EVEN QUIET ROADS
HAVE THEIR DANGERS

Owner of Bran' New Car Receives Billet Doux From County Magistrate.

There's one man of The Advertiser editorial staff to whom troubles never come singly, and who yet withal under the stress and strain of them all seems to be waiting with the patience of Job for still more troubles to test his endurance.

If the stray cat he has tried to befriend refuses to eat the fresh steak he has ordered from the butcher shop, he straightway goes out and annexes a mongrel dog and coaxes it up the back stairway to teach the haughty feline a lesson of gratitude.

Just when the high cost of living was beginning to show signs of abatement, this chronic and irreconcilable martyr to worry and anxiety, put an innocent and unsophisticated ear to a girl auto salesman. Next day gasoline jumped up 10 per cent. Six narrow escapes from serious accidents taught him nothing more than to avoid motoring in the crowded city streets.

He picked a nice quiet road out in Westminster Township for a little spin Sunday afternoon. The next morning a county constable dropped in to hand him a summons for speeding.

KI-Y BOYS TO HOLD
FIELD DAY WEDNESDAY

Program Contains Many Interesting Contests—Long Prize List.

Members of the Kiwanis Club will drive to Sage's farm, where the Ki-Y camp for soldiers' boys is located, on Wednesday afternoon, to attend the field sports, which are the special feature for that day.

The party will arrive about 1:15 in the afternoon, and following the sports will be served with supper at the home of the hostess.

The list of sports for the day is as follows:

1:30—Camp boys' marksmanship contest.
2:30—Races, jumping, etc.; camp boys. Special, Kiwanian father and son race, Kiwanian 12-pound shot put.

2:30—Kiwanian baseball game.
4:30—Swimming races, aquatic stunts.
7—Inter-team games, group competitions.

The races will include the following events: 60-yard dash, 100-yard dash, senior; 220 yards, senior; six potato races, junior; standing broad jump, junior; running broad jump, senior; tent relay race, swimming, junior, senior, and back stroke, senior.

There will be two prizes for each event, except the tent relay race, in which five prizes are offered.

Group Games.
Hand wrestling; rooster fight; circle ball, throw it at man; circle ball, around and catch; shoe and shirt race; peanut relay race; leg wrestling; tennis fight.

Obituary

WITH MILITARY HONORS.
The military funeral of John D. Condy, who died at Byron Sanatorium on Sunday, July 24, was held from the undertaking parlors of George E. Logan & Sons this afternoon at 2:30 o'clock to Mount Pleasant Cemetery. Capt. G. W. Fugless, chaplain of Byron Sanatorium, conducted the services at 2 o'clock. The department of militia and defence supplied the gun carriage, bugler and firing squad. Interment was made in the soldiers' plot at the cemetery.

LOCAL UNEMPLOYED
ANXIOUS TO GO WEST
FOR THE HARVESTING

Special Trains Scheduled For
August 8—Last Year's
Special Rate.

40,000 MEN WANTED

Veterans' Organization Asking
For Free Transportation
For Returned Men.

That the local unemployment situation will be greatly alleviated in the next few days by the departure of dozens for the harvest fields of the great west, is the feeling of local officials. Numerous inquiries have been made recently as to the probable date of the annual harvesters' excursions, and the one-way fare. Up until this morning such was not available. It is now definitely announced for the benefit of many who are desirous of trying their fortunes on the rolling prairies, that the same rate of last season will prevail, that of \$15.

Local railroad agents advanced this information to The Advertiser today, with the additional caution that special trains for the wheat fields will leave Toronto commencing on August 8. Although a storm of protest arose in certain quarters in the west questioning the general report throughout the Dominion that the western provinces would need 40,000 men for the harvest period, and it was claimed that 30,000 was nearer the figure, the local Government representative advises that his official circular dealing with the probable requirement, totals 44,000.

It is explained that this estimate has been reached after careful estimate in each community. Postmasters and such like throughout the entire west, naturally in personal contact with the farmers of their district, have handed in reports which are said to be a fair estimate.

A dispatch from the east intimates that Nova Scotia apparently has been to date excluded from the cut rate excursion trip, thereby arousing much criticism. Tomorrow the Dominion board of the Grand Army of United Veterans are petitioning both the Ontario and the Dominion Governments to extend free transportation to ex-service men of the province who are unable to secure work here and lack funds to take them west. That this plea will meet with scant sympathy is the opinion, however, of local members of that soldiers' body.

It is asserted that no restriction will be placed upon the number electing to take advantage of the cheap rate from this district or anywhere in Ontario, as is said to be the situation in the east.

LONDON MAN CHASED
BY MONTREAL MOB;
THEFT CHARGE LAID

John Callahan Gives His Address As This City.

INTO ARMS OF POLICE

Took the Wrong Street and
Headed Past Police
Station.

[Special to The Advertiser.]

