

039888

Prince Rupert . B.C.

P.O.Box 546

Sept 9th 1925.

Hon Arthur Meighen,

Ottawa, Ont.,

Dear Sir:

I am requested by the Conservative Association here to urge you to come to Prince Rupert before election time.

Your visit will be of inestimable value to us from a political point of view as well as afford you an opportunity to become acquainted with this vast territory, which you will be called upon to consider shortly as Prime Minister.

I may say that the impression created here locally has been that the Conservative party generally are not interested with this town as a Laurier conception. This propeganda is still being used and whereas McKenzie King has been here twice they refer to the fact that the Conservatives have not been successful in persuading their outstanding men to come here.

This seat can be won and we are hopeful of doing so at this election, but while we never expect the impossible, we feel that if any influence can be exerted to bring your good self to these parts it should be used, as we feel the benefit resulting will be mutual.

Assuring you of our close cooperation, and with every good wish for the coming campaign,

Yours Very Truly

W. N. Fright
Secy. Treas. Conservative Assoc.
