The Times—"The Prime Minister
Britain, the pound sterling, is worth "should not prolong his stay in Engat par \$4.86 but is quoted in Canada at considerably below this. If the "the Canadian people an opportunity British people blamed Canada for the "without unnecessary delay to express pound sterling not being valued at "their views as to who should per, we would naturally resent it. The "represent them at such a conference strolled the undaunted doad we see situation between Canada and the tree situation of music and of music right to blame the standard." The ex- to Senator Robertson?

COMES A CAPITALIST.

Recently an increase in salary vot. government. ed Warren Stone at the triennial convention of the Brotherhood of Locomotive Engineers, in Ceveland, makes to the Baptist Convention declares He is to receive \$25.000 bor, to better lead. In fact he has head of the Locomotive Engineers' Cooperative National Bank and his princely salary is paid him partly for his work as a banker. his work as a banker,

There can be no particular objection to a union organizing a bank—or to Mr. Stone becoming the head of itto Mr. Stone becoming the head of the stone so long as the laws of good banking and of sound finance as well as those and of sound finance as well as those are observed without the fierce Rattle. lic interest. But it may not be amiss

It interest. But it may not be amiss to point out that Mr. Stone has long graduated into the class of capitalists, and is probably a "bloated bondhold er" as well. Further, practically every locomotive engineer, every fireman, conductor or brakeman, like the workers in other highly paid industries, has had an opportunity to save money during the years of fat wages and by investing his savings, join the ranks of the capitalists.

CUTTING OFF BUYING POWER.

The value of farm and other natural products which Canada would normally export to the United States hat for the Emergency Tariff barrier, is estimated at \$175,600,000. If this volume of our commodities must find a market elsewhere, our buying covers of far as the United States in concerned is reduced not only to that extent, but more, Canada has been haying about a third of a billion dollars' worth more from the United States in concerned is reduced not only to that extent, but more, Canada has been haying about a third of a billion dollars' worth more from the United States in concerned is reduced not only to that extent, but more, Canada has been haying about a third of a billion dollars' worth more from the United States in concerned is reduced not only to that extent, but more, Canada has been haying about a third of a billion dollars' worth more from the United States than the has been setting to that country. If our normal rate of export were \$400,000,000, the extent pain, and the present of the cutting away of \$175,000,000 would be present, and the problems of the problems of the cutting away of \$175,000,000 would be present, and they need is more exame.

Stars add variety to the sky. They also add lite. If there wascat eny stars and moon in the sky it would be so dark nobody could see weather there was eny up there enyways.

For all we know nobody lives on the stars, but for all they know nobody lives on the eth either, proving ignorants dont

Some peeple admire the stars because they twinkle, not being enything to be dissatisfied about on account of the erth would probably twinkle too if you get as far away from it as wat you are from the stars, ony its not werth wile taking a chance going that far jest to find out.

The stars ony come out at nite, but they are up there in the morning and aftirnoon jest the same. This proves nobody awt to werk more than half a day.

If you see the ferst star that comes out and make a wish

on it you are sipposed to get your wish, wich you are probeerly more libel to do if you take a easy one like wishing youre going to have dissert for suppir than if you take a hard one like wishing you will find a bysickle that does belong to enybody.

There are so meny stars altogether that nobody knows jest how meny, but you would be lucky if you ony had a cent for

One of the main uses of the stars is so you can tell for sure if its stopped raining. \*\*\*\*\*\*\*\*\*\*\*\*

Around Quebec in the district and stubble so burnt up that it crushes and breaks under foot. The farmers say the only chance they will have for a medium crop this season will be a season of rain that cannot come too soon now. **Hay Crop Ruined** 

Dry Weather Has Dried up Grass - Little Hope for Root Crops.

Quebec, June 29.—Farmers in the district of Quebec have given up all hope of a good hay crop this summ@r, owing to the dry season, and in many places are putting cattle on their hay fields to pull all they can, saying they will be obliged to sell their etock in the fall for lack of hay to feed them next winter.
