PATIENT DEVELOPS FEVER—A boy who was a patient in the General Hospital developed scarlet fever there yesterday, and was removed to the Fever Hospital.

24 Sealers.

The largest sealing fleet which have gone to the North in many years will sail to the front and the Gulf this spring—24 vessels in all. All are now ready except to take in supplies, and some to coal. The Stephano, Lloydson, Erna and Sagona are yet to arrive here, but will be all in port after a week or so. Seventeen will go to the front and seven will hunt the harps in the Gulf.

HOCKEY MATTERS.—The city 14 had their first practice last night in the Prince's Rink. The ice was soft and fast play could not occur. This evening at 6 o'clock another trial game will take place. Bulley, McPherson and Vinnicombe are still ill and could not play last night.

MADRID, Feb. 19.
It is stated that Spain will compensate France for her sacrifices in Morocco in order to prevent intervention by Germany in the negotiations. Compensation will consist of a diminution of the Spanish zone in South Morocco.

LONDON, Feb. 19.

While the fact that no official denial has been given to the persistent report of the impending retirement of Premier Asquith, and the succession of either Lloyd-George or Sir Edward Grey, is in itself significant, the well known parliamentary correspondent of the London Standard, John Foster Fraser, claims to have definite knowledge of the subject. "I am able to state," he writes, "that Asquith will shortly resign, and that Grey, and not Lloyd George, will be appointed Prime Minister. Lord Lorneburn will retire from the Lord Chancellorship, which office will be taken by the present Prime Minister."

LONDON, Feb. 19.

A slashing attack was made on the Government in the Commons this afternoon when a vote of censure was introduced in the shape of an amendment to the Address in Reply to the Speech from the Throne, complaining that the Government had not fulfilled its pledges to reconstruct the House of Lords. F. E. Smith, who represented the official opposition, said that the Government had made a flagrant shuffle out of a plain promise, under duress from the Nationalists. Two years ago, he said, the Government bamboozled the Nation with the promise of a measure for reconstruction of the House of Lords but immediately after the election the mask was thrown off, and the Government took refuge behind the phrase "if time permitted." Their conspiracy with the Nationalists prevented this being found until the Home Rule Bill passed. Sir John Simon, in reply, denied that the Bill was a result of conspiracy, but a tardy measure of justice by which the Liberal party was about to reconcile the Irish people with the rest of the United Kingdom. The debate is expected to last two days.

LONDON, Feb. 19.

In view of the approaching miners strike, the price of coal was raised today a dollar a ton. Hotels and factories are buying up fuel in such large quantities that a further rise in price is expected soon. The Conciliation Board resumed its efforts to-day to bring about peace, but it is said that the members had little hopes of success. While all preparations are being made, the coal fields of the United Kingdom are for war rather than for peace; there is just a gleam of hope that the threatening strike of over a million men may be averted. The fact has just been disclosed that William E. Harvey, the Labour member for North East Derby, who is Secretary of the Miners' Federation, accompanied by five representatives of the English miners, is holding meetings privately with five mine owners in the hope of preparing a basis of peace. Besides this, the Conciliation Board meets to-day. Should any progress be made in an effort to reach a settlement in England, South Wales and Scotland will remain the chief obstacles to an agreement.

The adventures of a whiskey bottle which drifted with the ocean currents all the way across the Atlantic, arrived in a letter received from England by J. C. Lavin, a New York engineering expert. Mr. Lavin threw the bottle over the rail of a houseboat on the Long Island Coast in August 1909. He left a card with his name and address inside, and has just received a response from Merionethshire, Wales, saying that the bottle was picked up there on Dec. 20. It took the bottle nearly two years and four months to cross the ocean. When picked up, the odor of whiskey was still strong, according to the Welsh preacher who found it.

