Messrs. Davies, Foster, Mills, Dawson and Mitchell followed. The House divided on Mr. Laurier's

certained. An attempt will be made to OTTAWA, April 21 .- In the house toav, after routine, Thompson moved the irst reading of the Senate bill respecting isurance. Carried. In answer to quesions, Bowell said the quantity of sugar n bonded warehouse in Montreal the 31st March last, was 2,742,000 pounds .troduced a bill to amend the act to restrict and regulate the Chinese immigratension of the Intercolonial railway from ion into Canada. He explained that the the Strait of Canso to Sydney or Louisneasure was a repetition of that of last ourg? Pope said negotiations are now oing on, and he hoped to be able to nake such provision. Several motions An organized system of registration will or papers passed, including an order for orrespondence between the marine deartment and the captain of the Northern light, relating to the discontinuance of be registered both on their arrival in and er trips during February. Dr. Jenkins emplained of vexatious delays, and sug-Chinese population of the Dominon could ested that the Alert should be tried .--Davies complained that there had not een an honest attempt to secure commuthe Government proposed that the House nication. The record of the government had been a record of delay and inaction-Hackett said the question was one of

sefulness gone, but that honest attempts appurtenances to the Dominion of Canadahad been made. The conclusion of the mmittee in 1883 was that no steamer ould be made that would secure the coninuous communication. He advocated forning, Mr. Davies announced that he he construction of a tunnel as the only neans. The expenditure of money on he railway down to the water's edge was Arran hotel. The charges are, in brief villence of the government's honesty of ntention. He did not believe that the oposition would do anything. He had uch greater faith in Sir John Macdononstruction, and that guests and servants ild as the leader of the party of progress. Foster said the government had endeaored to keep faith with the Island .-

Oftawa, April 19-The following n ice of motion stands in Sir John Macdon ald's name for Thursday next:- "That a umble address be presented to Her M esty representing that for the good gov rnment of the several territories forming part of the Dominion of Canada, an not included within any Province thereof it is expedient that provision should 1 nade for their representation in the Parament of Canada, and praying that she may be graciously pleased to cause a meaare to be laid before the Imperial Parament to empower the Parliament of anada from time to time to make proisions for such representation."

A large deputation of members repre enting fishing constituencies, and als everal medical members, will wait on the a day or two, to urge that Government rant a bonus to encourage the establish nent of the manufacture of cod liver oi in Canada, Dr. Fortin, M. D., heads ne movement and declares that an in nense market awaits Canadian cod liver oil, which can be produced in a perfectly pure state much cheaper than in Norway, whence the chief supply now comes.

Mr. Tasse, on Wednesday next, will

ove the following resolution :- " That the Canadian Pacific Railway is now on e point of being completed and that it will farnish an unbroken line of comunication across the continent; that a political bond between the several procreating flourishing provinces, a mighty a firm instead of taking an oath, a diviagent of progress and the real crowning sion was called for, and the vote stood: of the work of Confederation; that the for the second reading 86; against 52. Canadian Pacific Railway is the greatest Carried. accommodation, in the subsidies to the rulway leading to the straits, the governt ent had shown their bona fides. The commendation of the special commite of 1883 had been carried out. He ondemned Davies' threat of dissolution of the union if the government did not solve the difficulty. Blake said the disassion was interesting because it recallovernment for buying the Northern mpossibility, but neither political party had tried its best to reduce the difficulty ense had been incurred to keep the Northern Light in the best possible condition. He thought when all the plans of the government were carried out the people of the island would see that this
