Dairy Markets.

Of the outlook for cheese, the Montreal Trade Bulletin says: "There is a better feeling in cheese, owing to an improved inquiry for late made goods, and today choice fall western may be quoted at 7 1-4c @ 7 3-4c, the latter figure for fancy colored. There has been considerable trading in under grades, at 51-2c @ 63-4c, and some very fine Quebec August goods have been purchased at 7c, while a lot of 1,000 boxes finest western white sold a day or two ago at 7 1-8c. This purchase, however, could not be repeated today. At recent low prices quite a number of odd lots have been secured. English buyers appear more anxious to invest; but they want September goods, although some have been satisfied with August. There can be little doubt that the fall make will show a considerable shortage as compared with that of last fall."

LONDON CHEESE BOARD. London, Sept. 21.—Four thousand, six hundred, and fifty-nine boxes were boarded today, the product of 38 factories. On 'Change. Special to C. E. Turner, broker, Masonic Temple, from Walker & Co. Chicago, Sept. 23.—Wheat has been very dull but itrm. The trade had expected big iperease in visible. When it only showed one-third of what was expected, there was a scramble among shorts to cover prices, firmed and held we I until near the close, when it backs again. Shimments are high firmed and held we'l until near the close, when it broke again. Shipments are big; Liverpool lower, while continent is higher; outside trade light.

Corn-Opened easy, but quickly firmed on covering by local shorts.

Provisions-Liquidation of October stuff causes weakness in this option, but January and May are strong. Armour was best buyer. Advise buying January ribs.

TO TEST YOUR COFFEE An expert tester gives the following directions for detecting adulterated coffee: Rub a handful of coffee between the fingers. If it hardens or cakes it is adulterated, probably with chicory. Another test is to place a sample of the coffee on the top of a glassful of water. If part of it floats and part sinks it is undoubtedly adulterated. Pure coffee contains an older

the water, or at least does not quickly absorb it.

-Mrs. Jessie Abbott, of Bruce county, came to the city to see the fair and dropped into a Dundas street store where a transient trader named A. W. Myers was selling cheap jewelry. Myers got Mrs. Abbott so deeply interested that she gave her own watch and \$5 for one of Myers' articles. She afterwards learned that it was only worth 25 cents, being composed of cheap metal. Myers was arrested on a charge of fraud, but was liberated on returning Mrs. Abbott's watch and money. It usually pays to buy from established dealers,

ARRESTED FOR THEFT.

When Mrs. Ed. Summers, who lives at the corner of Brick street and the Wharncliffe road, returned from attending service at the brick Street Church yesterday afternoon, she found that some one had entered house by the back door and stolen two gold rings and a gold locket. Mrs. Summers saw two boys in the garden and ordered them away. When she discovered her loss she suspected the boys, but they had disappeared when she went to look for them. High Constable Schram was notified, and Constable Ward went in search of the suspects. Today he arrested Arthur Lordon, a south side youth, on whom all the stolen articles except the locket were found. It is thought the locket was thrown into the Coves. Lordon is an old country boy sent here by immigration agents. He denies that any one else is concerned in the theft.

THE "GYMKHANA." On Wednesday, Oct. 2, the London Hunt Club will give a novel entertainment to their friends at Queen's Park under the somewhat mysterious title "Gymkhana." The word is used by the natives of India to mean "mounted sports," so that however odd the name it certainly is appropriate. The events which have been arranged will be rendered all the more interesting owing to the presence of members of the Hamilton Jockey Club and the Detroit Riding Club, whose active competition place the members of the London Hunt Club on their mettle. The programme includes a half mile flat race, members' and farmers' steeplechases, nomination race, walking race, jumping competition, farmers' flat race, and thread and needle and umbrella race; also an exhibition of hounds in full cry over the steeplechase course, members following in hunting costume.

FOUR FAMOUS TENORS. Never has an opera company traveled through the United States with as complete and perfect a list of great male artists as Chas. H. Pratt has engaged for the Tavary Opera Company this year, which appears at the Grand Sat-urday night next. Chev. Albert L. Guille, the famous French tenor; Payne Clark, the greatest English tenor on the operatic stage; F. Michelena, the idealic and handsome lyric tenor; Max Eugene, the grand English baritone; Signor Abramhoff, the basso profundo, from the Royal Opera House, Berlin, and the Metropolitan, New York; C. Wm. Schuster, the fine-looking basso cantanta—is it any wonder society is all agog to hear and see these great artists from the world of poetry and song. It is hoped Manager Pratt will be able to carry his sextette of artists away with him heartfree from this scene of conquest.

ANOTHER MYSTERY EXPOLDED. This Farmer Did Not Kill His Hired

Seaforth, Ont., Sept. 23 .- A Toronto detective has been at Seaforth for some days investigating a "mystery." The story was circulated that Joseph McKay, a bachelor farmer living near Dublin, between McKillop and Logan townships, had killed a female employe named Davenport and buried her uncoffined remains.

A posse of doctors accompanied the detective to the cemetery, where the remains, which, by the way, were found encased in a coffin, were exhumed. The post mortem showed that the girl had died from natural causes.

In each way company during last week exceeded hospital hundreds of patients are lying that done by the company during the groaning upon the bare ground and suffering for lack of medicine and food, while the filthiness that prevails every-where about is indescribable. the victims of brutality at the hands of subalterns. In many cases the bodies of French soldiers have been dedogs before they could be buried. In a letter to the Minister of War, Gen. Duchene openly admits that the hardships of the march and bad commissary service have sent 3,000 soldiers to the hospital, and that the bad

climate is prostrating the troops.
