engine being now applied sets the walking beam going with an upward and downward motion, lifts and the a general repair, such as new furnaces, new turning the cable round from right to new tube sheets and new tubes in her left for five or six turns, then reversing Saturday evening. A graceful pyramid, by Mr. H. A. Muirhead is to be fitted

teason's work.

They are also building a set of comof the English style. The boiler is to be of steel and is to carry 125 lbs. working pressure. They are also building a nown all over the country.

The oil fields of North America.

Ms. Epiros:-In my letter of last week, I treated of surface indications and the nature of the oil-bearing rock as found in the different strata so far own below the surface. In this article I have undertaken a much more diffiof the most reasonable theories in re-

There has been a prevailing opinion among many in the past that petroleum was connected with the coal-fields of the Continent and that the former was but a distillate of the latter. The prevalence of that idea among people where no coal was found, has I think deterred them from making attempts to find it; but now, as knowledge on the subject has increased and the fact that both oil and gas have been discovered where there is little or no coal, it has led to the attempt to find oil which is being crowned with success in what was formerly considered the most unlikely

Now, as to the origin of this great

Surveyors of the route of the proposed extension of the Temiscouata railway, from Riviere du Loup to Monoton are power. THE RIGHT KIND OF TALK. In his address at the opening of a new school in Boston the other day. Mayor Hart gave utterance to the following sentiments: "I trust that the school will graduate good citizens only. They are good citizens who do their whole duty in public as well as in private affairs. Therefore I enjoin its masters that this school shall never be without a copy of the American Constitution, the constitution of the Commonwealth, and the city charter. Choose your dictionaries and your atlas as you please; but teach your boys and girls loyalty to Boston, to Massachusetts, to the United States. Teach them that neglect of private duty is a wrong which will be punished, and that neglect of public duty is a far The Pall Mall Gazette gives a startling greater wrong for which the whole community must suffer, and that we belong to a great city and a very great country." A similar spirit should be nculcated into the minds of the rising generation in Canada, which has as bright a future ahead of it as our big

neighbor across the line. A STAMP LUNATIC. A rather singular form of lunacy is disclosed in the following despatch:-MONTREAL, Dec. 9.—The City Clerk received a letter from she Under-Secretary of State, enclosing a collection of stamps of the United States, Cuba, Newfoundland, Canada, Brazil, China and in fact, stamps representing nearly three months' imprisonment. It is fit forwarded by S. Bewford Gibson, of
