LIBERALS CONFIDENT IN SASKATCHEWAN ELECTION

Contest Has Been One of Personalities and Cowardly Attacks Upon the Characters of the Speakers—Heavy Libel Suit.

REGINA, Aug. 14.—One of the most acrimonious and keenly contested election campaigns in the history of Canada concludes tonight and tomorrow the fate of the Scott government will be settled by the electors. The fight has been a bitter one, and to a disappointed party it appears that if it had been prolonged, according to the wishes of the opposition, nearly all the leaders and active supporters on both sides would have either been in jail or defendant in actions for damages. J. G. McDonald, the Conservative organizer, was arrested last night on information sworn out by Premier Scott, charging him with defamatory libel and the premier has also entered action against the editor of the Moosejaw News for \$10,000 damages for libel. The premier himself is the defendant in an action entered by Laird, the Conservative candidate in Regina. The campaign has been one of personalities and ferocious attacks upon the characters of the men engaged. The eve of the election, however, finds the Liberals extremely confident of success and the decisive defeat of the Conservatives masquerading as provincial fighters, is assured.

DOZEN MEN INJURED IN SERIOUS ROW

Stationary Engineers Have Trouble in Their Meeting Rooms in Chicago.

CHICAGO, Aug. 14.—In the presence of Matthew Comerford, of Minneapolis, General President of the Stationary Engineers' Union, a dozen men were hurt two of them severely, at a meeting of the union here last night. A doorman attempted to bolt the meeting because three of their members had been expelled and had started a square organization of engineers. Emil Massow, who led the bolters, struck Michael Walsh, sergeant of arms, over the head with a chair for closing the door at the order of the President. Walsh turned on Massow, cutting a deep gash over Massow's nose. Then the fight became general. Charles Straff, another of the bolters, sent in a riot call for the police. When the latter appeared no one seemed to wish to recede charges with the wagon left without any passengers. President Comerford tried to get order but no attention was paid to him.

FROST DOES MUCH DAMAGE TO THE WESTERN CROPS

WINNIPEG, Aug. 14.—Heavy frost is reported from many points in the middle west last night, and much damage to wheat and potato crops is feared. Central Saskatchewan was suffered the most severely, but the frost came down in some places as far as Northwestern Manitoba, and in some points along the border.

PRETTY WEDDING AT SACKVILLE LAST NIGHT

SACKVILLE, Aug. 14.—In the Methodist church here last night the marriage, took place of Miss Josephine Crane, to George B. Wry, both of Sackville. The ceremony, which was witnessed by a large number, was performed by Rev. J. L. Dawson. The bride was attended by Miss Nellie Copp, Sackville, while Edward J. Wry, brother of the groom, acted as groomsmen. The church was beautifully decorated for the occasion while wedding music was rendered by the choir with Miss Lillian Sprague as organist. After the coronation the bride and groom left for a trip to points on the St. John river. While away they will visit Fredericton where the groom will attend the convention of Royal Templars of Temperance, of which body he is Grand Secretary.

The president made an address in which he called the work of the congress a scientific triumph of the republics of the American continent.

AMHERST, Aug. 14.—Further particulars in reference to the death of Fred Layton, at Vernon yesterday goes to prove that the cause was murder. It seems that Fred Layton was engaged in an irrigation ditch by government permit and was crossing the property of a foreigner. After warning Layton he instantly drew his gun, deliberately shooting him to death. Those who know Mr. Layton will readily recognize the fact that he was not one to unjustly provoke the wrath of another, and that the fact of his work being under government permission fully warranted him so that the act of his opponent can only be viewed as that of deliberate murder.

Joshua N. and Mrs. Barnes, Jacksonville, it being the fiftieth anniversary of their marriage, and the fiftieth year of Mr. Barnes' ministry. The ceremony which made Joshua N. Barnes and Charlotte Matilda Sprague husband and wife, was performed at St. John on Aug. 13, 1858, by the Rev. Dr. George A. Hartley.

SAID TO WANT BOBBY KERR

Boss Sullivan Believed to be After the Champion.

Toronto Also Has Covetous Eyes for the Runner Who May Get Government Job.

HAMILTON, Aug. 14.—There is a rumor in athletic circles that "Boss" Sullivan, of the American Athletic Union, is after Bobby Kerr—not after him in the way he got after Longboat, however. He is anxious to get him as a member of the American organization, and it is known that Sullivan is a very determined man and generally gets what he is after. When asked if Sullivan had made any overtures to him, Mr. Kerr did not deny nor confirm the rumor. He said Sullivan showed a very friendly spirit toward him in London. Some of the older heads fear that Sullivan will bring influence to bear on the heads of the International Harvester Co. to have Kerr transferred from the Hamilton office to the headquarters in Chicago, so he could run in International meets in the colors of the American Union. Falling in this, it is thought Sullivan may try to get Kerr taken into one of the U. S. Colleges, which has been done many times.

BERNIE, B. C., Aug. 14.—The insurance losses through the fire figure up to between \$2,000,000 and \$2,500,000. The number of houses destroyed was nearly 800, valued at \$1,200,000. In addition there was the value of the timber. THE DEAD OF WINTER

BERNIE, Aug. 10.—A careful analysis of the situation with regard to relief in Fernie shows that there continues urgent need for further financial assistance from outside. The money which has been so generously contributed has been used to relieve the pressing necessities of the moment, but the future gives cause for deep concern. In three months winter will be here, and by that time it will be necessary to have homes of some kind for the whole population. More than 90 per cent of the population here lost everything they had in the recent conflagration, and while many of these will have insurance to enable them to rebuild, there are over 4,000 miners, in addition to mill hands and other members of the working population, who will have absolutely no means of support. It is estimated that there will be nearly 10,000 people in the city to make new homes. They must be assisted to buy clothing, bedding, kitchen utensils, and what is more important, to build a shack or kitchen in which to live during the winter. Tents and even outdoor spaces, may answer for the summer months, but when the wet and cold winter comes they must have roofs over their heads. There will be widespread suffering, especially among the women and children, if measures are not promptly taken to house them.

He was about fifty years of age, had a divorced wife in Eastport, two children in Calais and one in Fredericton, N. B. His remains will be sent to Eastport, his former home, this evening.
