CEETEE UNDERWEAR

DO YOU VALUE GOOD HEALTH?

People careful of their health realize that it is most important that they should be more particular about their underclothing than their outer clothing for many reasons.

In the first place it is worn next the skin, and must be as soft and smooth as possible so as not to irritate the skin; secondly, it must absorb all the impurities that exude from the body; thirdly, it has to act as an "insulator" from both heat and cold.

Medical men and health authorities all agree that pure, clean wool is the most satisfactory and healthiest material, meeting all these requirements.

It is warmest in winter and coolest in summer, keeping the body at a more even temperature all the time.

The best of all wool underwear is

"CEETEE"

Every garment of "CEETEE" underclothing is fashioned to fit the form in the actual process of knitting.

It is all made with selvedge edges—the edges are all carefully knitted (not sewn) together.

Only the very finest of Australian Merino wool is used, making it so soft and clean that a baby could wear it without injury to its tender skin.

Worn by the best people—sold by the best dealers.

Made in all sizes and weights for ladies, gentlemen and children. We guarantee every "CEETEE" garment to be absolutely unshrinkable.

Always ask for "CEETEE."

Her voice was like velvet, and her eyes could speak, and you could tell what she was thinking if you only watched her lips when she didn't speak a word. They were brown eyes.

But Winnie Heritage was not her real name, and she was an actress, and 'twas said that she sometimes came on the stage as a boy. It didn't seem possible, but it was true.

So William George fell in love with her and when he was told it was impossible, he said he had to go to Plymouth for his cure, and he went. Three times the banns were given out and then there was an advertisement in the Western Morning News: "Symons-Blake"—for her real name was Winifred Blake and her father was chief clerk to a big London lawyer—and the same day William George brought her home. It was thought that his mother must have known about it, for she took the little maid about it, for she took the little maid in her arms directly—moment; and old Mr. Symons went about the place and said, "My son's wife," and "My daughter" time after time. So William George was not Absalom even then.

And when he was well enough he got a good post in South Africa, and he went out and left his wife with the old people until he should have made a home. And the war broke out and he volunteered and he was shut up in Ladysmith. They say that he saved more lives than any doctor, for he would play with the children like as if 'twas 'pon the sands at home, and if there was anyone sick and hopeless William George was sent for to give him back his courage.

He was wounded later—he lost an arm. But he came through it, and when he was sent home there was bands playing and all the gentry glad to speak to him. And there was Winnie and his mother and his father, and there was old Simon Yeo—glad as could be and proud to show it. And when it was all over I passed him and Winnie as they were going down to the beach and I could catch the love in their voices.

I never could abide a model, but I was always very fond of William George.

THE city of Winnipeg, with less than half the population of Toronto, has been spending so rapidly in becoming a modern city, that her public debt is now larger than that of Toronto. From \$8,323,299 in 1907, it has grown to \$22,976,262 in 1911—almost trebled in four years.

Cabinet Ministers' Ages

HE New Canadian Cabinet is not, comparatively speaking, very much younger than was the Laurier Ministry when it took office in 1896. Of course, there were three aged members of the Laurier Ministry, Sir Oliver Mowat, Sir Henri Joly, and Hon. R. W. Scott, whose ages make the total heavier than it otherwise would be,

but the average age of the Laurier Cabinet in 1896 compares not unfavourably with that of the Borden Cabinet of 1911.

Here are the comparisons:

Ages in 1896.		Ages in 1911.	
Laurier	55	Borden	57
Cartwright ..	61	Foster	64
Mowat	76	Doherty	56
Davies	51	Hazen	51
F. W. Borden.	49	Hughes	59
Mulock	53	Pelletier	54
Fisher	46	Burrill	53
Tarte	47	Monk	55
Fielding	48	White	45
Blair	52	Cochrane	59
Sifton	35	Rogers	47
Paterson	57	Reid	52

Got His Measure.—A Baltimore school teacher had encountered such a degree of ignorance on the part of one of her boys, in relation to the recorded acts of the Father of his Country, that she grew sarcastic.

"I wonder," she began, "if you could tell me whether George Washington was a sailor or a soldier?"

The boy grinned. "He was a soldier, all right," he said.

"How do you know?" the teacher challenged.

"Because I saw a picture of him crossing the Delaware. Any sailor would know enough not to stand up in the boat."
