## AGRICULTURAL.

promise an abundant yield, and the quality unwilling to receive the advice of any other. has never been surpassed. We have heard of no well-authenticated cases of potato dis-larmers? What excuse can a farmer find ease. We lean to the opinion that the few symptoms we have heard of, must have been current improvements of the day? As to of unips in this neighbourhood well worthy the inspection of the curious. Among others we may mention one of about ten acres be-longing to Dr. Peters, at Lancaster—another

of this country-neglected as they have been ent kinds of fodder engaged the attention of -are not generally understood. We find in the New-Brunswick Almanac a statement of country smiles from its improved condition. the amount of produce for the year 1847,\_\_\_\_ This we believe was tolerably correct, being compiled from the returns of Schoolmasters,

Working Farmer we have now the full stinence Society, to Mr. Andrew Horn, ap-varieties of crops without a failure. We pends he following :-varieties of crops without a failure. We have been neither lucky nor unlucky: we have obtained the best results, and simply by Fair Julia lived a temperance maid, And preached its beauties night and morn, adopting the best means. We have no se-crets, nor do we believe any exist which are But still her wicked neighbors said

She broke her pledge and TOOK & HORN. An Englishman's picture of an Englishman. Heywood, a quaint old English poet, in his Challenge for Beauty," pays this tribute to "The thifty Frenchman wears small waist, The Dutch his belly boasteth;

The Englishman is for them all,

And for each fashion coasteth Some love the rough, and some the smooth,

Some great and others small things, But oh, your liquorish Englishman, He loves to deal in all things !

lore the truth is not difficult to be arrived of eleven acres on Mr. McAvity's farm on the Marsh, and about ten acres on Mr. McAvity's farm on Davidson's farm at Little River. Better cultivated or more luxurinat crops could be seen in no country. Several fields of wheat, nearly ripe, may also be seen by early walk-ers, not to be surpassed even in Old England for length of straw, or weight of grain. The importance of the Agricultural interests of this country - mericeted as they have been of the scountry - mericeted as they have been which we believe is a fact, established beyond the regal Lodge is given.) reach of peradventure or gainsaving "An Eng- The illuminations were universal. There with a small sprinkling perhaps of Irish laborers!" every street. On her Majesty's reception at Dublin, the

country smiles from its improved condition. Men of all grades are now engaged in agriculture, and the best talent of the land is active in the good cause. Look for the great men of our nation, and you will find them when absent from public duies, engaged in agricultures. We now only require the efforts of legislators in be-half of agriculture, to insure a state of nation-half of agriculture, to insure a state of nation-half of agriculture, to insure a state of nation-al prosperity such as we have never before

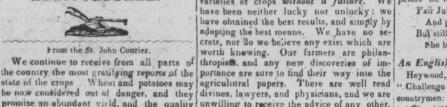

LAW RESPECTING NEWS PAPERS Subscribers who do not give express not tice to the contrary, are considered as wishing to continue their subscriptions: If Subscribers order the discontinuance of their papers, the publisher may continue to send them till all arrearinges are paid. If Subscribers wegies to refuse to take their papers from the office to which they are directed, they are held responsible tiff they have SETTLED TH IS SILLS, and order ed their papers to be discontinued. Il Subscribers remove to other places

[Vol. 16 without informing the publisher, and their paper is sent to the former direction, they are held responsible.

> open space was very prictures dus. In one house a number of fine children with blue sashes round their waisis, and bearing a host of little banners, juned with their tiny voices in the deep shout of the people. The Prince of Wales, whose natural gracefulness Prince of Wales, whose natural graduliness secured him the applause of every woman, acknowledged these marks of respect with much earnestness and vivacius. At the en-trance to Nasseu street, a splendid Gothio trance to Nassau street, a spinnid Could arch extended across the street, from the top of which the royal standard of England float-ed. Upon the crown of the arch was the word "Welcome" in large letters, formed of laurel and oak leaves, and over it a gorge ous harp and crown, with he letters "V. A." at either side: It was one of the been designed and more above superturbs of the tind ever

and most elegant structures of the kind ever witnessed. [Here the description of the cortege passing the various streets to the Vice.
