## Tribune. Baily

SAINT JOHN, N. B., WEI NESDAY EVENING, SEPTEMBER 23, 1874 VOL III. substance had been in it. They were seized with cramps and violent pains, but fortunately Dr. Creamer was sent for, and he administered relief to the sufferers. The Hadji steamed for Pictou on Thursday night. The poisoned men were out of danger at the time she cleared.—The New Era, P. E. I.

It cannot be used to put into liquids, but placed around them makes them delightfully cool and refieshing, and we can well imagine what a luxury it must be in this torrid region.

These are the two methods by which the people of India procure ice—carrying it there from a great distance and freeze in the company of the people of India procure ice—carrying it there from a great distance and freeze in the company of t IN THE CITY OF THE SEA. NEW L. D. GELDERT, O high set lion of sweet Saint Mark,
There are seas to the left and seas to the right,
Front and al ack there is nothing but flood.
Nothing but billows and nothing but night,
And white-blow caps th tare tossed and curled
City afloat, thou art surely an ark,
And here about us are beasts in studCreatures and beasts that come and go
Enough, and wicked enough, I know,
To populate and devour the world. DRUGGIST Fairville, N. B. Drugs, Chemicals, Dye Stuffs, [PAINTS, OILS, VARNISH,

Prescriptions Carefully Compon g een, And never the visage of sorrow is seen For ever and ever and evermore, Lead us and lend us, oh! that were best, To the Isles of the Blest, by the Isles of Ga And on and beyond, where the great m face G. F. THOMPSON & SONS. Steam Power Paint and Color Works face
Bends low and large to the golden grain
The whole year through; and death nor pain
Nor any hard thought his name or place—

To the land of love; the land of rest. MANUFACTURERS of White Lead, Zin Paint, and all kinds of Colors of be

CONSTANTLY ON HAND.

To the land of love; the land or rest.

Lead us and land us, for that were best,
A home on the seas where never a home.
Floated in floods of salt sea foam
And seeking for what? For the Golden Fleece,
For the land of Glinnis, the sea-lost moon,
Gates of Hell; or Hercules,
Or the land of sternal afternoon?
O, wrinkled old lion that tops St. Mark,
Lo1 here are the do: es, this is the ark,
But where is the olive and where is the peace,
Where is the land and where is the rest?

VENICE. Italy. 1874. JOAQUIN MILLER. NOTES AND NEWS.

Another man in New York has turned dress-maker. He was doubtless aware that the professions are all crowded, and s-making there is always room

The Newburyport Herald tells of a potato that has a Chinese face, the almond eyes, flat nose and pointed teeth as un-mistakable as if it had been copied from Nature. Better run it for Congress against

eyes, flat nose and pointed teeth as unmistakable as if it had been copied from Nature. Better run it for Congress against Butler.

The Methodist Episcopal conference for the Des Moines, Iowa, district has adopted a series of resolutions declaring "that in the judgment of this conference it is right that women should have the privilege of the elective franchise."

A politician was pinioned, hand and foot, and laid in the grass on the line of march of the Northwestern army of grasshoppers; but they never touched terminate tresting number. It opens with a poem by J. T. Trowbridge, "The Emigrant's Story," illustrated by Sol Eytinge. Following is the first of a series of fluely illustrated papers on the "Decornative Art and Architecture in Eugland," by the versatile M. D. Conway; a beautifully pictured account of Portsmouth, and another of the Isles of Shoals; a vividly illustrated description of whaling; and "Some Talks with an Astronomer," namely, Prof. Newcomb, of the Washington Obervatory. This list concludes the illustrated articles, although the serial story has several good.

grasshoppers; but they never touched him. And thus do our fondest hopes de-

"Do you know your good pastor's

omplains that "the eternal fitness of things is destroyed in a musing style in Barnum's Congress of Nations, when the Pope of Rome indulges in a comfortable cut of fine cut tobacco, and Napoleon the First, in a fit of abstraction, wipes his nose with the back of his hand." A Cincinnati barber got drunk and hrew a lighted coal oil lamp at his wife. In an instant she was in the midst of In an instant she was in the midst of flames, as the lamp broke and scattered the burning oil all over her. Her light summer clothes burned rapidly, and the flames leaped a foot over her head. The room also took fire, and the smoke aroused the neighbors, who rushed in and rescued the dying woman, who, at last accounts, was not expected to survive. The cattle in a portion of Colorado county, Tex., are affected by something resembling hydrophobia. They go lowing and bellowing about the prairies, attacking horses, footmen, and in some instances, parties on horseback. They will assault stumps, old bones, and anything in their way. It is not known that they have the disease from made

whether they got the disease from maddogs in that vicinity in July last, or whether the heat and scarcity of water causes the maindy. The other day as a Detroiter was riding on the Pontiac road, says the Detroit

on the Pontiac road, says the Detroit
Free Press, he came across an old lady seated in a buggy which had been halted within a few yards of the Grand Trunk Railroad track. She seemed to be uneasy about something, and as he drove up she asked: "Say, mister, hair't that engine going to come along pretty soon?" He asked her to explain, and she pointed to the sign, which reads, "Look out for the engine," and added: "I've watted more'n two hours for the ole engine to go by, but I'm getting tired, ole engine to go by, but I'm getting tired, and if it don't come pretty soon I'll drive right over the track and go hum." GENERAL.

