MCCARTHY WILL PLAY TO-MORROW.

Tigers Will be Strong in the Game With Argonauts.

Hackenschmidt, the Russian Lion, Will not Meet Joe Rogers—Tempus Fugit Beaten at Lexington Yesterday.

Last night the Tigers had their last hard work-out preparation for to-morrow's big game with the Argonauts. Every man was out with the exception of Loftus and he could not get off from work, but will be out to-night. It warmed the hearts of the other players and the big crowd of enthusiasts who were present to see Denny McCarthy turn out and go through his paces with the team, and with Pfeiffer, Murray and Gray to choose a scrimmage from there is a certainty it will be as good a scrimmage as ever represented the team.

senior Rugby team, will not play again this season. It is said that a recurrence of effects from an old injury is the cause of his retirement. "Pud" is playing the same position for the St. John's team, of Winnipeg. This is from a report of the Ottawa College-Queen's football match played in Ottawa last Saturday: "Some of the reverend fathers got quite interested in the game and did some good coaching from the side line. 'Give it to him, Mick; you have him skinned a hundred ways,' was the encouragement offered by one of them.

FREE KICKS. In the senior city league series to-morrow the Y. M. C. A. team will meet the Beavers at the Cricket Grounds, as a curtain raiser to the big game. The match will be called at 1.15. The Winona-Grimmsby team will play at Britannia Park at 1.30.

On account of the big football match to-morrow the Hamilton Gun Club has postponed its Saturday's shoot.

ICON-FIRST.

Tempus Fugit Beaten at Lexington Yesterday.

Lexington, Ky., Oct. 17.—The defeat of Tempus Fugit in the first race yesterday was the greatest surprise of the meeting this far. The starter let the field go with Tempus Fugit in the rear, and in a break as he passed under the wire, before Geers could get him on his feet, the other horses were a quarter of a mile in the lead, and he was hopelessly shut out. Codero won easily. Margaret O. easily took the next three heats. After the second heat the best Codero could do was to trail the field and take second money in the final summary.

Out of ten starters in the second race for 217 paces five caught the flag in the first and second heats. Major Mallow had no trouble in winning in consecutive heats. Windsor, Ont., Oct. 18.—The mile han-

dicap yesterday was a runaway victory for Mode Nicolls' good Avanteer. He went to the front at once, and won by half a dozen lengths from Glimmer, who was only getting one pound in weight for the two years' difference in age. The time was sensational—first quarter in 23 2.5 around the turn, half-mile in 47 4.5, five furlongs in 59 4.5, three-quarters in 1.13 1.5, and mile in 1.39 1.5, by far the fastest at this meeting. The starters in this race included Scud, the Golden-Joshua colt that will probably be the Valley Farm's best release for next year's King's Plate. Though only a two-year-old, he carried 107 lbs. which was more than anything else in the race except Col. Jack. Being green at the post, he stumbled and almost unseated Jockey Moriarity as the boy turned him away at the raising of the barrier, but quickly made up ground, and went into a good position. After going a half-mile the difference in the weights told, and he fell back. Scud is a very good looking colt, and has a fine turn of speed. A couple of months ago he showed five furlongs in 1.00 4.5 at Fort Erie, and he has outworked Charlie Gilbert at equal weights for six furlongs.

Tony Hart jumped sideways over the very first bank in the steeplechase, and knocking down The Chief, Russell A. following. Snowdrift and Dr. Koel also came to grief, and Little Wally won handily. Picketime had hard work beating Amber for the place, and was under the whip for the last three furlongs. The meeting will close on Saturday, the date set in the programme book, which provides for thirteen days of racing.

LIVE WIRE BOUGHT \$3,100. Belmont Park, New York, Oct. 18.—Several horses in training were sold in the paddock before the races today. Live wire was sold to D. C. Johnson for \$3,100, top price. Miss Crawford went to W. L. Crawford for \$6,000. Other sales included: Summerclod, W. Kuntz, \$3,500; Vel, C. B. Hill, \$3,300; Majerquade, J. A. Wernberg, \$5,000; Frizette, J. A. Wernberg, \$4,000; Lad of Langdon, W. W. Darden, \$3,000.

