TO-DAY'S Messages.

THE PRESIDENT'S PROPOSALS.

WASHINGTON, To-day. President Wilson today laid his plan for averting the threatened railway strike before the employees' committee, and having found the managers' committee adamant to his proposals that they accept an 8 hour day, he appealed to their Presidents and asked them to come to the White House for a conference. There is every indication that if the railroad Presidents sustain the Managers, President Wilson will appeal finally to the financial powers which control the roads, for it is his purpose to deal with the ultimate authority before he gives up his effort. The President's plan is expected to be formally accepted by the employees' committee meeting to-morrow morning, with the proposed 8 hour day as a basis for computing the wages and regular pay at the 8 hour day rate for overtime, and to refer all other collateral issues to a small commission to be created by Congress at which the employees of railroads and the public will be represented. The acceptance of the proposal by the employees is forecast by the expressions of the leaders after they left the President's conference. One of them declared the men would be fools not to accept it.

NO NEWS FROM ANY FRONT.

LONDON, To-day. For the first time in weeks no change of importance is reported in any theatre. On Thursday the most violent fighting took place at the Western end of the British salient on the Somme. Six times the Germans advanced in force in a desperate effort to bend back the British lines northwest of Poelers. London reports all these assaults were repulsed with heavy losses, and that the British in turn captured about 100 yards of trenches northwest of Bazentin. Something of mystery exists as to the situation on the Eastern front. For two consecutive days the Russians continue themselves to brief statements that nothing of importance had occurred. The Austrian and German War Offices have been almost equally uncommunicative. The only fighting mentioned by Vienna was the repulse of Russian attacks on the lines of General Von Bothmer, who is in command of the Teutonic forces retiring from the Tarnopol front. Berlin reports the repulse of Russian attacks south of Brody. The fall in the Italian operations against Trieste is unofficially explained from Rome as due to the general offensive against the great Austrian seaport; German seaplanes again raided Venice, but Rome says they caused only slight damage.

BRITISH STEAMER TORPEDOED.

LONDON, To-day. The British steamer Whitgift, previously reported missing, is now understood to have been torpedoed and

sunk on April 20th, says Lloyd. The sole survivor was a Japanese. The Whitgift sailed from Almeria, Spain, on April 12, for Tyne, and was last reported leaving Gibraltar on April 13. She was 4397 tons, and was owned in London.

SUBMARINE OFF GRAND BANKS.

BOSTON, To-day. The sighting of a large submarine, believed to be the German merchantman Deutschland, off the Grand Banks last Saturday morning is reported by members of the crew of the Warren Liner Sache which arrived to-night from La Palice, France, and Liverpool. The submarine was travelling in a northeasterly direction at moderate speed.

BELGIANS TAKE KAREMA.

HAVRE, To-day. A brigade of Belgian troops has captured and occupied the port of Karema on the eastern bank of Lake Tanganyika, German East Africa, says an official announcement.

PORTUGAL TO COME IN.

LISBON, To-day. Major Norton Mattos, Portuguese Minister of War, announced that Portugal soon will participate in the fighting on the side of the Entente Allies.

FIGHTING AT VERDUN.

PARIS, To-day. Heavy attacks were made by the French last night on the Verdun front after violent fighting; at Fleury, east of Meuse, they expelled the Germans from part of the town which had been captured, says the official statement of to-day.

Note of Thanks.

Dear Sir,—Through the medium of your paper we desire to express our sincere thanks to His Excellency the Governor and Lady Davidson, Hon. J. R. Bennett, Rev. Canon Field and the many other kind friends from whom we have received expressions of sympathy for the loss of our dear boy, Private Wm. Editor Evening Telegram:

