THE D. A. JONES CO., Ld., BEETON, ONT

We are the owners of the patent on this hive in Canada, and we are in a position to make and sell the hive gotten up in any shape to suit the purchaser-either in flat or nailed up.

A complete working hive consists of bottomstand, bottom-board, entrance-blocks, two broodcases, one honey-board, two surplus cases (in good seasons we often use three surplus cases on the hive at one time) and cover. So that if you order these hives in the flat this is just what will be sent you.

Sample hives we make with the broodframes wired and the surplus cases supplied with fifty-six $4\frac{1}{4} \times 4\frac{1}{4}$ 7 to the foot sections. These are designed for testing the complete working hive.

In quoting prices of brood-cases and sur-as cases, the set-screws, brood frames plus cases, and wide frames with their tin separators are always included, both in flat and made up. We quote the prices of sample hives made up, and of the various parts made up, so that should there be any portions of the hive you do not wish you can easily ascertain what deductions to make.

honey boards of either description) \$2.15. the cost of whichever style of honey-board you prefer, and you get it exactly. If you do not designate either designate either we shall always include the wooden-slotted one.

DISCOUNTS IN QUANTITIES.

For 5 hives or more, 5 per cent.; 10 or more, 7½ per cent.; 25 or more, 10 per cent.; 50 or more, 15 per cent. These discounts are off the prices quoted above, either nailed or in flat.

INDIVIDUAL RIGHTS.

We will sell individual rights to make for one's own use, and to use the new hive or any of the special features of Mr. Heddon's invention at \$5. We do not press the sale of these rights, believing that the hives cannot be made to good advantage by anyone not having the proper appliances. We will sell however to those what wish to have a first the proper appliance. wish to buy, and for the convenience of such append a list of prices of what we would likely be called upon to furnish in any event :-Woodscrews per 100, boiled in tallow......\$1 25 Tin Separators, per 100 proper width..... 150 Wide
