## SPORTOGRAPHS.

### GUARDS DEFEAT SAINTS.

Eliminating all the others, the Guards, as the result of their game with the Saints last night, emerged successfully from the scrim, as semi-finalists with the Cadets in the Tie Cup fixtures. The play-off between the two for the silverware will take place to-morrow, as the big Junior League game between the Cadets and Wesley is scheduled for to-night. So cold was it last night that:

The boy sat on the upper stand. Where the breeze howl and whist! But he did not see the game at all. For he was frozen stiff.

By mutual agreement it was agreed that the game would consist of two twenty minute periods instead of the accustomed thirty. Mr. Ern Churchhill was referee, and though game was exceedingly fast, everything went as smooth as a "flat". Both the Saints and Guards gave a splendid exhibition and it would undoubtedly have ended scorelessly had "hot" Clouston been fouled inside the penalty area just four minutes before full time; and Charlie Quick's unerring shot found the piskin, enmeshed in the Saint's twines amidst great applause from the Guards' supporters. In the all too brief remaining moments the Saints made a wonderful rally in an effort to equalize, but the ref's whistle ended their hopes and aspirations—at least for this year. Three more games end the 1923 Football season, viz:

Seniors—Guards and Cadets.  
 Juniors—Wesley vs. Cadets; Holy Cross vs. winners of first game.

### TOMMY MILTON SETS NEW WORLD RECORD.

SYRACUSE, N.Y.—More than 65,000 persons saw Tommy Milton set a new world's automobile racing speed record for 100 miles on a dirt track at the New York State Fair to-day, the winner of the 500 mile race last year making the distance over the one-mile track in one hour, fifteen minutes and thirty-three seconds. The former record was one hour twenty-nine minutes and nine seconds, made by Eddie Hearne at Phoenix, Ariz., in

1919. Taking the lead early from Harry Hartz, who finished second at Indianapolis, Milton held it through to the end and finished two miles ahead of Hartz, who was second. Ira Vall was third, Ralph De Palma fourth and Eddie Hearne fifth.

### ANSWERS.

"Two Spot"—The world's amateur record for the three-quarter mile is 3 mins. 24secs. by T. P. Connell, which the little Irishman accomplished at Travers Island, New York, in 1895. This is perhaps the greatest of all amateur records and it will take a lot of beating.

"A Winner"—We understand the prizes won at the Scouts Sports are being imported from England and are due shortly, when they will be immediately presented.

"Interested"—Yes, Mr. Jack Tobin, the well known athlete, has undertaken to train the two Linagair boys. We also heard that the older brother is a better runner, but this remains to be proven. Your closing paragraph does not come within the province of "Sportographs" so you don't mind our not publishing it, do you?

### INJURY WILL NOT KEEP ZEV OUT OF PAPYRUS RACE.

New York, (Special).—Sam Hildreth, Hancocks stable trainer, at Belmont park recently refuted published reports that the American 3 year old champion Zev had broken down as the result of his win of the Realization Stakes last Saturday.

It developed that his laborious home coming during the final quarter mile of that classic was the result of Zev's casting the frog off his left forefoot. Hildreth stated that the colt is all right and would be ready to fill the bill if selected to run in the international match race against Papyrus at Belmont park on Oct. 20. Hildreth stated that he would protect the colt against further foot injury by means of an aluminum plate, which will

make it possible for him to go on training. On Sunday Zev favored the foot to no uncertain degree, but Hildreth, who is conceded to be one of the best men in America in the treatment of foot troubles of thoroughbreds, quickly remedied it.

### HOOPER WILL PROBABLY QUIT.

DULUTH, Minn.—Walter M. Hoover who lost the diamond skulls at the Henley regatta on the Thames this summer and the Philadelphia gold challenge cup, emblematic of the world's sculling championships, here recently, is planning to forsake rowing, he said here to-day. Hoover asserted that he had a sore arm, had done little training and was 15 pounds overweight when Gilmore, of Philadelphia, beat him by four lengths here Monday.

"I have no definite plans for my future in the rowing world," said Mr. Hoover. "In my present frame of mind, I am through. One thing is certain, I will never row under the colors of the Duluth Boat Club so long as certain members of the directorate of that club are in power. I received some very shabby treatment from several of them."

### LADY'S CHALLENGE TO VARDON.

When the Prince of Wales went golfing at Le Touquet, he played with Harry Vardon, who is one of the humorists in professional golf, and no doubt he would do much to enliven the round. Harry Vardon laid out the course, and he goes there every spring on a sort of business holiday. During one visit he received a "remarkable" challenge. A lady to whom he had been giving a stroke a hole offered to play him level; if he would use only one club of her choice.

Vardon agreed, and possibly he expected that she would select his putter. That would not have troubled him. To his amazement, however, she handed him a light niblick from her own bag. He was completely taken aback, but at once thought he had made a very bad match. But there was no drawing back, and—well, he went round in under eighty, and won by a handful of holes. But fancy doing Le Touquet in under eighty with a niblick!

### ENGLAND'S HOPES.

(By OLYMPIAN.)  
 The search through England for a heavy-weight boxer who might become champion of the world, which was instigated by British sportsmen in America and conducted by Mr. Tex O'Rourke, resulted, as that gentleman announced at a luncheon the other day, in the finding of five possible hopes.

These are: Henry A. Walker Macrae, a Bristol policeman; Isaac Ingelton, an employee of a Liverpool sugar factory; Basil Price, another Bristol man; William Maurice Prestage, a Birmingham product; and fifthly, and lastly, a burly London policeman whose name had not been divulged at the time of writing this article. Macrae stands 6 ft. 3 ins. in height, weighs 154 lb., and is twenty-two years of age. He is described as being tremendously aggressive, the fiercest natural fighter one has ever seen.

### The Malvern Camp.

Isaac Ingelton was discovered loading bags of sugar, each weighing 200 lb., on to a dray. He has done some boxing, but decided that he would do no more until he had been taught.

Basil Price is the son of the proprietor of the Spa Hotel, Clifton; stands 6 ft. 2½ ins. high, and weighs 15 st. 10 lb.

William Prestage is 6 ft. 3 ins. in height, weighs 14 st., and has a reach of 80 ins.

The London policeman is the son of an architect, is twenty-one years of age, stands 6 ft. 3 ins., and is declared to be a model of an athlete. These five men, who are about to go into a training-camp at Malvern, are to be trained according to American methods, and are to be ready to fight in six months' time.

So much for the men and the money. But the question which forces itself upon my mind is this: Can one find a heavy-weight boxing champion in this way?

I very seriously doubt it. Either a man has the fighting instinct and the force of character and control, in a Ring sense, that go to the making of a boxing champion, or he has not. It might be possible to impart it with suitable instruction, and the right kind of training, but—well, I must confess myself a pessimist where this particular campaign is concerned.

Size Not Everything. Height, weight, and strength are desirable qualities, of course, in the making of a heavyweight champion, but they are not everything. America has produced quite a crop of very big men in the heavyweight division, some of them more than useful; but Jack Dempsey, the holder of the title, is well under the weight of Jess Willard, Carl Morris, and Luis Firpo, for example, and he has a very convincing record.

Pittsblimons was little more than a middleweight. Charlie Mitchell, ditto. The names of other famous boxers who laid low many a giant will come readily to mind. But most of them took to fighting or boxing by freedom of choice. Nobody went out to search for them.
