## Eye Talk

—NO 41—

## Use Both Eyes

How many people see alike with both eyes?

From the record of ninety cases, taken at random, I found that forty, or four out of every nine people I had fitted, required a different lens for each eye.

## Eye Strain

Always follows where one eye is overworked. Vision may be fairly good, but it is a severe drain on the vital forces.

My system of separately testing and accurately fitting each eye is a good reason why you should patronize

## EXAMS. AT COLLEGIATE.

The entrance examination held at the Collegiate Institute during the week, came to a close yesterday, when the last papers were written. School has already closed for the lower forms of the Collegiate, but the higher form departmental examinations are still on, including junior and senior matriculation, entrance to the Normal School and the Faculty of Education. The senior classes writing upon the examinations are much smaller than usual this year, as many of the male pupils have availed themselves of the Department of Education's offer to grant a standing to all who enlist for active service or who go on farm work. The examination at the Collegiate will not be completed until June 30.
