N. R. Hendershott, of the Bank of Montreal, moved with his family to Windsor last week, having received promotion. While every one wishes them all success, we cannot but regret very much the removal of this family. Mr. Hendershott as manager of the bank was well thought of, and for his interest in every thing that went for good citizenship he and his wife will be greatly missed. Mr. Hendershott is succeeded here by R. E. Winters, formerly accountant at the Brantford branch. Another change in the bank staff here is the resignation of Jas. Marshall, teller, who has secured a good position in his home town, Guelph. His successor, W. S. Bowland of Tupperville, has arrived and taken up the work.

Try it and be convinced. As the liniment sinks in, the pain comes out and there are ample grounds for saying that it is an excellent article.

Cause of Asthma. No one can say with certainty exactly what causes the establishing of asthmatic conditions. Dust from the street, from flowers, from grain and various other irritants may set up a trouble impossible to eradicate except through a sure preparation such as Dr. J. D. Kellogg's Asthma Remedy. Uncertainty may exist as to cause, but there can be no uncertainty regarding a remedy which has freed a generation of asthmatic victims from this scourge of the bronchial tubes. It is sold everywhere.
