Ottawa, Dec. 9, 1932.

Dear Mr. Perry:

I should have written you sooner
for it certainly has been on my mind.

Your pamphlet on "Inflation" is the
clearest and most convincing exposition of the
subject I have read. I have already passed
around to several the two copies you sent me,
and would appreciate very much indeed if you
could send me some more--say a half-dozen.
If you cannot, I will quite understand.

Very truly yours,

Arthur Meighen.

Mr. F. Perry,
Montreal, Que.
