ALERTS vs. MIDGETS

The return game between the Midgets and Alerts was played at the Arena on Monday evening, 7 to 8 o'clock, before a large gathering of hockey fans. The Alerts proved to be the fastest aggregation and defeated the Midgets to the score of 5-1. In the absence of the manager of the Midgets Norman Trenouth handled the game to the satisfaction of the teams.

ALERTS vs. KERWOOD JUNIORS

On Wednesday evening the Alerts played a friendly game of hockey with the Juniors of Kerwood defeating that team by a score 1-0. The Kerwood boys have an open air rink 80x100 ft., lighted by Delco, but the Alerts thought they were members of Shackleton's party when it came to changing skates in zero weather. The Kerwood boys will play return game at the Arena Saturday evening, 7 to 8 p.m. The following is lineup: Alerts—Goal, McNally; r. defence, Cook; left defence, Jackson; centre, Prentis; right wing, Vail; left wing, Rogers.

Kerwood—Goal, Woods; right defence, Johnson; left defence, Chittick; centre, Johnson; right wing, Galbraith; left wing, Moorhouse. Referee—Brush of Kerwood.

WATFORD vs. SARNIA

Thursday, Feb. 9, Watford High School played the first of home and home games with the Sarnia Collegiate to decide the group championship, at Watford. The visitors brought down a fast, heavy team and the local boys, basting all the way, were defeated 6-0. The ice was very soft, making carrying the puck very difficult and here the Sarnia Collegiate used their weight to good advantage.

Final Standing

	W	L	F	A	
Sarnia	2	0	9	0
Watford	0	2	0	9

By virtue of two wins over the Watford High School the local collegiate hockey team is now in possession of the interscholastic championship of their district. Saturday afternoon they added another win to their list when they defeated the Watford team 3-0 in St. Andrews arena, and won the round by 9 goals.

The visiting aggregation played a strong game, showing up to a good advantage against the heavier Sarnia team. The ice was in no way conducive to good hockey as nearly half of the sheet was covered with water. This proved advantageous to the lighter Watford team who were able to get away quicker than their heavier opponents. The ice proved too heavy for Manore and Gabler on defence, while neither managed to score they put an effective barricade in front of Richardson who was not called up to do very much work stopping only two shots.

Eddie Robinson netted Sarnia's first tally 2 minutes after the commencement of play. He played a steady game, but was not so effective as LeBel, who seemed right at home on the water laden ice scoring two points for the Sarnians and whipping in many well placed shots that kept the Watford goalie busy during the whole game.

Sarnia closed the first period with two points to their credit LeBel scoring the second one 7 minutes after Robinson. Steadman in centre for Watford proved to be one of the hardest men to watch as he not only knew how to carry the puck but also how to shoot and check. The second period ran for seven minutes before a tally was made and then LeBel placed the third and last point of the game in the net.

The third period was rather listless as all the players were wet through and tired out from skating on the heavy ice. No points were scored in the third the game ending 3-0 for the localities. Harry Prout handled the bell and kept the two teams playing hockey although there were no manifestations of roughing it from either team. What few penalties were handed out were the result of loafing. The teams lined up as follows:

Watford—Goal, McKercher; defence, McGillicuddy and Trenouth; forwards, J. W. Kinnell and J. Kinnell; centre, Steadman; subs, Harper and Vail.

Sarnia—Goal, Richardson; defence, Manore and Gabler; forwards, LeBel and Ash; centre, Robinson; sub, Jenkins.

Referee—Prout. Score by periods.

First Period. Sarnia—Robinson, 2 min. Sarnia—LeBel, 7 min. Second Period. Sarnia—LeBel, 7 min. Third period—No score.

A fire alarm was rung on Saturday evening about 7.30 when a blaze was discovered in John Rudavsky's garage, Glencoe. It appears Mr. Rudavsky was pouring a couple of gallons of gasoline into the tank of his car, and a lighted lantern near by did what might have been expected. Help arrived quickly and the flames were brought under control before much harm was done. The side curtains and top of the car were burned to the extent of about \$25 and the garage was damaged some. The proprietor lost a part of his clothing, but was saved from being severely burned, by Case Troyer, who plunged him into a snowdrift.
