HOW MANY REALIZE THE MARVELLOUS VALUE OF FRUIT IN CURING MANY DISEASES?

Wonderful Success of "Fruit-a-lives" - The Famous Fruit Medicine

Fruit juice consists of about 91% water, 8% of sweet matter, and only 1% of an intensely bitter substance. Careful experiments show that it is this bitter principle, which is the active or medicinal material of fruit juice.

Under certain conditions, the bitter principle can be made to replace or transform some of the sweet atoms in the juice, thus making a new compound which is much more active medicinally than the ordinary juice.

Many fruits were analyzed and it was found that the juices of apples, oranges, figs and prunes gave the best results. These fruit juices, having been made more active by the secret process of changing the sweet principle into the bitter, are combined with tonics and antiseptics and made into tablets. These tablets are the famous fruit medicine - "Fruit-a-lives" - known in every part of Canada for their wonderful curative qualities in diseases of the Stomach, Liver, Bowels, Kidneys and Skin.

"Fruit-a-lives" is the only medicine in the world made of fruit juices. See a box, 6 for \$2.50 or trial size, 25c.

Typhoid Fever Still Increasing

More Patients Being Cared For at the Temporary Hospital--About Fifty Cases-- One Death.

The outbreak of typhoid fever reported last week has not abated and daily new cases are reported. The hospital is crowded with patients, and the sisters in charge are greatly overworked in their endeavor to look after the patients. A number of cases which could not be accommodated at the hospital are being cared for at their homes.

At present writing there are about fifty cases and already one death has resulted.

As far as the Graphic can learn to-

ing is being done to clean up the sources from which the disease is supposed to emanate. A number of premises are in a very unsanitary condition, but no steps have been taken to have the matter remedied. Some time ago the Provincial Board of Health instructed Col. Maltby of Newcastle to make necessary sanitary arrangements and for a time the arrangements were satisfactory, but lately they have been neglected and things generally are in a disgraceful condition. Something should be done at once.

HAVE PURCHASED CONTROLLING INTEREST

Shives Lumber Co., Now Control T. Wm. Richards Lumber Co., Limited.

TO CONTINUE

The Shives Lumber Co., the largest lumber concern in Northern New Brunswick and one of the largest in the province, have recently added to their extensive milling properties and limit holdings by purchasing a controlling interest in the Wm. Richards Lumber Co., Ltd.

The business will be continued under its present name, with practically no changes. The Shives Lumber Co. purchased the entire Gunter holdings, which were very large. No plans for the future have been given out, but business is being carried on at Richardsville as heretofore.

SAYS LENEVE WAS JEALOUS OF BELLE ELMORE

London, Sept. 19--Something of what Ethel Clare LeNeve suffered as halfmad with jealousy, she impatiently awaited the fulfillment of Dr. Hawley H. Crippen's promise to make her his wife, was revealed at today's session of the inquest into the death of Belle Elmore with the murder of whom the doctor and his typist are jointly charged.

In her distress, Miss LeNeve confided in her landlady, Mrs. Jackson, and the story that the latter told on the witness stand rivalled the most sensational evidence introduced at the murder trial.

Mrs. Jackson said that the accused girl gave up the room which she had occupied at the home of the witness on March 15, explaining that she was leaving to be married to Dr. Crippen.

Until the first week in February Miss LeNeve had slept regularly at Mrs. Jackson's. After that she stopped at the house only occasionally. She said that she spent the other nights at the home of friends. On one occasion LeNeve mentioned having been at the Hill Drop Crescent home of the Crippen's early in February, to help the doctor in a search for a bank book which showed an account of \$1,000. She added that a diamond tiara and rings had been found in the house and that the doctor had raised \$820 on these.

About the middle of February the witness said Miss LeNeve appeared miserable and depressed. Such was her state that Mrs. Jackson followed

Threatened to Kill Two Men on C. P. R. Sleeper and Later Killed Himself.

Toronto, Sept. 18--Having threatened the lives of two men in the C. P. R. sleeper from Ottawa to Toronto Friday night, Alfred Robertson, inspector on the Winnipeg police force, and formerly the big drum major of the 48th Highlanders, fired two shots into his own brain in the ladies' lavatory of the car "Cascade" after he had arisen Saturday morning.

The cause given is reaction after a night's dissipation. The conductor of the train took Robertson's revolver away, but when he quieted down gave it back again.

The girl to her room to learn if possible the cause of her trouble. Miss LeNeve, the witness said, was in a terrible state of agitation. Her eyes seemed fairly starting out of her head. The landlady insisted on an explanation telling the girl that she must have something awful on her mind to be in such a condition. The witness testified that the other replied:

"Would you be surprised if I told you that it was the doctor and Miss Elmore? He was the cause of my trouble when you first knew me. She is his wife and when I see them go away together it makes me realize my position as to what she is and what I am."

Mrs. Jackson asked: "What is the use of you worrying about another woman's husband?" To this Miss LeNeve answered: "Miss Elmore has been threatening to go away with another man. Dr. Crippen has been waiting for her to do so when he would divorce her."

Solicitor Newton who is looking out for the interests of Dr. Crippen and Miss LeNeve, closely cross-examined the witness suggested that her lodger's having resurrected a trouble which the girl experienced during her earlier association with Dr. Crippen but the witness maintained the correctness of her evidence as given.

London, Sept. 19--Evidence in the Crippen inquest consisted mostly of a repetition of the evidence of previous hearings, neither of the defendant were present. Nothing specially interesting occurred until a juror asked how it was that during the inquiry Crippen was not stopped going away. The coroner would not allow the question. Dew was somewhat agitated and expressed a wish to answer, and the coroner again refused, but Dew said there was no evidence of any crime. Inspector Dew gave evidence regarding the identity of the brooch and Miss LeNeve's landlady identified clothing given her by Miss LeNeve, who told her it was cast-off clothing of Mrs. Crippen's.

Dr. Marshall, testified that in his opinion the remains found at Hill-drop Crescent were female.
