SUDDEN DEATH.—Mr. Jonathan Pineo, a resident of Kentville, was found dead on the road near that town on Tuesday last. A Coroner's jury returned a verdict of "death from natural causes."—*Hx. Reporter.*

A marriage in high life took place at the Garrison Chapel yesterday morning. The Rev. J. Edgehill united in bands of matrimony Col. S. G. Hill, C. B., Governor of Newfoundland, to Miss Louisa Gordon Shiels, youngest daughter of the late Hon. John Shiels, Chief Justice of the Island of Antigua, W. I. Captain Clarke officiated as groomsman and Mrs. Harry Moody as bridesmaid. After the ceremony, a select party was entertained at a wedding breakfast by His Excellency Lieut. Gen. Doyle.—*Hx. Express.*

On Monday night last, a woman poorly clad, with an infant in her arms, asked and received a night's shelter in a house in Upper Water Street. Next morning the poor woman, after requesting the inmates to look after her boy while she stepped down to the vessel in which she said she had arrived from P. E. Island, left for parts unknown, and has not since been heard from. The waif left by his unnatural mother has, consequently been left to the tender mercies of the charitable woman above stated. The infant boy, who has thus been deserted, is an interesting little fellow of some eight months old, and, in the absence of his natural guardians, is likely to lose nothing from their defection in the interest manifested towards him by the Christian people who have him now in charge.—*Hx. Express.*

The mode in which stock-raising is managed in England, is shown by the following extract of a private letter from near London:—

"Last week I went to see a sale of 'pedigree stock,' and saw some splendid cattle, as well as splendid prices paid for them. One cow, only two years old, sold for over $4,250; a calf, six months old, for $1000; and suckling calves for $125 and $150 each; while $10,000 was offered and refused for a bull."

The Lewiston *Journal* says, that on Monday, a man, full of bad rum, became disgusted with himself and tied a rope around his neck, to the other end of which he attached a big stone, and thus equipped waded into the river intent upon drowning himself. His movements were observed, and before he could anchor himself, friendly hands had interposed and brought him to land, spoiling his little plan.

FAST SAILING.—The Hon. Mr. Howlan's brig *Kaite*, has made some of the fastest voyages on record between this Island and Europe. Last fall she made the trip between Cascumpec and Queenstown, in 13 days, and this spring, in 16 days—having arrived there on the 15th July. The *Kaite* is commanded by Michael Malone, a young man well-known in this city, as well for his nautical skill as for his good qualities of head and heart.

ALL the stock of the Ocean Steamship Company, referred to elsewhere, has been taken up. The HERALD takes credit to itself for having been the first journal on the Island to recommend such a Company.

☞ THE fisheries of all kinds around North Cape are excellent this season. So an esteemed and obliging correspondent at Alberton informs us.

It insures against accidents by machinery, accidents from the use of tools and implements, accidents that occur in the usual and lawful avocations of life, as well as accidents by travel.

General Accident Policies are written for a term of one to twelve months each, and insure a sum of $500 to $10,000 against Death by Accident, and $3 to $50 weekly indemnity for wholly disabling injury by accident (not to exceed twenty-six weeks for any one accident), at an annual cost of $5 to $10 per thousand for occupations not specially hazardous. Hazardous risks taken at higher rates.

It sells insurance rather than future "dividends." Its contract is a plain one, its security is ample and unquestioned, and its rates of premium are exceedingly low. It prefers to do business on a cash basis, and thus gives its policy-holders advantages not attainable under the credit system.

Premium system, the favorite low rate cash plan.

All policies non-forfeitable. Its ten, fifteen and twenty-year policies can be converted into Endowments, at the option of the insurant. This feature is original with this Company.