The Montreal Witness has got another libel suit. It will soon be able to set up second-hand clothing store and sell

The gauge of the Grand Trunk line of railway, eastward from Montreal to sorbs heat, and during the night it gives Portland, is to be altered in the same manner as was done with the western some control of the same it out—or, to speak more properly, ra section last fall, operations to begin on the 26th inst.

The unsuccessful candidate for Adding ton, Mr. D. J. Waggoner, seems to have more than his due share of woc. While going home the other night he was fired at by a cowardly concealed enemy, but did not receive the shot. It is supposed the assault was made with the in-tention of intimidating him from pressing his protest against the sitting Grit mem-ber. This is the latest mode of retaining a seat that has presented itself to the mind of the Party of Undue Zeal, but we can scarcely hope it may become popular. Doubtless Mr. Waggoner is of the same

yours until death."
On Thursday last a case of poisoning happened on board the steamship Hadji, which would have resulted seriously only that skilful medical aid was called in promptly. It seems that a mixture composed partly of carbolic acid had been used in a bucket for disinfectant purposes. Water was subsequently put in the bucket from which two of the seamen drank, not knowing that a poisonous

In these primitive ice-houses the ice keeps for some time.

The straw is placed in the ditches because it is a bad conductor of heat, and by its means the saucers of water are separated from the ground, and received therefore, gives out more heat than it receives, so that its temperature is continually lowered until it reaches the freezing point, when it, of course, becomes ice.

The straw is placed in the ditches because it is a bad conductor of heat, and by its means the saucers of water are separated from the ground, and received.

BOYS' CLOTHING, &c

SHIRTINGS, LININGS, Scribner's Monthly for October opens with another munificently illustrated "Great South" paper, by Edward King, entitled, "Down the Mississippi—the Labor Question—Arkansas"; it contains much picturesque description, and practical information. The important essay. WETMORE BROTHERS, tical information. The important essay of this number is a very careful study of George Eliot's novels, by W. C. Wilkinson. There is a charming sketch of Oxford. Mr. Cable's story, "Tite Poulette," is highly dramatic and exciting. "Katherine Earle" and "Ordronaux" are concluded; (Katherine Earle will be published ILLUSTRATED LIBRARY cinded; (Katherine Earle will be published in book form by Lee & Shepard), and Jules Verne's "Mysterious Island" is continued. Then we have "A Royal Hair Outting," "San Remo," "The Rose of Carolina," "Old Time Music," &c. In "Topics of the Time," Dr. Holland writes about Mr. Beecher, the present theological and the latest the present theological and the control of the control of

POETRY AND SONG! Edited by DR. J. G. HOLLAND, Author of "Kathrina," "Bitter Sweet," etc,

FAVORITE SONG is a royal octave cal outlook, the "Rewards of Literary, Labor," &c. "The Old Cabinet" is devoted to Good Taste, and the other departments have about their usual variety. In the November Scribner a new volume of over 700 pages, printed in the best style of the art, on the finest ings, FROM ORIGINAL DESIGNS, by the most eminent artists, together with fac similes of the original autograph copies of (20) famous poems.

The illustrations are numerous and story by Saxe Holm will begin, to run through three or four numbers. How they make Ice in India. exquisitely wrought. What can be more beautiful than the one which reflects the Now, although ice keeps so well for a long time when packed in the ships built enchanting spot where-

for it, and in this way can be conveyed "Mand Muller, on a summer's day, Raked the meadows sweet with hay;" to any East Indian port, it would be impossible to carry it into the interior of the country, where there are no railroads to transport it quickly. But the East In-Conspicuous, also, for its rare beauty, is the illustration accompanying the "Song of the Brook," where the streamlet, dashing beneath the rustic bridge, dian who lives at a distance from the coast is not obliged to do without cooling drinks, for not only does he contrive to cool water by putting it in porous jars goes chattering and setting them in a current of air, but "Over stony ways,
In little sharps and trebles." he has a fashion of his own for making ice, and a very curious fashion it is. "Till last by Philip's farm it flows,
Tyliola by c brimm ng river."

Altogether, this is one of the most charming and elegant books ever issue In the warm countries of Europe ice i manufactured by the use of ether, but this would be a very costly process in

Ithis would be a very costly process in India, and would place it entirely out of the reach of the mass of the people. Their own method for manufacturing ice, although a slow one, is very simple, and though a slow one, is very simple, and M. McLEOD, costs nothing. They have discovered by observation We Have R. ceived what we are taught in natural philosophy, that during the day the earth ab-**428 Packages** NEW FALL GOODS, able in tropical than in temperate countries. They know also by experience that, in order to enjoy the coolness of night, they must avoid the shade of trees, and lie out in the open places. The reason of this, perhaps, they do not know, which is that the branches of the trees interfere with this radiation. Without reasoning on these facts, the East Indian acts upon them, and uses his knowledge of them in manufacturing ice. Beavers and Pilot Cloths
