AYER'S PILLS,
A new and singularly successful remedy for the
cure of all Bilious diseases—Costiveness, Indi-
gestion, Jaundice, Dropsy, Rheumatism, Fevers,
Gout, Hæmorrhoids, Nervousness, Irritability, Inflamma-
tion, Headache, Pains in the Breast, Side, Back,
and Limbs, Female complaints, &c. &c. Indeed,
very few are the diseases in which a Purgative Medi-
cine is not more or less required, and much sick-
ness and suffering might be prevented, if a harm-
less but effectual Cathartic were more freely used.
No person can feel well while a morbid habit of
body prevails; besides it soon generates serious and
often fatal diseases, which might have been avoided
by the timely and judicious use of a good purgative.
This is alike true of Colds, Febrile symptoms, and
Bilious derangements. They all tend to become
chronic, and produce the deep-seated and formidable distem-
pers which lead the bearers all over the land. Hence a
reliable family physician is of the first importance to
the public health, and this Pill has been perfected
with consummate skill to meet that demand. An
extensive trial of its virtues by Physicians, Profes-
sors, and Patients, has shown results surpassing
anything hitherto known of any medicine. Cures
have been effected beyond belief, were they not sub-
stantiated by persons of such exalted position and
character as to forbid the suspicion of untruth.
Among the eminent gentlemen to whom we are
allowed to refer for these facts, are
PAUL VALENTINE MORRIS, the distinguished Sur-
geon of New York City.
DOCT. A. A. HAYES, Practical Chemist of the
Port of Boston, and Geologist for the State of Mas-
sachusetts.
ISA L. MOORE, M. D., an eminent Surgeon and
Physician, of the City of Lowell, who has long used
them in his extensive practice.
H. C. SOUTHWICK, Esq., one of the first mer-
chants in New York City.
C. A. DAVIS, M. D., Sup't and Surgeon of the
United States Marine Hospital, at Chelsea, Mass.

These Pills, the result of
study, are offered to the pub-
most complete which the pres-
science can afford. They are con-
the drugs themselves, but of the in-
only of Vegetable remedies, extracts
process, in a state of purity and combi-
is such a manner as to insure the best res-
system of composition for medicines has been
in the Cherry Pectoral and Pills both, to produce
more efficient remedy than had hitherto been ob-
tained by any process. The reason is perfectly ob-
vious. While by the old mode of composition, ev-
ery medicine is burdened with more or less of ser-
monious and injurious qualities; by this, each in-
dical virtue only that is desired for the curative
effect is present. All the inert and obnoxious qual-
ities of each substance employed are left behind, the
curative virtue only being retained. Hence it is
self-evident the effect should prove as they have
proved more purely remedial, and the Pills a surer,
more powerful antidote to disease than any other
medicine known to the world.
As it is frequently expedient that my medi-
cine should be taken under the counsel of an attend-
ing Physician, and as he could not properly judge of
remedy without knowing its composition, I have
supplied the accurate Formula by which both my
Pectoral and Pills are made to the whole body of
Practitioners in the United States and British Amer-
ican Provinces. If however there should be any
one who has not received them, they will be
promptly forwarded by mail to his address.
Of all the Patent Medicines that are offered, how
few would be taken if their composition was known!
Their life consists in their mystery. I have no
mysteries.
The composition of my preparations is laid open
to all men, and all who are competent to judge on
the subject, freely acknowledge their convictions
of their intrinsic merits. The Cherry Pectoral was
pronounced by scientific men to be a wonderful
medicine before its effects were known. Many em-
inent Physicians have declared the same thing of
my Pills, and even more confidently, and are will-
ing to certify that their anticipations were more
justified by their effects upon trial.

The Hydromagen is a valuable discovery for
protecting the feet from damp or cold, and there-
fore a preventative of many Lung diseases with-
out any depleting operation. The Hydromagen is
in the form of a sole, and worn inside the foot or
shoe. Its medicinal character is a powerful anti-
dote to disease.
For its use it will be found agreeable, warm,
and healthy, to wear in the coldest or rainiest
weather, as the foot cannot become wet if the Hy-
dromagen is inserted. Ladies may wear the light-
est and most comfortable shoes in the most inclement
weather, with impunity; while Consumption, so
prevalent among the young of our country, may
be thwarted by their general adoption. They en-
tirely supersede over-shoes, as the latter cause the
feet to perspire in a very unhealthy manner; and,
insoles, are not dangerous wear to pedestrians in
any weather, like India rubbers. While the latter
cause the feet to appear extremely large, the Hy-
dromagen makes a mere thin slice of cork pro-
