MINARD'S LINIMENT CURES DANDRUFF.

Indigestion Cured

This disease from which so many suffer gives the average physician a great deal of trouble. The best medical men have endorsed PSYCHINE, and recommended it in scores of the most obstinate cases. It has never failed in a single instance to give prompt relief. When directions have been followed, a few doses will remove that tightness and weight on the stomach. Taken regularly it positively cures General Distress, Flatulency, Nervousness, Coated Tongue, Heart Burn and Palpitation. If you have never used PSYCHINE, don't hesitate a moment longer. Try PSYCHINE to-day.

PROOF

Mr. Arthur Tension, 83 London Street, Toronto, says: "For six or seven years I was troubled with indigestion and dyspepsia. Too much acidity of the stomach the doctors said, originated the troubles. I tried scores of remedies without avail. Eventually I used PSYCHINE and this brought immediate relief and cure."

NO HOME SHOULD BE WITHOUT PSYCHINE

It prevents the children taking cold, wards off that terrible malady, La Grippe, and completely fortifies them against diseases. It should always be used for colds, weariness, loss of appetite, bronchitis and weak lungs.

For sale by all druggists and dealers, 50 cents and \$1.00.

FASHION FRIPPERIES.

Turbans at the Back—Gray a Fashion Spring Color.

The latest model in turbans is very high at the back, sloping toward the front, where appears a handsome silver ornament.

Old time pearl gray is a color that is expected to prove very smart in the spring. The long reign of black is said to be nearing its close, but neutral tints are promised great vogue, and one tone is to prevail throughout the costume from hat to shoes, even the handkerchief matching the tint of the gown.

Serge frocks are much in demand for young folks in their teens. Severe neatness characterizes the best sort of dress for girls.

A novelty in sleeves shows the shoulder seam and sleeve cut all in one.

Materials for Summer Frocks—What is New in Parasols.

Imported Irish dress linen of pure flax yarn, dyed and in colors said to be absolutely fast, are to be found in the shops in thirteen different colors besides the natural color, black and white.

Renaissance lace has been restored to favor for parasol tops and is fetching combined with silk in soft blurred floral effects. A star shaped parasol of white crocheted silk is a novelty.

OPEN DART FITTED DRAWERS.

and likewise one of Dresden silk with a deep applique of point de veauise bands.

For those who are not in love with the new square hairpins there is a large tortoise shell circle, either plain or carved, worn just at the paring. At the sides of the circle are small combs that hold the hair in place and keep the filler in position.

Certain shades of gray and purple artistically blended make handsome gowns for reception and afternoon wear.

Dart fitted drawers are in demand just now. This effect provides a comfortable flare at the lower portion with a close fit over the hips. The drawers are cut circular and can be cut off and joined to the frills or extended to full length and finished with hems.

MINARD'S LINIMENT CURES PAIN

Aldermen Astonished

Thirty-three St. John Citizens Out of Thirty-five Are Relieved of Their Taxes.

Members of the civic appeals committee at a meeting held last week, says the St. John Times, were given an insight into the problem that same of the working people of St. John have to face. Thirty-five citizens appeared before the committee and asked for relief from their taxes and it was granted in all but two cases, these two being appeals from alleged over-valuation. It was the opinion of the aldermen that in the case of the other thirty-three the men were really not in a position to pay any taxes.

Two of the stories told will illustrate the conditions that some of these people face. One man in reply to questions put to him, said he earned \$88 a week in summer and \$88 a week in winter.

"What family have you?" he was asked.

"When we sit down to the table there are fourteen of us," he replied. He has been providing for his wife and twelve children and the oldest is a girl of fourteen years.

Another man told of earning \$8.50 a week and providing for a family of ten, himself, his wife, his mother-in-law and seven small children. The chamberlain said he has been informed by one of the constables that he had gone to the man's house a week previous and he had offered him a dollar on account, but he refused to take it. The family were just sitting down to dinner and the man had come in from his work. There was a loaf of bread on the table and the wife was pouring tea, for which there was neither milk nor sugar, nor was there any butter on the table. The man said he had not had any meat in the house for three weeks. One of the aldermen, who was much impressed by this recital, went down the following day and satisfied himself that the conditions were as stated and he ordered ten dollars worth of groceries sent to the house.

The thirty-one other cases in which relief was granted were very similar to these and it was a revelation to aldermen who insist on the poor man paying his taxes.

There is and always has been room for more labor on the Canadian farm and there is and always has been a lack of enterprise. The boy will stay on the farm when the conditions are right. He will stay when his father sends him to an agricultural college and then welcome the knowledge he brings home with him, even if it does not accord with his ideas of husbandry gained by years of experience. A country physician of twenty years, or so of practice, even when he has done his best to keep abreast of the times, can generally learn something from a college graduate. The advance in medicine has been no greater than in the science of husbandry, and a bright boy from an agricultural college knows things which his father may have failed to learn from experience or even the agricultural papers."

THE LAST RESORT

When all else failed, the Doctors said, "try Fruit-a-tives"

And "Fruit-a-tives" cured Mrs. Cadieux

PLANTAGENET, ONT., JANUARY 31st, 1910.