OVER A MILE SHORT.

Course of Ward Marathon Race Measured Yesterday.

Toronto, Oct. 18.—The distance covered by Tom Longboat in the Ward Marathon race on Saturday is eighteen miles and seven hundred and fifty yards, and not twenty miles, as announced. The course was measured yesterday.

This measurement may or may not be found to be accurate, but it shows at all events that the course was not twenty miles, as has been claimed all along by persons who gave the subject a moment's consideration. According to the cyclistometer the distance was one mile and 1,000 yards short of twenty miles. Instead, therefore, of covering twenty miles in one hour forty-one minutes and forty seconds, Tom Longboat ran eighteen miles and 750 yards in Saturday's race in the time mentioned, which in itself is a wonderful performance.

It was announced yesterday that Controller Ward intends to have the course measured. This should have been done before the race. The public was led to believe that it had been measured, and officials in charge of the race can hardly be excused for their failure to look after such an important feature of the race.

AHEAD OF TIME.

Langford, Finished Half His Journey at 10.50.

Toronto, Oct. 18.—Langford, the young Englishman from Renfrew, who is attempting to establish an amateur Port Hope to Toronto and return walking record, arrived at the King Edward Hotel at 10.50 last night, 25 minutes ahead of scheduled time. He received quite an ovation upon his arrival at his Toronto destination. He was accompanied by Trainer O'Brien and Jimmy Reynolds, both of whom traveled the distance in a buggy, though the walking barbed paced Langford, the last few miles. Scattered good stayed with the young Englishman till Oshawa was reached, when he found himself unable to go any farther. The Renfrew man was little the (Continued on page 11.)

The Woodbine May be Cut Up.

Toronto, Oct. 18.—A point about seven miles from the corner of King and Yonge streets on the Kingston road, near the Halfway House, it is said, will soon be the site of the Woodbine race track. The present grounds may be divided into building lots and sold, it is expected, at a profit on the \$150,000 paid not long ago to the Duggan estate. The Auburn farm, now known as the Munro farm, on the north side of the Kingston

road, and containing 104 acres of land, has been purchased from Mr. W. F. Findlay, who has owned the property for 21 years. The property can be easily reached by the Scarborough cars. The present race course contains 84 acres, with a frontage on Queen street of 2,577 feet. The land is assessed at \$59,910 and the buildings at \$25,000. By running Eastern avenue through the property and laying out streets, north and south, it should easily bring in over \$200,000, it is thought.

Some Snap Shots at Sport and Sportsmen

Toronto World: The O. J. C. raised the price of admission this year to \$1.50, and the receipts were normal. Hamilton's scale remained the same, and the season showed a wonderful improvement in the club's finances. This is the difference between country and city rule. There was worry at every turn for the directors at Woodbine, while at Hamilton the run of the race machinery was smoothness personified. No wonder the O. J. C. talk of moving to more congenial quarters.

to pieces when the mighty Argonauts withdrew their support? And isn't it funnier that the C. A. A. doesn't ever seem to care very much? However, there is no doubt but that the trouble is something of a hard knock to the Union, but then the weathering of these hard knocks will but make the organization the stronger, as we were so often told in our youth.—London Free Press.

The boatmen will get swamped here to-morrow, sure.

The Tigers' turn to-morrow.