Dear Sir,—Please allow me in your paper to thank all the very nice people who were so generous to us at the Old English Fair. I had a very happy time even many mice also came, but some did not return to their homes for I took several of them in a quiet corner, and just so, had a real nice party to myself. Oh! I have to thank so many kind people who helped us. Now first there was dear Jenny who gave many little boys and girls a ride. She is a real good sort but she must feel so proud to be the only Donkey in Newfoundland. She is a real nice member and she worked so hard to earn all these dollars. She went many miles of love for the sake of the Orphans. Many thanks, dear Jenny, and that nice master of yours who looked so smart as Mr. Scott. Also I thank Bruce for his dollars so well earned, also his dear English Maester who kept him company. My cart is really not large enough to take little girls and boys in for rides, but it is very nice when loaded with dollars, so it comes in useful after all. And, did I hear such good news that a nice new Orphanage is going to be built? Well, I must still work harder and harder. I have 357 members and some money in my box. Come on, 365. Did I dream that some kind lover of children was going to give a nice little bit of land for a new home. I hope my dream comes true, don't you. Then there was another of my members who has sold many dollars worth of my pansy maket. His name is Chin Chin, he is really a jolly little fellow. He comes from China. But by his looks he enjoys living in Newfoundland for his tail is always wagging and he has a smiling face with two nice large black eyes to roll round. He and his kind mistresses did lots of work for our Fair. Many thanks, keep going. Many thanks to our member Maggie with her pedlar's pack who found so many generous buyers for the Gem Cigarettes, etc. They must be good for they sold so very quickly. Many thanks to the Imperial Tobacco Company for the very generous supplies. Also to my big master for the gift of cigars. I must thank him and also my big mistress for the swags, etc. They were very much enjoyed. And to Nellie, the pony, for the use of her field. Then I have to thank the Sunshine girls for their jolly entertainment, but they, too, enjoyed it for they looked so well and happy. Then those nice boys from Mount Cashel who did those lovely gigs. Many thanks to you all. My little mistresses had two very happy days. They did enjoy themselves. I also thank all my friends at Government House and their friends who were in many ways so generous in making and sending some lovely things for my stall; the candles were just lovely from two friends.

I must thank Tatters for his nice letter, and he sent me for my box a dollar. He was sorry he could not come to our fair, but a good friend of his was in bed with measles, so he stayed at home to look after her. Dear Tatters one good turn deserves another, she will perhaps find the sweetest bones for you. Yes, I have your friend Babe from Boston, many thanks. Now I must stop this letter before I do it will say thank you all and with grateful regards.

Your loving friend,

The Refugees.

Past the marching men, where the great road runs,
 Out of burning Ypres three pale woe-
 men came, the first a woman, the second
 One was a widow (listen to the guns!)
 She wheeled a heaped-up barrow. One
 walked lame
 And dragged two little children at her side.
 Tired and coughing with the dust, the
 third
 Nestled a dead child on her breast,
 and tried
 To suckle him. They never spoke a
 word.

So they came down along the great
 Ypres road,
 A soldier stayed his mirth to watch
 them pass,
 Turned, and in silence helped them
 with their load,
 And led them to a field and gave them
 bread.
 I saw them hide their faces in the
 grass,
 And cry, as women cried when Christ
 was dead.

DEVOE PAINT FOR LESS

than it has ever been offered before.

Commencing to-day we will sell our entire stock of Devoe Lead and Zinc Paint at **10 per cent. Less** than the Regular Price, on all Cash Purchases.

DEVOE will Paint your house for half or two-thirds or three quarters your usual cost, and wear as much longer as it costs less.

It is the strongest Paint there is, and takes less gallons. Its strength is the reason it takes less gallons.

Less gallons to buy; less money for that. Less gallons to paint; less money for that. As the painting costs more than the paint, so the saving on painters' wages is more than the saving on the paint itself.

Emperor William Designs a New Memorial Card

Copies of which are to be sent suffering People.

New York, Aug. 14.—In the midst of his labors on two military fronts and in the farthest fields, according to the Morning Post's correspondent in Bern, the Kaiser is designing a memorial card, copies of which are to be sent to the kinsmen of German sailors lost in the war. This production of the Kaiser is thus described:—"On the card is a picture of Christ, holding out both hands in blessing over a sinking ship. Surrounding the figure of Christ are the words:—"Which stilleth the noise of the seas, the noise of their waves and the tumult of the people." Under the picture is this inscription:—"To the memory of— He died for the Fatherland."

