LOWNEY'S COCOA

Last Night's Lecture.

Rev. John Antle, Superintendent of the Columbia Coast Mission, lectured to a large audience last night in the Synod Hall. The theme of his discourse, which was of absorbing interest throughout, was the experiences of the esteemed cleric in the North West. At the opening His Excellency the Governor, who presided, spoke briefly on the self-sacrificing and zealous labors of the missionary. In commencing his remarks Mr. Antle referred to the wonderful work achieved but said nothing of his indi-

vidual efforts. This was another example of his modesty. The address was illustrated with lantern slides and pictures of lumber and mining camps and hospitals in operation were thrown on the screen. "Heal the sick, and say unto them, the Kingdom of Heaven is come nigh unto you," is the Biblical motto of the Mission.

At the close, Mr. Ruggles rendered a solo which was applauded by the audience. Votes of thanks to His Excellency the Governor for presiding, and to Rev. J. Antle for his lecture, were proposed by Rev. Canon Bolt and Sir William Horwood, C.J., and carried by acclamation. The rendition of the National Anthem brought the event to a conclusion.

For Dandruff, Falling Hair, or Itchy Scalp—25c. "Danderine."

SAVE YOUR HAIR! DANDERINE DESTROYS DANDRUFF AND STOPS FALLING HAIR AT ONCE—GROWS HAIR, WE PROVE IT.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair

roots fall out, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. One bottle will truly amaze you.

Last night the glass dropped steadily and it became intensely cold in the city and all over the country. Late last night the lowest temperature recorded was at the Quarry where the thermometer registered 6 below zero.

The ship had one of the most stormy trips in her experience. She will make another trip, going as far north as the ice will permit her.

Cable News.

Special to The Evening Telegram. LONDON, Jan. 7.

The Ambassador's office here held a long conference to-day at the Foreign Office. It is felt that in diplomatic circles that in the end they will force Turkey to accept the conditions that make necessary the new papers this morning call upon the Powers to prevent the resumption of war, and all insist that Adrianople is bound to fall, and should be given to Bulgaria. It is further added that the Islands captured by Greece should be restored to the Hellenic Kingdom.

The Standard voices the consensus of opinion of the British press in saying: "We look forward to the united action of the Powers, which will have the effect of removing the present deadlock, thus affording the Ottoman Government the necessary excuse for yielding to the inevitable."

M. Zenezaras, in a statement to the London Times, this morning, says: "No other solution is possible to peace, than the resession by Turkey of Adrianople and the Aegean Islands."

The Greek Prime Minister points out that the possession by Greece of all the Aegean Islands including those held by Italy will have fallen to the Greeks except for occupation by the Italians. He contends that the capture of the islands imposed great sacrifices in lives and money and was due to the efforts of the Army and Navy of Greece and were taken only after determined resistance by the enemy, and adds: "The Hellenic demands for the possession of the islands of Chios, Lesbos, Mytilene and Samos, but are superior rights acquired by Greece through conquest of war." He further declared that if the Powers granted the demands to the Allies they will ensure permanent peace in the near East with members of the Balkan Alliance living in perfect concord with their neighbors. He finally pledged the protection by Greece of all Mussulmans dwelling in the Aegean Islands, and assures them of equal standing and protection by law.

Week of Prayer.

At Cochrane St. Church the pastor, Rev. Mr. Whitmarsh, conducted the service, and offered the opening prayer, and was assisted by the Rev. Dr. Curtis who read the lesson, and also by the Rev. Dr. Rogers who was the speaker of the evening. With such a speaker as Dr. Rogers, and such a topic as "The Church Universal," the service and address could not be other than wise than edifying. The Dr. spoke for the space of sixteen minutes, and dealt very ably with the great question in hand, and showed what a great moral and spiritual force the Church had been in all the ages of the world, and that notwithstanding the various divisions and denominations, who were one in principle and purpose; therefore the poet had well spoken when he said, "Like a mighty army, moves the Church of God." The speaker laid strong emphasis upon the position and responsibility and mission of the Church in its divisions in name; but at the same time he rejoiced in its Divine commission and final triumph.

In its work of bringing the world to the foot of the cross. The address was full of hope and had about it, especially in its closing sentences, a strong ring and stirring note of victory. At the close of the address the usual service of song and prayer was continued and several of the leaders took part, and it was of a very helpful character and was in keeping with the question of the Church Universal. It is very gratifying to note that such deep interest is being manifested in the services, and it must certainly be a source of encouragement to all who have the spiritual oversight of the people. We sometimes think that we are secularized and commercialized and pleasureized; but after all, there lies within the soul and within the deepest recesses of the heart desires and tastes for that which is higher than all these things, and which is only found in the principle as exercised and taught by the Christian Church. Such a feeling of last night's meeting, and such seems to be the response of Humanity the world over. I. C. M.

An Invitation For Sir Edward

Special to Evening Telegram. BURIN, Last Evening. It was reported in the public news yesterday that Sir Edward Morris had been invited to Placentia to open the Coronation Club. We now invite him across the bay to open our new hospital; the building is about 12 by 18 feet, situated in a bog and was formerly a sheet house, but with the addition of a window or two has been converted into a hospital. We promise to disinfect it properly if he decides to accept the invitation.

The Police Court.

A vagrant was sent down for ten days. Two young men summoned for loose and disorderly conduct were ordered to pay costs. An assault case was withdrawn on payment of costs. A case against the owner of a house with a dangerous chimney was settled by giving him till Saturday, the 13th, to put it in repair. A charge of malicious injury to property was withdrawn. A charge of lewd and abusive language made against a girl was withdrawn.

FOOT BADLY FROZEN

After Escaping From Burning Home, Doctor Advised Amputation

Mrs. Jno. Marks, of Cameron, Ont., narrowly escaped losing her foot. She tells the story this way. "I had my foot so badly frozen after escaping from a fire which destroyed our home that the doctor in attendance advised immediate amputation. Before consenting to the operation I was induced to try Douglas' Egyptian Liniment, and it produced a most remarkable result. "After four or five applications the frozen flesh dropped off, and the foot began to show signs of improvement. It advanced wonderfully under the treatment, and was soon completely healed. "Egyptian Liniment certainly saved me from being horribly crippled."

A pleasing and simple dessert is made by adding a few chopped walnuts to apple sauce and serving it with whipped cream.
