Edison Phonograph

The Edison Phonograph is not only the greatest musician of all the ages, it is all the great musicians of the present day—playing all of the greatest music ever written.

You select your program to suit your audience when you own an Edison Phonograph. The songs you love best, sung by the singers who sing them best—your kind of music, rendered as only the Edison can render it—as true to life as the original.

The Edison tone is pure, smooth, subdued and true, because of the rounded, button-shaped sapphire reproducing-point, which gives exactly the right

volume of sound for the home. And the sapphire point is permanent—lasts forever. No changing needles, no scratching or wearing of records.

And the long-playing Amberol Records render every composition completely. No cutting out of important parts. No hurrying. And besides all this, the Edison Phonograph is the instrument on which you can make and reproduce your own records in your own home.

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amberol Records. Get complete catalogues from your dealer or from us.

NEW MARITIME HORSES IN THE CHARMED CIRCLE

List of Performers in the 2.30 Class on Maritime Tracks During Season—Some Records Which Were Reduced.

The Halifax Recorder's annual list of new 2.30 performers on Maritime Province tracks is not as numerous as last year, but never before in any one season has there been such a reduction of records. FOOTBALL FANS WILL HAVE PLENTY OF SPORT TODAY

The football triple header promises good sport this afternoon as the teams that will struggle for the supremacy of the gridiron are very evenly matched. The High School-Normal School match will be of especial interest, as the Normalites and Fredericton High School played a tie game in Fredericton a few weeks ago and the local High School and Fredericton High School split even in their games in the interscholastic league. Since then both teams have learned new plays, and with the improved combination stellar football will be played.

The Rotherham College-Carlyon game will also be worth while seeing as these two teams will meet for the first time.

The third game between a picked junior team from the North End and the second High School will be interesting, in as much that those interested in interscholastic football will be glad to see the promising material that is on hand from which to pick next season's St. John High School team.

The opposing teams in all the matches will line up as follows:

English Contractor Here.
Sir John Jackson, one of the English contractors who tendered for the work at Courtney Bay, was in the city yesterday in company with A. Brooks, of Montreal. They drove out to Courtney Bay in an automobile and took in the sights of the harbor. They left on the afternoon train for Montreal. It is understood that some of the contractors who bid on the Courtney Bay work are moving to have the government call for new tenders on the grounds that the specifications prepared in connection with the call for tenders last July were not all they might have been.

Boys of Industrial Home Entertained.
Mrs. Seymour entertained the boys of the Industrial Home on Wednesday evening at her home on Duke street. A good musical programme was carried out in which the boys helped materially. The superintendent of the home feels that such entertainments are greatly beneficial to the boys as also are the weekly church services which the boys attend. The Protestant boys go to the Exmouth street Methodist church and the Catholic boys to the cathedral.

FELL FROM A HAY LOFT

Suffered Tortures With His Kidneys Until He Tried GIN PILLS.

You might think that Mr. Baker needed a surgeon more than GIN PILLS. But there were no bones broken. His back was strained, which was harder to cure because nothing seemed to do any good. It is the same with a sprained ankle and broken leg. You can set the fracture and it will be well in six weeks—but the sprain may take months to get well. However, Mr. Baker found the quick way to get relief from the pain—here are his words:

"I have been a great sufferer from Kidney Trouble from an injury to my back caused by falling from a hay loft about six years ago. This left my kidneys weak, so that every cold I got would settle in my kidneys and cause intense suffering. I was advised to try GIN PILLS. I found, to my surprise, after taking two boxes that the pains were relieved and I began to feel better. I am still taking GIN PILLS and feel sure I will be completely cured. I recommend GIN PILLS to all who suffer from any Kidney Trouble."

C. BAKER.
You see, the fall had strained the kidneys and they were affected by the slightest chill. GIN PILLS immediately strengthened the kidneys—soothed any irritation and thus enabled the kidneys to overcome the effects of the fall.

If you are having pain in the back—or trouble with kidneys or bladder through accident or overwork—do just as Mr. Baker did—take GIN PILLS. They will help you—cure you—or we will promptly refund your money. Buy six boxes at your dealer's. If, after taking them, you feel that GIN PILLS have not helped you, return the empty boxes and get your money. We will take your word for it. 50¢ a box, 6 for \$2.50.