Gallipoli Hero Welcomed

BY BRETHREN OF L. O. A.

Last night the members of Leeming Orange Lodge at their regular meeting accorded an enthusiastic welcome to Bro. Private Bert Harris, of the Newfoundland Regiment, who is invalided home as a result of injuries received while fighting in Gallipoli. Speeches were made by R.W. Bros. J. C. Puddister, Deputy Provincial Grand Master, and Rev. H. Royle, to which Private Harris made a suitable reply. In a manner befitting a soldier he reviewed the life of the Regiment from the day he left his native shore till he was stricken with trench disease and sent to hospital. He spoke of the Regiment's popularity at every place they visited; of the splendid spirit of our boys, which was manifested under all conditions; of the trip across the Atlantic and at Salisbury, Aldershot, Edinburgh, Stob's Camp, Cairo, Egypt, and on the shell torn and winter swept battlefield of Gallipoli, where our men proved as hard as steel in battling with the severe and unusual weather which practically thinned out other regiments. In speaking of the big drive on July 1st, he said it was what might have been expected of our boys, for when the order to charge was given every man was ready to go over the parapet and, if necessary, lay down his life for the cause. Friends of those who had paid the supreme sacrifice may be comforted by the fact that each man died willingly, and was fully prepared to answer the last call. At the conclusion of the address, he was heartily applauded by the large number of Orangemen present. Following the closing of the meeting refreshments were served in which the health of the returned brother soldier and other toasts were honoured. Over one thousand members of the Orange Society in Newfoundland are serving in the Army and Navy.

THOUSANDS OF CHILDREN DYING.—A Newfoundland lady, writing from New York to her parents in the city, gives an interesting account of the manner in which the big city is fighting the terrible epidemic of infantile paralysis which is cutting off thousands of young lives, and in some cases claiming even adults as victims. A gathering of specialists from all over the country is now in session at New York, where it is hoped some effective means will be discovered to stamp out the disease.

A Blood-Food Discovered That Entirely Overcomes Anaemic Weakness

CAREFULLY INVESTIGATED REPORTS ESTABLISH TRULY WONDERFUL RESULTS.

Heretofore it has often been a hopeless task for a thin-blooded person to gain either strength or weight. Neither food or medicine in many instances had beneficial effect. What is practically a perfect blood-food, containing such elements as iron, has at last been produced, and when taken after meals will put new life and vigor into people that have despaired of ever being strong again. This truly wonder-working treatment consists of taking two small chocolate-coated Ferrozone Tablets at the close of every meal.

This wonderful blood-food supplies nourishment, vim, energy—sends a stream of vigorous, strength-making blood to every nook and corner of the body, makes every muscle and fibre sing with new-found life and health. That gnawing tiredness leaves you—Ferrozone drives it away. Sleepless nights are turned into periods of rest, and you pick up fast. Day by day your appetite improves.—this means more food is transformed in nutrition that will build and energize weak systems. The inclination to worry passes away because Ferrozone imparts nerve-tone and bodily strength that prevents depression.

Think it over—Ferrozone is a wonderful tonic, in fact, it is more than a tonic, because it establishes health that lasts. Thousands use it and thereby cleanse and restore the entire system to a perfect condition. You'll feel the uplifting power of Ferrozone in a week.—It's a sound to help you if you only give it the chance. Sold by all dealers, 50c. a box or six boxes for \$2.50; be sure of the name Ferrozone. Forwarded by mail to any address if price is remitted to The Catarhazone Co., Kingston, Ont.

Wedding Bells.

At the R. C. Cathedral, on Wednesday last, Mr. John Farhey, of the West End, led to the altar Miss Josephine Colman, second daughter of Mr. Edmund Colman, popular shoemaker of Water Street. The bridesmaid was Miss Annie McCarthy, the bridesgroom was Mr. Thomas Colman, brother of the bride. After the ceremony was over a reception was held at the residence of the bride's brother, Mr. Jas. Colman, Carter's Hill. Mr. and Mrs. Farhey left by train to spend the honeymoon with her aunt, Mrs. M. Coady, of Bay Bulls. The presents were costly.
