Ald. Shaw, in a manly way, championed the cause of Mr. Cunningham, who was absent. The chairman of the Board of Works did not think Ald. Gowanlock had proved carelessness or incompetency on the part of anyone. The charges had been exaggerated by men who had been disappointed in getting employment from the city, and Ald. Gowanlock had been induced to take them up and bring them before the council.

Ald Gowanlock: "I made the charges on what I saw with my own eyes."

Ald. Shaw, continuing: "It is very unfair, and it is not honest, to keep Mr. Cunningham on probation any longer." "I have always found the city officials a fair-minded lot of men and I do not think they are treated fairly at all times," said the alderman as he sat down.

This, in all probability, will be the last of the Gowanlock-Cunningham charges, and the records will be buried in the archives of the City Hall.

There was a fair attendance of Young Britons and their friends, who marched to the hall headed by a fife and drum band from Lesleville.

The speaker's remarks were a repetition of his sentiments expressed at various times in the Queen's Park. The applause that greeted his denunciations were deafening. In connection with the coming convention he said that Protestants should rise and protest against the city granting such an organization a sum of money to be used, as he stafed, in exterminating Protestantism.

Rev. Mr. Demili then addressed the audience on the college which he has established in the city for the education of the daughters of Protestants in order to keep them from being placed in convents or other Roman Catholic institutions. Votes of thanks were tendered to "Jumbo." Mr. Demili and the chairman, and a resolution was passed, to be presented to the City Council, "that this meeting disapproves of the action of the city in granting any money to the coming convention of the Knights of St. John."

Before the meeting dispersed Mr. Campbell, as advertised, distributed 500 "pancake gods," which, he stated, Roman Catholics worshipped.

Under the protection of the band and its followers "Jumbo" was secorted to his hone, from the steps of which he thanked the people for their patronage. Then eastward the Young Britons trudged to the City Hall.

But these itinerant dealers who hawk their wares about are, when under proper restrictions, a useful portion of the community, and not such nuisances as the catarrh hawkers. This is a stubborn disease to conquer, but Dr. Sage's Catarrh Remedy does it. It is mild soothing and antiseptic like snuffs that irritate, or solutions that burn. It corrects offensive breath, and restores taste, smell and hearing. Nasal catarrh often ends in consumption. Apply the only cure in time. Price 50 cents, by all druggists.

MR. H. M. LOCKWOOD. Mr. Lockwood writes as follows: "I was terribly afflicted with boils, having no less than 53 in eight months, during that time I tried many remedies without relief, Doctors' medicine did not without relief, Doctors' medicine did not relieve me, in fact I could not get rid of them at all until I began using B.B.B. It completely cured me, and I have not had a boil since taking the first bottle. I write this to induce those afflicted with boils to try B.B.B. and get cured, for I am confident that but for Burdock Blood Bitters I would still have had those to be the boils which shows plainly the terrible boils, which shows plainly the complete blood cleansing properties of this medicine, because everything else that I tried failed. "A friend of mine who also suffered from boils, took one bottle by my advice and thanks to B.B.B. his boils all dis-

As a perfect blood purifier, cleanser and tonic, Burdock Blood Bitters excels all others. In addition to this it has properties not possessed by any other remedy; it regulates the bowels, thus curing constipation; it tones the liver and removes bilibusness; it strengthens the stomach and cures dyspepsia. In a word it regulates, tones and strengthens every organ of the body in a natural and every organ of the body in a natural and effective manner and thus restores perfeet health.

NERVOUS DISEASES

Thousands of people suffer from a variety of nervous disorders, such as Seminal Weakness, Impotency, Lost Maninood, etc., that the old modes of treatment fail to cure. There is a loss of nerve force or power that cannot be restored by any medical treatment, and any doctor who would try to accomplish this by any kind of drugs is practising a dangerous form of charlatanism. Electricity, as applied by the Owen Electric Belt and Suspensory, is the only known force or power that will supply what is lacking, namely, nerve force or power, impart tone and vigor to the organs, and arouse to healthy action the whole nervous system.
