

**VENOR ON DECK.**

Since Venor's prediction of cold for this week has proved true his credit is up again in the eyes of the credulous. Therefore his predictions for the months to come are of interest. Paste them in the inner recesses of your hat:—  
A warm wave is likely to occur over a large portion of North America during the month of November, 1881, and again during January and February, 1882.

A frigid wave may be expected towards the close of November and entry of December, 1881.

The winds and storms of March will probably arrive ahead of time, and render the closing days of February exceedingly disagreeable.

The latter part of April and entry of May, 1882, will remind one of winter again, and the spring is likely to be cold and backward generally.

The winter of 1882 is not likely to be characterized by heavy snow falls on this side of the Atlantic.

In Western Canada, and sections south of the lakes, navigation may remain open all the year, or close but for a very brief period.

December, 1881, will be a month of storms in the Lake Region.

The summer of 1882 will be generally unfavorable to agriculture, owing to cold and wet weather.

Western sections will probably suffer more from rains and floods than from thunder storms or cyclones during the summer of 1882.

There will be brief periods of severe cold during the winter of 1882, and longer ones of warmth.

**Destructive Fire.**

NEW YORK, Oct. 10.—The Fourth avenue horse car stables, owned by W. H. Vanderbilt, and occupying a block, were burned this evening. Most of the horses were taken out, but it is thought at least thirty perished. Some say two hundred were burned. The loss is estimated at \$200,000. The flames spread to Morrell's large furniture storage building, across the street, which was destroyed. Some of the finest furniture in the city was stored there, including \$50,000 worth of painting, the property of Vanderbilt, all which were burned. The loss is estimated at \$2,000,000.

A VERY USEFUL KIND OF VARNISH is made known by Leon Vidal, which is excellent for producing imitation of ground glass, and will doubtless be found available for other purposes. The formula is: Sandarac, 13 parts; mastic, 4 parts; ether, 200 parts; benzol, 80 to 100 parts.

SEE TO IT? Zepesa, (from Brazil) will cure the worst case of Dyspepsia. A single dose will relieve in a degree that shows its wonderful curative powers, and its peculiar action upon the Stomach and Digestive Organs. It is a positive and absolute cure for Constipation and Constipation, acting in a remarkable way upon the system, carrying off impurities. As a Liver regulator its actions are most remarkable. It tones and stimulates the Liver to action, it corrects the acids and regulates the bowels. A few doses will surprise you. Sample bottle 10 cts.

**Get back 42 Years.**

"I was troubled for many years with Kidney Complaint, Gravel, etc.; my blood became thin; I was dull and inactive; could hardly crawl about; was an old worn out man all over; could get nothing to help me until I got Hop Bitters, and now I am a boy again. My blood and kidneys are all right, and I am as active as a man of 30, although I am 72, and I have no doubt it will do as well for others of my age. It is worth a trial.—(Father).—Sunday Mercury.

**WANTED**

A SITUATION IN A LUMBER FIRM, as Superintendent of Shanties and Drives; has had twenty years' experience. Good references can be given. Address R. M., 307, Rideau Street, Ottawa. 2124