GRAFTON & CO. LIMITED

PAY \$15.00 FOR A GRAFTON SUIT AND SAVE \$3.00 TO \$5.00

The saving will be \$5 more than it is \$3, because you'll rarely find in any other store in Hamilton as good a suit as you can get here for less than \$20. A store that may occasionally offer as good a suit for \$18, but then it will only be a bait. Of course, it would be unreasonable to expect to get as good value elsewhere as you can get here, not only at \$15, but at \$18, \$20, \$25, or any other price. No other store can meet our prices, because no other store does business under such favorable conditions. When you buy from us you buy directly from the makers. All the clothes we sell are made in our own factories. Consequently, we save the middleman's profit, which other stores that have to buy their clothing in the open market must pay. You can readily see, therefore, why we are in a position to undersell others. Just apply this condition to your own business, if it happens to be a manufacturing one. You know very well that if you sell your product directly to the consumer the price he pays will be very much less than if it is sold to him through the jobber and retailer, both of whom must make a profit. Well, that's exactly the situation when it comes to buying Grafton Clothing. Our retail business is so enormous that we can afford to sell directly to the consumer with but one profit added. All middlemen's profits are eliminated from our prices, and you pay no more when you buy from us than the prices other stores pay at wholesale. The saving to you is 25 to 30 per cent, and often more. And you not only save money in buying Grafton Clothes, but you get the best in factories, in tailoring, in style, in service that any one can give.

Prof. Ashley Proposes an Athletic Combine.

He Would Have Them Refuse to Compete for Individual Clubs Unless the Proceeds are Devoted to Sending a Team to the Olympic Games. Toronto, Oct. 18.—Mr. C. H. Ashley, physical director of West End Y. M. C. A., in a speech at the supper on Wednesday at West End headquarters, had an important suggestion to offer regarding the Olympic games next year. He had referred at some length to the excellence of the material available for the Canadian team, and then took up the question of financing the undertaking. "Before our games last summer I figured out the cost of bringing a couple of men from England, and after carefully going into the thing I found that it would mean an expenditure of probably \$600 just to have the men here for a few days. Now, you can judge from this how large will be the sum required to send a whole team to England next year. The men will have to be there for a month so as to become acclimated. The cost will be enormous, and I do not think that the Government, Dominion or Provincial, or the civic authorities will make a sufficient grant to our representatives in England. A BIG PROJECT. "I believe, boys—and every one who takes part in competitive athletics must be interested in what I am going to say—I believe that if our athletes are going to England they will have to largely finance the undertaking themselves. "My suggestion is that you band yourselves together and until the time of sending the team next year arrives refuse to take part in any meet unless all the profits are put into a general fund to meet the expenses of the team abroad. "There is a chance for all the clubs in the city who are in sport merely for the love of it. Let them cooperate. Let the athletes get together and

FILIJAN CRICKETERS.

London, Oct. 18.—The latest novelty in cricket tours is a team of Filijan players, who propose visiting Australia during the coming winter. Arrangements have been made by Mr. H. J. Marsden, of Melbourne, states The Sydney Daily Telegraph, with Mr. A. Mahaffy, Colonial Secretary of Fiji, for a visit of the Bau team of native cricketers, who will be led by Ratu Kadavi, the reigning chief in Fiji. The Board of Control has extended its patronage to the team, who will witness the test matches between England and Australia. It is added that the Filijans will not play in conventional cricket attire, but in all matches will appear in native costume. Walter H. Rickard, a former ledger keeper in the Home Bank of Canada, Toronto was given six months' hard labor in the Central Prison by Magistrate Denison in the Police Court yesterday for forging the name of P. Smith to a cheque for \$70.

LARGEST CUSTOM TAILORS IN CANADA The Finest Moderate Price Tailored Clothes Are Made by Lyons

There's a reason for the remarkable superiority of Lyons' garments over that of other moderate priced tailors. It is this: The immense business of our four large stores enables us not only to sell at a much closer margin, but to secure our materials direct from the mills, thus saving the wholesaler's heavy profit, which other tailors are forced to pay. Paying more for their materials other tailors must consequently either get higher prices or use inferior materials and workmanship—most often doing both. If you want smart, stylish, dependable garments you can't do better than come to Lyons.
