NORTHUMBERLAND ELECTORS RALLY TO SUPPORT OF MARITIME RIGHTS

Mayor Hickey, the Conservative Candidate, Given Enthusiastic Receptions at Red Bank, Whitneyville and Tabusintac.

A particularly large gathering of the Tabusintac electors on Saturday night heard Hon. J.B.M. Baxter, K.C., M.P. and A.J. Doucet, M.P. for Kent, advance reasons why they should vote for C.P. Hickey, the Conservative candidate, on Oct. 7th. Mr. Hickey, they said stood for Maritime rights, a freer and better Canada. The candidate spoke and made an excellent speech. The speakers were enthusiastically applauded and the interest of the electors present was evident. The Conservatives held a meeting at Black River Monday night. The speakers were Dr. O.B. Price of Moncton, Ald. Watling and the candidate.

The Liberals held a meeting at Belle St. Anne on Friday night. The speakers were C.J. Morrissy, M.L.A.; C.C. Loggie; J.G. Koblischaud, M.P. for Gloucester and the candidate, W.B. Snowball. Mayor Hickey, Conservative Candidate, addressed two large meet-

ings Friday night, one at Redbank and the second at Whitneyville. At Redbank, in addition to Mr. Hickey were Hon. Dr. J.B.M. Baxter, K.C., M.P. and Ex-Mayor Fish of Newcastle. The hall was crowded with electors who listened to the address with the utmost enthusiasm. In the main Mr. Baxter dealt with Maritime rights. He also took up the question of Railways and freights. At Whitneyville in addition to the candidate the speakers were the Provincial Organizer, Major Brooks, and Ald. Watling of Chatham. The hall was well filled and the interest of those present was evidenced by their frequent applause.

W.B. Snowball, the Liberal choice, spoke at Bay du Vin Friday night. Hon. A.B. Copp, who is taking an active part in the campaign, also spoke. W.F. Cassidy completed the quota of Liberal speakers.

BECOMES HEAD OF SUPREME COURT OF THE DOMINION

Ottawa, Sept. 17.—The appointment of Hon. Francis Alexander Anglin a puisne judge of the Supreme Court of Canada to the position of chief justice of the Supreme Court of Canada was announced tonight. Chief Justice Anglin succeeds the late Rt. Hon. Sir Louis Davies in this position. Simultaneously with the announcement of this appointment it was announced that Edwin L. Newcombe Deputy Minister of Justice and Judge Malouin had retired. The latter was appointed about a year ago.

Chief Justice Anglin was born in St. John in April 1865, a son of Hon. T.W. Anglin, a former speaker of the House of Commons. He was called to the bar in 1888, created King's Counsel in 1902 and appointed puisne judge of the High Court of Ontario in March 1904. His appointment to the Supreme Court of Canada dates from Feb. 20, 1909. Judge E.L. Newcombe has occupied the position of Deputy Minister of Justice since 1859 and was called to the bar of Nova Scotia in 1883. He has represented the Dominion on a number of important cases before the Imperial Privy Council;

he was appointed representative of the Government of Canada to confer with the British Government on the subject of Canadian copyright in the year 1895 and was one of the commissioners and chairmen of the special committee for the consolidation and revision of the statutes of Canada in 1902 and 1906.

HUNTING MOOSE SEASON STARTS OCT. 1

Many Enquiries from United States Seeking Big Game.

The season for hunting moose will open on Oct. 1, and judging from the number of enquiries received, many from the United States are considering spending a vacation in the New Brunswick forests, seeking big game. Some have already arrived and are putting in the interim seeking deer and ducks. So far as can be learned very few deer have been brought out since the opening of the season on Sept. 15. They are said to be numerous, but scarcity of the undergrowth is handicapping the hunters.

TEACHER ILL

Owing to the illness of Mr. Joseph Campbell, teacher of Grade 8 in Harkins Academy, no school was held in that grade yesterday or today.

THE PRIME MINISTER TO SPEAK

Are you going to the Liberal meeting tonight in the Opera House to hear Rt. Hon. MacKenzie King, Prime Minister of Canada? Certainly you are! The Prime Minister is a fluent speaker and people like to hear a good orator no matter whether he talks on socialism, religion or politics. Mr. King is deserving of your presence, because of the high position he holds and should receive an attentive hearing from the electors of Northumberland on whom the whole Dominion of Canada has its eyes at the present time.

The Prime Minister, no doubt will tell Northumberland County electors all about the many advantages it may expect, if it elects Mr. W.B. Snowball on October 7th. He will also probably tell us all about the many concessions we received and the great things his government has done for us since it came into power. We have no objection to his doing so, as we are satisfied that the electors of Northumberland are intelligent people and are quite capable of deciding the issues within their own minds, irrespective of what Mr. King may say he did, had not done, or intends doing.

This is the second time Mr. King has spoken publicly on the Miramichi, but his first appearance in Newcastle. The last time he was here in 1921, he spoke in Chatham and the people of this county have not forgotten the promises he made on that occasion and which are yet to be fulfilled. Northumberland is not to be fooled again,—once is enough, and polling day will tell the tale.

Mr. King cannot afford to lose Northumberland in this by-election and if it is at all possible for him to be left unturned. But the indications are, that he is playing a losing game. Nevertheless, it will be well for the electors to attend his meeting, hear what he has to say, and then go to the ballot boxes on polling day, exercise their franchise, and we have no fear of the result.

NEW HANDBOOK ON THE MARITIMES

Much Information Contained in Publications of Natural Resources Intelligence Service.

When the Scottish editors visited the Maritime Provinces recently they remarked on the lack of knowledge in Scotland of this portion of Canada. This same condition exists elsewhere, unfortunately. To overcome as far as possible this discrepancy, the Natural Resources Intelligence Service of the Department of the Interior at Ottawa has issued two handbooks, one on New Brunswick and the other on Nova Scotia. These reports contain a large amount of information that should be known about these provinces by their own people. It is suggested that those interested should send to the Director of the Natural Resources Intelligence Service for copies, and that they advise those whom they would like to know more about their home provinces to do the same.