As a Cure for Whooping Cough

A medicine that will cure whooping cough can certainly be relied upon to overcome all ordinary coughs and colds. This is about the severest test, and one to which Dr. Chase's Syrup of Linseed and Turpentine has frequently been put with the most satisfactory results. Mrs. John Chesney, Innerkip, Ont., writes:—"We have used a dozen bottles of Dr. Chase's Syrup of Linseed and Turpentine. It cured my little girl of whooping cough when the doctor had given her up, and since then we always keep it in the house as a treatment for coughs and colds. It is the best medicine we ever used." In spite of imitations and substitutes the sales of Dr. Chase's Syrup of Linseed and Turpentine keep right on increasing, and this is, we believe, the most substantial evidence that can be offered as to the reliability of this well-known medicine as a cure for croup, bronchitis, whooping cough and kindred ailments. 25 cents a bottle, at all dealers, or Edmondson, Bates & Co., Limited, Toronto.

The situation in Manchuria is daily becoming more desperate. Kang Ku Wei, who led the reform movement in 1898, has thrown his influence in with Chao Huanan, the viceroy, and together they will make a determined fight to resist the new order of things.

LONDON, Feb. 19.

The National Transport Workers' Federation, at a meeting this afternoon, decided to help the coal miners in every possible way in the event of a strike. This will be by refusal to unload imported coal.

LONDON, Feb. 19.

The Imperial dragon has been pulled down and the flag of the Republic flutters over all Chinese legations throughout Europe to-day. All the diplomats have discarded their queues, according to an order passed by President Yuan Shi Kai. Hereafter they will wear the evening dress of the Occident when they appear at Court or other official functions.

Very Enjoyable Re-Union.

One of the most successful and enjoyable soirees ever held by the T. A. & B. Society took place last night in the Hall, and over 150 couples participated in it. The soiree was held in the Theatre which was beautifully decorated and festooned with bunting, while the stage effects which had been set at different places in the Hall heightened the pretty effect of the other decorations. Dancing began at an early hour, the splendid brass band of the Society discoursing the music in capital style. The catering was done by the Messrs. Furlong, of Smithville, in their own inimitable style, and at midnight supper was served, the menu being of an excellent character. At the conclusion of this the following toast list was discussed:—"The King," prop. the Chairman; resp. "God Save the King." "His Grace the Archbishop and Bishops," prop. the Chairman; resp. "President Bates." "The Society," prop. Mr. S. Church; resp. Vice-President L. J. Griffin. "The Ladies," prop. Secretary G. J. Coughlan; resp. Mr. M. F. Summers. Notes were received from the Premier, Rev. Dr. Kitchen, the Spiritual Director, and President W. J. Ellis regretting that they could not be present. After supper dancing continued with unabated zest till after 3 a.m. To-day, Mr. Chairman James J. Nangle and the energetic committee who worked with him the success of the Soiree is due, and they deserve the congratulations which were extended which were extended them.

Marine Notes.

The schr. Grand Falls, Taylor, master, which is being repaired at Cadiz, should leave for here during the week.
The Dorothy Baird, Keating, master, should leave Barbadoes for this port during the week.
On arrival here the s.s. Glencoe will go on dock to be given necessary repairs.
The Stephano left New York to-day for this port via Halifax.
The Adventure leaves Louisbourg to-day with coal for A. J. Harvey & Co.
Job Bros. had a wire yesterday stating that the Mildred, Capt. Whitshire, had arrived at Oporto.
The s.s. Morten on discharging will go to Louisbourg for another coal cargo for the Reid Nfld. Co.
There is yet no word of the Grace, Empire and Dorothy L., all of which are making long passages from Europe. The latter vessel is now 86 days out from Oporto, but is no doubt meeting adverse weather and cannot reach port until an off shore wind clears the coast of ice.
Invermore arrived at Placentia at 4 p.m. yesterday, being delayed for over a week by ice in the Bay. Her passengers were:—G. Bartlett, J. Little, W. Bartlett, A. Giovanni and A. Miles.