Montreal, July 26.—Lack of knowledge of the geography of the city and of the situation of a police station on Montreal street was the cause of the arrest of John Callahan, who gave his address as London, Ont., when he was being pursued by a mob.

Callahan, who, it is claimed, had just stolen from the counter of a United States currency was being counted. Extending his arm he seized a small pile of bills, and ran into the street with them. He was pursued by the owner of the place, with clerks, and a crowd of pedestrians, who rushed out, and, hearing the shouts of "Stop, thief! Stop thief!" blocked the way, and Constable Dignard placed him under arrest. At the station bank notes were found in Callahan's possession, and a charge of theft will be placed against him.

MONTREAL G. T. R. FIRST
AID TEAM ARE CHAMPIONS

London Team Makes Good Showing in the Recent Exams.

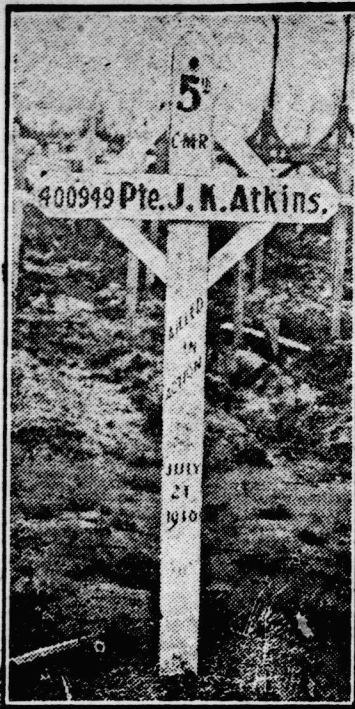

In the examination recently held at different points on the G. T. R., the Montreal show first aid team captured the first aid championship of the G. T. R. System. For the past three years this trophy, known as the Chamberlain trophy, has been held by the Stratford team.

London had one team entered in the competition. It was a new team, but with only a few months' experience, but nevertheless it made a splendid showing in the recent examinations held in the lavatory rooms of the local G. T. R. carshops. No announcement of the marks obtained by the individual teams has been made public yet.

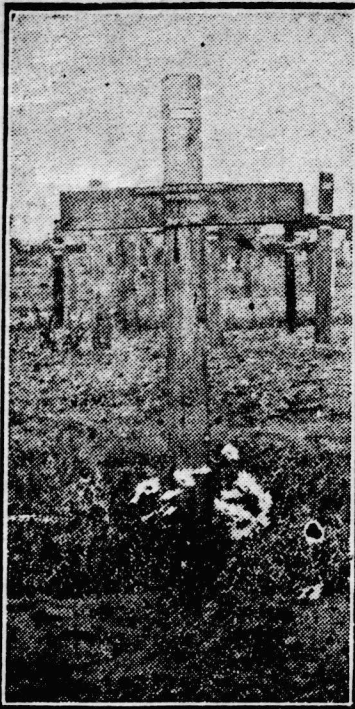

There still remain the Nesbitt trophy representing the championship of Canada, and to be competed for this year, and it is not unlikely that one team at least will be entered from this city.

BECK AWAITS DEPUTATION.
Toronto, July 26.—No appointment has been made by Sir Adam Beck to receive any deputation of the labor organizations representing the men working on the Chippewa Canal, regarding a reduction of wages, it was stated this morning. "We haven't heard from the men yet," Sir Adam said at noon. "We haven't done anything yet about the wages. We simply told the men that the standard rates of wages prevailing in the Niagara peninsula at the present time. But we promised not to do anything before we should confer with their representatives."

WHICH IS RIGHT?

This photo was received from the office of the director of graves registration and inquiries, war office, London, England, some time ago.

supposed to be the grave of the same soldier, this photo was received by his mother recently from the headquarters of the St. Barnabas Hostels, Calais, France.

PICTURES OF SON'S
GRAVE DIFFER IN
VARIOUS DETAILS

Photos Cause Mother to Question Official Report of Commission.

Are the graves of the Canadian soldiers buried in France kept as carefully as traveling lecturers and other authorities claim? is a question that is tearing at the heart of at least one London mother who gave her son to the Empire, and is not able herself to travel across the ocean to see his grave is tenderly cared for.

Mrs. Atkins of 343 Thames street has received two photographs of her son's grave, one sent to her in 1917, and the other more recently. The crosses are entirely different in the two pictures, and in the second photograph the trees which showed in the first one are absent. If the body of Pte. J. K. Atkins of the 4th Canadian Mounted Rifles has been transferred from one cemetery to another, the authorities have not taken the trouble to explain the matter to his mother. Pte. Atkins was his mother's only son. His father, who died after returning from the war lies at rest in Mount Pleasant Cemetery.

The first photograph on the inside of the cover carried the information that the position of the grave is as follows: "Railway Dugouts Burial Ground, Transport Farm, Lillebeck; nearest railway station, Ypres."

