some remarks upon the promptitude and enthusiasm with which the recent call upon the volunteers was responded to, and adds the following: - We think with the Globe that the effect of the threatened Fenian raid will be beneficial to the Provinces. We never, since a residence of several years in one of them, sympathized with the belief of some on this side of the line, that the British North American Provinces were ready for annexation to this country. On the contrary, we are of the opinion that the love of the Provincials for the mother country is not surpassed by the allegiance of our own people to the United States Government. We never saw a people who manifested more intense loyalty, and greater pride in their position as a portion of a great nation, and a greater readiness to sustain the honor of their Government. If anything was wanted to complete the proof of their determination to defend and sustain their present status as a Province of the British Empire, it has been furnished in the readiness with which the people of Canada have rallied to the defence of their soil and Ghvernment. The measure of Confederation may at some time be un fait accompli, but we much doubt if the Provincials will readily dissolve their connection with the mother country. It a estimated that one thousand persons were

killed or wounded by the late tornado in Pope and Johnson counties, in Illinois.

If this be so, the North in common prudence should be careful in how far it plays with the Fenian movement; for if the war should break out slavery no longer stands in the way of any foreign belligerent Medicine. acting with the South.

FOLLOW DISEASE TO ITS SOURCES .- Local disease cannot be cured merely by local treatment. For example: No application to the part affected will radically cure the piles. The habit of body, which is the primary cause of the complaint, must be changed. For this purpose, BRISTOL'S SUGAR-COATED PILLS, the finest vegetable alterative ever compounded, is the medicine to be used. Costiveness is almost invariably the immediate cause of this distressing disorder. This condition of the bowels is at once changed by the action of the Pills. Indigestion and morbid action of the liver produce constipation. These, too, are swiftly remedied by this powerful vegetable agent, and the organs toned and regulated to a condition of pefect health. Thus are the symptoms and source of the disease removed together, and it is at an end forever. It is the some with all the complaints which come within the remedial scope of this great alterative, cathartic, and antibilious medi-

They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, BRISTOL'S SARSAPARIL-LA shoul we used in connection with the Pills.

WORDS OF COMFORT TO THE WEAK .- In addition to the ailments common to both sexes woman has special ailments of her own, which demand our sympathy, and should receive relief if possible. Is it possible. In her peculiar trials she needs strengthening and sustaining, and the functional derangements to which she is subject can only be removed by a preparation combining the properties of a tonic and regulating medicine.
