FARMERS! USE THE

BONE SUPERPHOSPHATE,

MANUFACTURED BY The Western of Canada Oil Lands and Works Co.

It is the best fertilizer now in use. Read testimonials from parties who used it last year.— LONDON TORONTO, 4th CONGRESS, } January 29, 1873.

GENTLEMEN.—I have pleasure in reporting to you the improvement on my land by using the Bone Superphosphate. I gave it a trial on four acres of clay soil, that was completely run out and impoverished. I used the Bone Superphosphate on one lot, wood ashes on the second, and barayard manure on the third, on young grass. The result was decidedly in favor of the Bone Superphosphate, so much so that I shall take a much larger quantity from you on the coming season. I am yours, &c. CHAS. PRIDDIS. London, Ont., Jan. 21, 1873.

GENTLEMEN.—Having used the Bone Superphosphate manufactured by the Western of Canada Oil Lands and Works Company, I can bear my testimony to its excellence as a good fertilizer. I tried it on grass land, celery, and also on the green-house plants. The result has surpassed my expectation, particularly on the celery plants. I can gladly recommend its use to any that have not already used it. I am, yours obediently, JOHN BARRON, Gardener to the Hon. John Carling. SPRING BANK, WESTMINSTER, } March 13, 1873.

GENTLEMEN.—The ton of Superphosphate I purchased from you last season I applied to grass lands, and was well pleased with its effects, notwithstanding the very dry and unfavorable season. I am convinced of its being a valuable fertilizer. Yours truly, JOHN B. TAYLOR. Lot 5, Cox. B., Gore Road, London, Ont., } March 12, 1873.

GENTLEMEN.—The Bone Superphosphate I purchased from you last spring was used on "Corn." The yield was fully one third more where the Bone Superphosphate was used, and was better in color and quality. I expect to derive equal benefit by using it on my wheat this spring. It is the best artificial manure I have ever seen. I am, yours respectfully, GEORGE PLAXTON. WESTMINSTER, Feb., 1873.

GENTLEMEN.—I have used your Superphosphate on grass lawns and on crown crows, flowers, &c., and found it very beneficial. As a fertilizer, there is no question it is the best known to science. Yours truly, W. Y. BRUNTON. Testimonials from other scientific and practical men will be inserted in next issue.

The Superphosphate is put up in good barrels, containing about 225 pounds each. Price, \$10 per ton. It is also put up in bags containing 50 and 100 pounds each at the same price. No charge for bags or barrels. All orders will receive prompt attention. Address, WESTERN OF CANADA BONE SUPERPHOSPHATE WORKS. v 10-9-1t LONDON, ONT., CANADA.
