

BOMBER NEWS

YOU CAN HELP

We think of autumn as a bountiful season, one of plenty, prosperity and abundance. The labours of the summer are rewarded with the harvest of the golden months, the granaries are full again. Because the vast majority of New Brunswick's children are well fed, clothed, and experiencing the challenge of a new term in school, we are apt to think the children of the world enjoy the same privileges. In fact less than half of the world's population gets enough to eat. It is fitting that at this time of plenty we are reminded of the ill-fed, and poorly clothed by the annual UNICEF promotion. Once again, on or about October 31st, our New Brunswick children will carry UNICEF collection boxes from door to door, and to their classrooms collecting pennies for the underprivileged around the world. The UNICEF program teaches our children to share their happiness and well-being. Last year in Canada, our boys and girls with the assistance of adult volunteers, managed to collect almost \$400,000.00. Of this total, more than \$11,000.00 came from the Province of New Brunswick in the form of contributions from more than 150 communities. Children in schools, the C.G.I.T. Groups, Sunday Schools, and Junior Red Cross, worked with enthusiasm to collect the pennies that made up the dollars New Brunswick sent to UNICEF. With the help of Women's Institutes, the I.O.D.E. and Home and School Associations, the UNICEF collection boxes were circulated in our communities, and came back with a harvest of pennies. If we can match or exceed last year's contributions, harvest time in New Brunswick will be more meaningful than ever.
