AMONG the many trade journals published in Canada The Monetary Times holds a very high position. Since 1866, when it was first issued, it has been recognized as an authority on all matters relating to the commercial life of the country. It has always had a large circulation amongst all classes of the business community in every part of the Dominion, and no matter what other papers crop up there are very few merchants who will drop The Monetary Times in their favor.

These are well-known facts. Are you an advertiser? If not we solicit respectfully your consideration of the advisability of advertising in these columns. Rates on application.
