

Indians of St. Peter's Parish who  
come under the Treaty No 1, the  
meeting their need of grain must  
be dealt with, if at all, by the  
Privy Council, and I would  
only add that as I have already  
represented by telegram, their  
want is very great indeed.

Have the honor, to be  
Sir.

Your obedient servant

Alex. Morris
