CERTIFICATES.

CERTIFICATES. Of persons who were suffering from severe stitck of Erysipelas, who had tried the many remedies which are usually prescribed from which they found no relief; but on applying MSS. BEREAUX's MEDICINE were effectually cured. This is to certify, that 1 have been afflicted with the Erysipelas, or the Salt Rheum, as the Ductors call it, for ten years. My hunds were trequently so disensed, that 1 could make no use of them. I employed several physi-cians, but to up purpose as my suffering only increased. I applied Mrs BERTAUX's MEDICINE for a short time and was soon cured of every vestige of the disense. The thank l applied Mrs BERTEAUX's MED.cive for a short time and was soon cured of every vestige of the disease. The thank fulness which I felt, on the long and painter disease being removed, was much more than tongue can express. After three years from the time when I used the Medicine, Is was threatened with a relapse or return of the disease. I applied the Medicine and the disease disappeared. From that time to the present, I am perfectly free from all symptoms of Erysipelas or Sait Rheum. I therefore heartily recommend it to all who are similarly afflicted, as a speedy and effectual remedy. as a speedy and effectual remedy. ANN S. WHEBLOCK, Nicteaux.

August 5, 1847. The following testimonial in favour of the efficacy of this remedy has been received from Walliam Caidwell Esq., Mayor of the City of Haifax, and is published for the benefit of those who may be similarly afflicted. Hati/ax May 3rd, 1851.

To John Naylor, Esq., Sun,—The cause of suffering humanity, demands, I think, that every one who knows any thing that will afford relief ought to make it public. Believing this to be the inct. I hand you the following certificate of what has come under my notice, and you are at liberty to use it in any way you

my notice, and you are at siderty to use it in any way you may think proper. In March last, my wife was attacked with that dreadful disease Erysypelas in her leg. It inflamed and swelled to an alarming size, cuasing excruciating para, rendering it impossible for her to put her foot to the floor, and was fast advancing upwards. Her case was one painful to look up-on. Having read in a newspaper of the beneficial results of Mrs Berteaux's remedy. I advised her to procure a bat-tle from you, which she did, and the effect was miraculous; for in the short space of four hours, she was so far reliev-ed that we were both quite astonished. She contineed to recover gradually, and in a few days was quite tree, (and Libelieve and hope forever) from that dre dful malady. W. CALD WELLS.

NEW YEAR---1852.

### Extensive Sale of Ready Made Clothing, Cloths, &c.

AT THE HALIFAX CLOTHING STORE, No. 4, ORDNANCE ROW,

CHARLES B. NAYI

THE WATCH NIGHT services, in the Argyle St. Church, at the closing of the year 1851, and ushering in of 1852, were peculiarly solemn, and interesting. The Rev. Dr. Richey delivered anexcellent sermon eminently adapted to the occasion; and the Rev. Messrs Evans, Bennett, McMurray, McLeod, and Huestis, with Messrs. Morton and Johnston, took part in the exercises. This usage of Methodism has been attended with beneficial results to the interests of religion in other lands, as well as our own ; and we trust the recent Watch Night Services throughout our Provincial bounds, will be made a blessing to our people and congregations.

For appropriate remarks on the New Year, see our first page.

To the best and highest sense of the phrase, we wish our Patrons a "Happy New Year.'

Daily Sun received.

### To Correspondents.

Guysbore : Paper not sent to Little River. Has it been ordered?

Five Islands: The Papers are regularly mailed. We will enquire into the subject.

Correspondents will much oblige by writing marriages, deaths, and other matter designed for publication, as to allow us to separate that part of the letter without interfering with the business part, to be put at once into the hands of the compositor without subjecting us to the needless trouble of transcription. They will see the propriety of this request, as all orders for new subscribers, or discontinuances, must be put on file, for fature reference; whereas, notices, or other articles for publication, must be put into the hands of the printer, and when once there are subject to cutting, &c., as the case may require. To secure our orders for filing, we have had frequently to re-write notices, &c., which has added no little to our toil.

### Letters and Monies Received.
