

An Appeal to the People of Newfoundland!

(Continued from 4th page.)

sory assignment of pay, equivalent to the difference between the Separation Allowance and such payment, but not exceeding 15 days pay of rank (Working pay and field allowance excluded), of the officer or soldier, may be put into effect against the officer or soldier.

(a) Where the wife is separated from her husband as above and is living apart from the children and is not charged with their care, Separation Allowance, or Assigned Pay or a portion thereof, subject to any valid claim of the wife by virtue of Separation Agreement or Judicial Decree, may be issued to the Guardian of the children.

(b) If the wife has been separated from her husband by Separation Agreement or Judicial Decree, and it does not appear that the husband is absolved from supporting her, and if the wife furnishes a satisfactory explanation for not having obtained a judgment for alimony, Separation Allowance may be issued to the wife.

30. Where the wife is separated from her husband not by virtue of a written Separation Agreement or Judicial Decree, and the wife for a reasonable time prior to the enlistment of the officer or soldier, was separated from him and was not in receipt of any payment from him, no issue of Separation Allowance will be made.

31. A mother whose husband is, through physical or mental disability, entirely incapacitated, from earning a living, will be treated as a widowed mother, and granted the allowance provided the officer or soldier prior to enlistment was or subsequent to enlistment has become her sole support, and the officer or soldier is unmarried within the meaning of Para. 10.

(a) Any material improvement in the financial condition of a mother receiving the Allowance as a widowed mother, must be at once communicated to the officer issuing Separation Allowance and Assigned Pay, and the withholding of such information whereby payments have been obtained, shall be deemed to constitute fraudulent action.

32. If otherwise eligible, a widowed mother dependent

on two unmarried sons, one of whom has enlisted in the Force, will be entitled to the Allowance when the remaining son enlists; and a widow with three or more unmarried sons, on whom she is dependent, will be entitled to the Allowance when a third son has enlisted.

33. The Allowance of a widowed mother will cease on her re-marriage, or upon the marriage of her son, in respect of whom the Allowance has been granted.

34. The Allowance may be granted for such adopted children of an officer or soldier as are, in the case of boys, under the age of sixteen, and in the case of girls, under the age of seventeen, provided such children have been regularly supported by the officer or soldier.

Section 7.—Procedure for Making Claims — On Enlistment.

35. On appointment, every officer, and on enlistment, every soldier, claiming separation allowance for a dependent shall report to the Paymaster of his unit and fill out a Separation Allowance and Assigned Pay Card. All applications for the Allowance on the grounds of "Sole support" and as "Guardian" must be accompanied by a Statutory declaration and such other documentary evidence as may be required to substantiate the claim.

36. A soldier who has a dependent but considers such dependent not eligible for Separation Allowance under these Regulations will be required to deliver to the Paymaster of his Unit, a statement under oath of the reason why he considers such dependent not eligible for the Allowance. Otherwise if such dependent will make a claim for Separation Allowance it will be taken for granted that the officer or soldier knows no valid reason why the allowance should not be granted and a compulsory assignment put into force against him.

37. Where the claim for Separation Allowance under Para. 35 is refused as inadmissible, the amount of pay assigned by the soldier will be paid to the person named, unless it appears that the soldier has a dependent eligible for Separation Allowance, in which case the Separation Allowance may be granted to such dependent and an assignment may be put into force against the soldier in favor of such dependent. In such cases the soldier will be informed of what action has been taken by the department.

and a similar notification will be sent to the dependents concerned.

Claims After Enlistment.

38. An officer or soldier intending to marry must inform his paymaster of his intention to marry a sufficient time in advance of the marriage, to allow steps to be taken to discontinue the issue of any Separation Allowance or Assigned Pay previously authorized for another dependent on his account. He will at the same time, state whether any such issue of Separation Allowance or Assigned Pay has been authorized; and if so, to whom.

In such cases, if Separation Allowance or Assigned Pay has previously been authorized for another dependent, the paymaster will at once take steps to have it discontinued. The issue to the wife shall not commence until the issue to the other dependent has ceased, which should be at the end of the month in which the marriage has taken place.

39. As soon as the marriage has taken place, upon the production to the paymaster of the marriage certificate, a notification showing the date and the place of the marriage, and the wife's full name and address, will appear in Part II. Orders, and a Separation Allowance and Assigned Pay Card will be completed by the officer or soldier and delivered to the paymaster. The latter will satisfy himself that the wife of the soldier is of a good character before any action in respect of payment is taken. If there is any doubt in the matter, the fullest enquiry is to be made by the paymaster, and a report sent to the officer issuing the Separation Allowance and Assigned Pay.

40. An officer or soldier who has not, on enlistment, claimed Separation Allowance for a dependent may afterwards submit a claim through his paymaster.

41. In cases of dependents other than wives and legitimate children, unless the application for Separation Allowance is made within thirty (30) days of appointment or enlistment, no arrears of the Allowance will be issued for the period prior to application.

Valuable Animal in Our Midst.

