ONE OF MANY MODERN AND WELL EQUIPPED FARM HOUSES IN ONTARIO

Among the successful farmers of Prince Edward County are Mr. Alex. McDonald and his son, Hubert, whose farm home is here shown. Although not in evidence in the illustration, features of this farm are the fine barn, silo, poultry house, milk house, and driving shed, which adjoin the house. Dairying and hog raising are proving profitable on this farm. Some pure bred Holsteins are kept. Free Rural Mail Delivery is enjoyed, as will be seen by the mail delivery box.