In the second photograph a few flowers, which look like a cluster of marguerites, are shown over the grave. His mother prior to receiving the second picture, wrote and asked that flowers be planted on the grave. Between the crosses are vegetable growths which look like weeds.

A pen-written note from the St. Barnabas Hostels, Calais, France, expresses sympathy and adds: "The cemetery is in good condition."

RAILWAY BOARD

and by non-shareholders from \$13 to \$15.

Kenneth Whitehead, who appeared for the company, admitted, after being cross-examined by F. A. Jones and W. F. McGuffin, two subscribers, that at an annual meeting of the company it had been decided to charge the subscribers for new batteries in order to "tide over hard times." Jones charged that after the company had received a letter from the railway board stating that any assessments of this kind must meet with the approval of the board to be legal, that the subscribers were still charged for the batteries.

Serious Charge.
Kenneth Whitehead, in answer to a question, stated that he had not received any money for batteries after the letter was received, but added that the lineman might have sold the batteries and pocketed the money as he has done previously.

"That's a pretty serious charge to make," remarked one member of the board.

Jones stated that if certain funds had been charged up to capital account, as he contends they should have, instead of to maintenance, there would not have been any need for an increase.

REUNITED COUPLE
AGAIN SEPARATED

Victor Savage Is Alleged To Have Disappeared With \$1,500.

Not many days ago, Victor Savage, 553 Richmond street, was bewailing the loss of his wife, who ran away with another man, and was fretting about his disappearance. He had not been seen since early last evening.

George L. Stover, who is proprietor of a lunch counter at Port Stanley, has reported to the detective department that Savage has \$1,500 of his money in his possession. Police say that when they visited Savage's dry cleaning shop on Richmond street, that his wife told them that she thought that the trouble arose from an alleged whiskey deal.

There are two little children in the Savage family, and they are greatly troubled because both their parents have disappeared. They were only a few days during the past two weeks.

Mrs. Savage returned home but a few days ago from Point Edward, where she had been deserted by the man with whom she ran away, her little daughter claimed.

Yesterday Savage was looking for the man with whom she departed, alleging that he has failed to return a \$40 suit of clothes which he took from the store, and that he is at present working in the city.

RAINING IN WEST.

Winnipeg, July 26.—After a night of cool and cloudy weather, a steady down-pour of crop-benefiting rain began to fall in Winnipeg early this morning, and from present indications will likely continue throughout the day. While no reports have been received as yet, the precipitation seems to be general throughout Manitoba, reaching as far west as Moose Jaw.

ST. THOMAS TEACHER
PEEVED AT COMMENT
BY INSPECTOR GREER

Claims Remarks Were an Unwarranted and Malicious Attack On Him.

WILL NOT RETRACT
Inspector Says He Still Maintains 100 Per Cent Classes Not Good Policy.

Following the statement of Public School Inspector V. K. Greer, published in The Advertiser Saturday, where he registered his disapproval of advertising 100 per cent entrance classes, the Times-Journal of St. Thomas says: "Principal John A. Dale of the Myrtle Street School, considers that an unwarranted and malicious attack was made upon him by School Inspector V. K. Greer of London, Ont., when the latter criticized his record of passing 100 per cent of his pupils at entrance examinations for three consecutive years."

"Principal John A. Dale of the Myrtle Street School, considers that an unwarranted and malicious attack was made upon him by School Inspector V. K. Greer of London, Ont., when the latter criticized his record of passing 100 per cent of his pupils at entrance examinations for three consecutive years."

"An inspector should be a man to encourage teachers, not to discourage them," commented Mr. Dale, "and besides, if to pass 100 per cent of his class is not to be the aim of every teacher, then what should be his aim?"

"The only interpretation that I can put upon Mr. Greer's remarks is that he wishes to intimidate that the entrance classes are especially picked. This, of course, is absurd. Any pupil who has fulfilled the requirements of the lower classes has the opportunity of trying the entrance examinations, so that my classes are composed of pupils just as they come."

"Inspector Greer, Mr. Dale maintained, was in no position to know the facts of the case in the first place, and, besides, acting entirely outside his province when he undertook to criticize examination results in neighboring inspectorates."

Nothing to Say.
When shown the article by an Advertiser reporter this morning, Inspector Greer stated he had no quarrel to pick with Mr. Dale, and had no answer for him in the spirit that he has assumed. In fact, he merely mentioned his name in connection with the article in the Toronto Globe advertising 100 per cent entrance classes.

"His comments do not bother me at all. My attack was not malicious, as stated in the St. Thomas paper. Anything which I said was not in the spirit of battle. I still maintain that it is not good policy to aim for 100 per cent results in examinations. I did not make any statement in the spirit of arousing Principal Dale. I have nothing further to say."