The public despatch last night brought a very interesting item from Kentucky, that "Real Lady," 3 years old had taken a new world's trotting record, covering the mile in 2.08 (2 Real Lady in minutes and 3 seconds). "Real Lady" is half-sister to Howard Mann, 2.17, imported this Spring for breeding purposes. Farmers and horse owners should feel charmed at having access to so royally bred an animal as Howard Mann. The actual photographs of Real Lady, her owner, driver, and owner's wife are in the hands of one of the city horsemen.

Wedding Bells.

A very pretty wedding was solemnized at the home of Mr. and Mrs. M. Pike, Tuesday afternoon, at 3.30 o'clock when their daughter, Jessie May, was united in marriage to Mr. Frederick Arthur Pretty, engineer with the Reid Nfld. Co. The ceremony was performed by Rev. H. Royle. The bride looked charming in a gown of cream satin and wore a veil of embroidered net and a wreath of orange blossoms and carried a bouquet of sweet peas and maiden hair fern. The bride was attended by her sister, Mrs. Fred. McKay, who wore a gown of pale blue silk with black picture hat and carried a bouquet of pink sweet peas and maiden hair fern. The groom was ably supported by Mr. Hayward Pike. Both were recipients of many valuable and handsome presents. After the ceremony refreshments were partaken of. The happy couple drove to Waterford Bridge where they entrained for Keligrews where the honeymoon will be spent. The many friends of the bride and groom wish them bon voyage over the matrimonial sea of life.

Council Meeting.

At that night's meeting of the City Council the Colonial Secretary, wrote in reply to the Council's protest against granting rights to any parties for control of the waters of Mobile River. The Council's protest will be submitted to the Executive Government.

The Reid Co. wrote accepting the Council's water rates at 7 cents per 1,000 gallons, for use in the cold storage plant. The company also requested the service be anti-freezing. The Engineer will consult with the company's representative.

W. J. Ellis forwarded plans for proposed additions to the Court House building. The Council while approving of the plans should have been furnished with them before the work was commenced.

Soper and Halley's plans to erect buildings on Franklin Avenue were not approved of as there is no water or sewerage in the street.

In relation to the Small Homes Act the Council will only give permission to persons whose financial circumstances do not permit them to go on with the work.

Mayor Gosling referred to the Social Service Congress which visited the city during the week, and spoke of the visitors as men who knew much and were willing to spread broadcast what they knew. If the people accept their practical teaching they could not have other than beneficial results. The visitors were men who had devoted the best years of their life to uplifting suffering humanity and with the gain of everyday experience had a perfect knowledge of the subject on which they spoke. The Mayor asked to be put on record as appreciating their work.

The full Board approved of the Mayor's appreciation of the work of the Congress.

Obituary.

Among the gallant lads of our Regiment who have fallen recently is No. 2417, Pte. Charlie Sharpe. Severely wounded on Aug. 18th, he died in hospital the next day. Pte. Sharpe was born on Bally Haly Farm, St. John's, twenty-two years ago; but his boyhood was spent mainly at Terra Nova, where his father was for many years section foreman. Living a life close to nature as he did, Charlie grew a fine, manly lad. He joined the colours on April 3rd, 1916, and was sent to France in the following October, there making the supreme sacrifice after nearly a year of active service. Pte. Sharpe was one of our best type of soldier. Quick, intelligent, and obedient he could at all times be depended on to do that which was required of him. He was equally popular with his comrades. To Mr. and Mrs. Sharpe and family, now of Heart's Delight, we tender our deep sympathy in their great sorrow. While grieving for the loss of a dear son and brother they have this consolation that he died that we might live. Another son, Bert, is also in France since July 1916. He is a gunner with the Canadian forces. Previous to August last these brothers tried hard to meet whilst in France, but unfortunately they did not succeed.

Wedding Bells.

In the presence of their immediate friends at the Methodist parsonage, New Glasgow, on October 5th, 1917, a very pretty wedding ceremony was performed, when Mr. Henry Clarence Howsell and Miss Mary Jane Wiseman, both of St. John's, Newfoundland, were united in the holy bonds of matrimony. After the ceremony, which was performed by Rev. B. J. Porter, the happy couple motored to Trenton, where in their own comfortably furnished home they will reside.

Infectious Disease

Two cases of diphtheria and two of scarlet fever were reported to the Health Authorities within the past week. There are now at the Fever Hospital 11 diphtheria, 4 scarlet and 5 typhoid patients. There are no cases of infantile paralysis in the city at present and comparatively few in the outposts.

DIES AT INSANE ASYLUM.—A male patient of the Insane Asylum, who formerly belonged to Griquet, French Shore, died at the Asylum yesterday. The remains were given in charge of Undertaker S. G. Collier, who enclosed the body in a handsome casket at the request of the relatives of the deceased. The body will be placed on board the s.s. Fogota and sent to its late home.

DON'T NEGLECT YOUR SKIN!

An eminent specialist tells us that if only one-seventh of our skin were destroyed death would follow. It is obvious, therefore, that a diseased condition of even a small portion of the body's covering has injurious effects upon the health. Hence the necessity for keeping the skin free from disease, and for this purpose there is nothing so suitable as Zam-Buk.

