CITY Vs. HALIFAX.

Visitors Win by Narrow Margin --Home Team Accepts Plucky Defeat--Three Goals Each At Full Time-Halifax Scored the Winning Goal-Locals Handicapped by New Time Arrangement--3,000 People Present--Fast and Clean Game--splendid Ice and Unbounded Enthusiasm.

The initial game of the much-talk ed of and anxiously looked forward to series of hockey games between the Halifax and City teams was pulled off at the Prince's Rink last night in he presence of upwards of three ousand spectators and terminated n the home team going down to deeat, after a strenuous battle.

The match took place under the nost propitious circumstances. The xhibition served out by the players vas creditable, particularly as it was o clean and not at any time did it ssume a tinge of what might be ermed in hockey parlance as rough-

The rink was never as much crowdd with people before on a similar ccasion, as standing room was at remium and throughout the matc! he wildest enthusiasm prevailed. At 8.30 the teams appeared on the ce, the personnel being:-

The visitors displayed their best nd endeavoured to attack the city goal but frequently were frustrated Parsons and Herder who were in ilnerable. As the result of a heavy ody check from an opponent Shortal ad to retire, to be replaced by Hut hings. At this stage the livelies lay for the night was witnessed 'ogswell and Hutchings were sent to the penalty box for a breach of etiuette and during their absence the cond period closed with the City goal in the lead.

On resumption it was thought that the home team had most of their trength to reserve and would win easy. Parsons and Patterson exhibited some individual and ineffective work. The visitors resumed the fast pace and off a pass from Patterson. McDonald dropped the disc behind funt and again the equalizer was re-

Hutchings then distinguished himhisplayed some pretty individual work self, he captured the puck near his own goal and went through the Hali-'ax team himself and notched up the 3rd goal for the City

Before full time was announced Patterson and Reardon were again uccessful in beating Hunt.

Both teams then took a rest and got ready for a play-off. The home eam put forward all that was in them nd gave the visitors an anxious time it. Higgins controlled the puck and gave the finest exhibition of individual play for the night but hrough a mix-up missed scoring. logswell then took possession and fanded the fourth and winning goal for Halifax.

RECOVERED .- Mr. William Lever who was in the General Hospital, and perated on for appeidicitis, has fully ecovered and is now about as usual

S we intimated in our daily news bulletin for February 14th, the past year has shown remarkable progress for the Nova Scotia Steel and Coal Company.

From the statement read at the annual meeting held in Montreal Tuesday, the 17th inst., we now learn that the net earnings touched the highest level in the history of the Company, representing an increase of almost 25 per cent. over 1912.

After interest was paid on bonds and to banks, and sinking Ind was provided for, the sum of \$827,717.51 was available for interest on the 6 p.c. Perpetual Debenture Stock - for which only \$109,559.78 was required.

This record earnings statement of the Company, its able and conservative management, together with its staunch financial position and excellent prospects for continued growth, all constitute sound reasons for a purchase of its most widelyknown security-the 6 p.c. Perpetual Debenture Stock.

HEALTHY AND UNHEALTHY LIGHTING.

Gas, it may be said, vitiates the atmosphere. True. But it also helps to purify it. Its purifying power is greater than its vitiating power. Electricity does not vitiate, nor does it purify. Hear what three eminent men have said:

Much evidence has lately been adluced to show that gas is more useful ficent ventilation of air. ing frequently substituted for the electric light.
