"Czarina"

WAS LORD BRASSEY'S YACHT.

The three-masted schooner Czarina referred to in a message of our own correspondent at St. Pierre yesterday as being picked up dismantled off Point Platte and towed to the former port, was formerly the cruising yacht

of Lord Brassey, the famous English sailor and sportsman. At the commencement of the war she was used as a hospital ship attached to the Serbian Red Cross but was later purchased by the Monroe Export Co. her present owners. On reaching this port her engines were removed and an additional mast added, thus converting the yacht to a three-masted

schooner. Capt. Taylor, formerly of the schooner Nettle M., is in command. If the damage cannot be repaired at reasonable cost at St. Pierre she will be towed on here. If so it is possible that the French steamer Pro Patria which rescued her will be given the job.

Chicken Raising In Earnest

Mr. Leonard Earle, "Altadena" Farm, Logy Bay Road, has demonstrated to our local poultry raisers that what was once the impossible is now practicable, for up to the beginning of last week he was successful in hatching four hundred and twenty healthy chickens. Mr. Earle, with an eye to business, has taken hold of the poultry raising in a systematic manner and out of 160 laying hens he averages one hundred eggs a day. We understand the members of the Poultry Association intend paying a visit to "Altadena" Farm this week.

Citizens' Committee

AGAINST INCREASED CITY TAX.

At last night's meeting of the Citizens' Committee, Vice-Chairman W. A. O'D. Kelly presided, the attendance being exceptionally large. The deputation to the Joint Select Committee submitted their report, which was gone over by the Committee, after which the Secretary's report on the Committee's findings during the past year were discussed. Mr. N. Andrews proposed and Mr. P. Gough seconded the following motion, which was passed unanimously: "That the Citizens' Committee make a recommendation to the Joint Select Committee that no increase be made in the 'City Tax' (water and sewerage) during the present war." The remainder of the report will be gone over on Wednesday night. It is rumoured that certain members of the old Civic Commission have some additional sections to be added to the Charter.

"Local Raider"

STRANGE STEAMER REPORTED.

While on a recent trip to Sydney for a load of coal a sealing steamer was sighted within the radius of about a couple of miles by a large unknown steamer, which was apparently bound from a Canadian to an American port. As soon as the stranger sighted what she took to be a German raider a short distance to the rear of her, the consternation that followed on board can be imagined, as immediately she altered her course and "hiked" it off in a different direction at a rate that would give the ordinary sea observer an impression that she was a trans-Atlantic liner on her maiden voyage and out for beating all previous records. The antiquated local craft kept peering away on her voyage at top notch speed, which was about 7 knots, and her rival soon disappeared from view. No little chagrin was caused those on board the sealer by the conduct of the other, but the limit was reached when the local ship intercepted a wireless message transmitted from the stranger and reading in effect that she was being chased by a German raider.

POULTRY ASSOCIATION MEET.—At the regular meeting of the Newfoundland Poultry Association held in the Board of Trade rooms last night, President H. W. LeMessurier presided. In view of the high cost of living it was decided to raise all the poultry possible this year.

WHAT BISMARK SAID OF WILHELM.

St. Louis Post-Dispatch.—Bismarck said of the Kaiser in 1891: "I pity the young man; he is like the foxhound that barks at everything, that smells at everything, that touches everything and that ends by causing complete disorder in the room in

which he is, no matter how large it may be." Surely there is complete disorder now.