Immediately a Sore, a Rash or any skin trouble makes its appearance it should receive prompt treatment with Zam-Buk. This rare herbal balm destroys all germs as soon as applied and prevents the disease spreading. Then Zam-Buk grows new tissue, which replaces the diseased, and the skin is quickly restored to health.

Zam-Buk contains absolutely none of the coarse animal fat or mineral drugs found in ordinary ointments, which invariably irritate and inflame and sometimes even poison the part they are intended to soothe and heal.

Speaking of Zam-Buk, the famous English Chemist, W. L. Macleod Scott, says: "I have analysed Zam-Buk and find it exclusively of vegetable origin. I have no hesitation in certifying its purity and value for skin diseases and injuries."

Zam-Buk is found in the homes of the best people of the Dominion today, because of its unique composition, and once tried its reliability establishes it as their household balm for all skin troubles.

Zam-Buk is unequalled for eczema, ringworm, running sores, abscesses, ulcers, boils, bad legs, blood-poisoning, piles, cuts, burns, scalds, and all skin injuries. 50c. box, 3 for \$1.25. All dealers or Zam-Buk Co., Toronto. Send this advertisement and 1c. stamp (for postage) and free trial box will be sent you.

SOLDIERS AT THEATRE.—A large number of returned soldiers and boys who are now in training were treated to a free show at the Nickel theatre yesterday, through the kindness of Manager Kiely. The pictures included the Nfld. soldiers at Barry and were much enjoyed.

A COLLISION.—A collision occurred on Water Street near Ayro & Sons premises last night between a motor car and a horse and carriage. As a result the animal was severely cut and had to be attended by a veterinary surgeon. The owner of the team is taking action against the motor man for damages.

Social Service Congress

Closing Session Yesterday Morning.

Rev. J. R. Saint, President of the Methodist Conference, occupied the chair at the final meeting of the Social Service Congress yesterday morning. He stated that the purpose of the meeting was to adopt in practical form some of the principles expounded during the Congress. The following resolutions were thereupon unanimously adopted:

Be it resolved,—That in the opinion of this Congress it is advisable, in order that the health of the city may be benefited, that full powers should be given to the Municipal Council (1) To deal with congested areas and unsanitary and dilapidated houses; (2) To employ and appoint a medical officer whose duty shall be to oversee and safeguard the health of the city;

Further Resolved,—It being understood that powers as indicated above have been drafted in a Bill which is now before the Legislature;

Be it resolved,—That the Legislature be requested to deal with the matter at its next session;

Be it resolved,—(1) We believe the laws of Newfoundland should be so amended as to make adultery a crime; (2) we believe much immorality would be prevented if parents and others, in charge of children, would teach them sex hygiene before their minds have been poisoned with untrue and impure ideas on this subject, and furthermore, we urge upon parents and others in charge of children, careful supervision of their play, their companions, and where they spend their evenings; (3) we request the Government of Newfoundland to enact legislation which will provide institutional oversight for delinquent girls;

Be it resolved,—That we recommend the passing of a law in favour of compulsory education in Newfoundland;

Be it resolved,—That we recommend a social survey be made of the city of St. John's;

Be it resolved,—That this Congress places on record its unequalled approval of the principles of the "single standard" in morals, and pledges itself to make every possible endeavour, such as the circulation of literature on the subject, to create a sound public opinion in regard to the principle;

respectfully requests the Government to have a Children's Protective Law enacted providing for the proper care of neglected, dependent and delinquent children.

That the Congress earnestly calls upon the Government and Legislature to make adequate provision for the care of the defectives and especially the defective females of child-bearing age.

(c) We recommend the development of the plan of placing out children in family homes, provided that adequate provision be established;

(d) We recommend such provision for delinquent boys as shall make it unnecessary to commit them to the penitentiary.

7.—Be it Resolved,—That the Congress highly appreciates the generous and hearty manner in which the press has reported the proceedings of the sessions. The press has ably cooperated with the Social Council in its work, for which the Council is thankful.

8.—Be it Resolved,—That the Congress place on record its high appreciation of the services of the visiting team of speakers—Canon Tucker, Dr. Shearer, Dr. Moore, Dr. Hart, Alex. Johnson, Esq. Their visit has been attended with great success and blessing is bound to follow to our Island Home.

9.—For the generous use of the Presbyterian Hall, the Canton Wood Hall, and the Methodist College Hall, the Congress is deeply grateful.

10.—Be it Resolved,—That we do now initiate a Social Service Council for Newfoundland.

That we adopt the same constitution as that used by the Canadian Council. The following Officers and Council were appointed:—

Hon. Presidents—The Archbishop of St. John's; the Bishop of Newfoundland; the President of the Methodist Conference.

President—Rev. Canon Smart.

Vice-Presidents—One to be elected by each body represented in the Council.

Secretary—Rev. Gordon Dickie, M.A. Treasurer—Hon. Dr. Robinson.

Committee—Representatives from each body represented on the Council.

The human heart is 6 ins. in length, 4 ins. in diameter, and beats, on an average, of 70 times per minute, 4,200 times an hour, 100,800 times a day, and 36,792,000 times in the course of the year, so that the heart of an ordinary man 80 years of age has beaten 3,000,000,000 times.
