

HOW YOU CAN INCREASE YOUR ORE VALUES

If your ore concentrates contain iron pyrites, our magnetic Separator will extract the iron, thus making the concentrates much more valuable. Send us a sample of your ore, and we will test some gratis.

We want to send you catalog "H" Ask for it.

Queensland
South Australia
West Australia

THE ELSPASS MILL.

Adopted by the U.S. Government and installed in the
new mint at Denver.

A few reasons why the ELSPASS MILL is displacing
all other crushers :

Practically no slimes ; more lineal feet screen surface
than any other mill ; less horse-power to operate than
any other mill of the same capacity ; cost of erection
very low ; occupies very little space ; will save your free
coarse gold in the mill without the use of mercury ; per-
fect panning motion, die revolving and rollers remaining
stationary ; 30 to 60 tons of ore treated per day ; costs
very little for repairs.

Liberal Discount to Supply Houses.