"About March 1st 1909, I was taken deathly sick with Stomach Trouble, Backache and General Breakdown. I failed from 125 pounds down to 80 pounds, was confined to bed for eight weeks, and was unable to eat or keep anything on my stomach, vomiting nearly all the time. I expected to die, and took many remedies as well as employing different physicians. The doctors said they could do nothing for me and, as a last resort, one of the doctors told me "to try Fruit-a-tives"—it would not cure me, nothing would."

MRS. LAURENT CADIEUX

My husband bought "Fruit-a-tives" from Mr. Arthur Koleau, merchant of Plantagenet, and I started taking them at once, and inside of ten days, I was able to leave my bed. My stomach got strong and I could eat and retain my food. I gained rapidly and soon had my usual good health back again, and today I weigh as much as ever, 125 pounds."

MDE. LAURENT CADIEUX.

Even the doctors are recommending "Fruit-a-tives". They realize now that these wonderful fruit juice tablets will positively cure all Stomach Troubles, Indigestion and Dyspepsia—and they are using "Fruit-a-tives" in their practice.

Few people realize the vital importance of keeping their blood pure. Impure blood is the chief cause of Stomach Trouble, because it is from the blood that the stomach obtains the fluid which digests food. When the blood is laden with impurities, the dissolving fluid (or Gastric Juice) will be impure. These impurities may come from a congested liver, from constipated bowels, from an inactive skin, or from all four. Naturally, the ordinary "digestive powders" and "pepsin tablets" will not cure the trouble, because they only help to dissolve the food—they do not go to the seat of the trouble. "Fruit-a-tives" is the greatest remedy ever discovered for all forms of Indigestion, Dyspepsia and other Stomach Disorders, because "Fruit-a-tives" is unequalled as a blood-purifying medicine. "Fruit-a-tives" acts directly on the liver, regulates the bowels, strengthens the kidneys, stimulates the skin, and thus rids the whole system of all impurities. "Fruit-a-tives" will positively cure you of any kind of Indigestion. "Fruit-a-tives" is sold by all dealers at 50c a box, 6 for \$2.50 or trial size, 25c. If you are unable to obtain "Fruit-a-tives" conveniently, do not accept substitutes but send to "Fruit-a-tives" Limited, Ottawa and the regular size packages will be mailed you, postpaid, on receipt of price.

ADVICE FOR "CLEAN UP" WEEK.

(From the Canadian Guardian)
Spring time means house cleaning to most of us, and one of the most potent facts of house cleaning is the surprising amount of rubbish it often reveals. We find a good many things which have reached the stage when they are not worth keeping! They may have been very useful, perhaps indispensable, in the past, but their usefulness is gone, and they are simply "cumberers of the ground," and the wisest thing to do recognize the fact and let them go. It may seem merciless, and to the ultraeconomical housewife it may seem almost a sin, but in the long run it will be found the wisest policy.

NOT MUCH BY THE DAY.

Lady—"What! Thirty-eight cents a dozen for eggs! Why that's more than three cents for one egg."
Grocer—"Well, mum, you must remember that one egg is a whole day's work for one hen."

Mark Twain Typical American

London, April 1.—In their editorials on Mark Twain today the English press dwells as much on the ability of his mind and character as on his pre-eminent qualities as a writer and humorist.

The Daily News remarks that it was only during the last decade that the business of his personality was fully revealed.

Opinions differ as to his exact position in the Valhalla of letters. The Saturday Review says he was irresistibly comic, but not a humorist.

The Spectator on the other hand says the world loses not only an original humorist but also a great humanist, who never wrote a line of which he has cause to be ashamed.

Many of the newspapers concede that he was the most typical American man of letters and the embodiment of the American temperament more so even than Hawthorne or Poe.

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by all dealers.

After Sept. 1st, 1910, There Will Be No More Coupons In My Tea

I'M going to cut out the alphabet coupons that I have been giving away with every pound of Union Blend Tea. I simply cannot afford to continue giving away a premium with Union Blend—not and give the tea quality I want to give. And, after all, it's the tea business—not the premium business—that I'm in. When it comes to a choice of either cutting out the coupons or lowering the quality—well, just as I tell you, the coupons have to go. But I don't want to do anything unfair; I want every household that has coupons, to get them in and get value for them. Therefore, I'm telling you to

Complete Your Alphabet NOW!

GET all your letters together and get them in to me. Whether it's a five dollar or a one dollar prize you're saving for—get your alphabet finished—realize on it.

I want to be perfectly fair in this matter—I'm giving you until Sept. 1st—surely time enough.

I'll admit that this alphabet plan has been a big success; it has been the means of introducing Union Blend into thousands of homes. But I don't believe it has kept Union Blend in a single household, for it couldn't; nothing but tea-quality could make—does make—a woman continue to buy my tea.

And they do continue to buy it—because it's quality is the very best. Therefore, I think you'll understand why I cannot afford to reduce that quality. It's the heart and soul of my business—tea-quality. Sell poorer tea? No, indeed! Am I not right?

Remember I'm giving you right up till 12 o'clock noon on Sept. 1st, 1910. Every complete alphabet received up to that hour on that date will be paid for in full. After that the plan will be dropped.

Get busy—complete YOUR alphabet.
