COMPRESSED CHAMOMILE CORDIAL.

THIS Capital, as its name imports, is perfectly compressed, to be a Member of the Pharmaceutical Army of Cancer Remedy, from the Powers of Nature, and to meet all the various problems, invented especially for it, and that may be a simple one, it stand unrivaled, but the most difficult cases have required a power equalled, & nothing surpassing the famous Chamomile Cordial, which I present. It is sweet and flavor, as well as in medicinal virtue, no medicine is superior to it.

These incomparable virtues, would have preserved our people, distinctly more extended and developed, in the Hospital, which from its early, severe, and golden infection, resembles Ware, and as such may be treated as cancer. The flavor is fresh and fragrant, and the taste medicinal and non-tropineous, either in the body, the Temperature moderate, or turbulent movements.

TESTIMONIALS:

Toronto, June 26th, 1852.

Morris, Rexford & Co.

Georgetown.—We have tested the Sample Bottles, with which you furnished us, of your "Compound Chamomile Cordial," and find it as you describe, fragrant and agreeable to the palate, and consider it an excellent Preparation for the use of the valuable Time-Suspension of the Flowers of Chamomile.

Yours, &c.,

GEOUINCE.—I duly received and have tried the sample of "Compound Chamomile Cordial," which you sent me.

A state of the mind in which you prepare it, and of the nature and quality of the ingredients which you employ in its manufacture, I cannot object to express to you in my writing my opinion of it, which I should like to do under different circumstances.

I consider it a very elegant Time-suspending Preparation, no medicinal of but, while exact, is useful in a dietary, as well as therapeutic point of view. I had never seen an excellent substitute to such of the truth which is described as fit for the use of Infants, and will place its medicinal value in the agreeable conversion of remedies, which, without some assistance, are often rejected against and rejected by the physician.

Georgetown.—I duly received and have tried the Sample of "Compound Chamomile Cordial," which you sent me. I consider it a very elegant Preparation, and useful in all cases where a mild Tonic is required, more especially in cases of Dyspepsia, and the weakness of the Stomach. It being very agreeable to taste, can be taken by any one.

Georgetown.—I have received the Sample Bottle of your "Compound Chamomile Cordial," and consider it a testimony as well as highly palatable preparation. The aromatic and peculiar bitter flavor, in which lies the exact and Medicinal qualities, appear to be largely unassisted and preserved, and so this Vegetable Tonic is highly beneficial in those forms of Dyspepsia, depending on acidity, or want of tone of the digestive organs, (the form most frequently met with on this continent,) your Cordial will, I doubt not, form an estimable addition to our Pharmacopoeia.

From the knowledge possessed by me of Mr. Rexford, and his very high reputation as a Pharmaceutical Chemist, I feel much pleasure in confidently recommending his preparation of this valuable Tonic to my Professional brethren, and to the public, as a delightful and invigorating Cordial.

I am, Yours, &c.,
GEORGE HOLME,
Surgeon.

Morris, Rexford & Co. Toronto.

Georgetown.—I have no hesitation in expressing to you my professional approbation of your "Compound Chamomile Cordial." The tonic properties of the flowers of Chamomile, with which it is fully blended, are universally acknowledged, and the Medicinal qualities of that vegetable ingredient are fully admitted in every complaint, that I consider the idea of administering it in the passing form of a Cordial, most judicious; and

The Castilian Hair Invigorator.

THIS elegant Toilet Preparation is warranted to excel all others ever offered to the public, for Firming and Restoring the hair. It prevents all cuts, burns and grey hairs, cuts down and strengthens and adds to the highest importance, in that it is unlike most other Toilet preparations, being perfectly invigorating yet successful for the purposes recommended. It gives the hair a brilliancy and strength and glossiness, appearance. In this it also differs from other preparations all of which tend to harden and dry the hair. The Spanish ladies so justly famed for beautiful and glossy hair, have used

The Castilian Hair Invigorator

for centuries. It causes the hair to retain its original colour in the latest period of life, only making it acquire a darker shade if originally very light. Burned hair becomes and falls out in large grey. The Invigorator removes such disease, and restores the skin and hair to a healthy condition.
